Official information has been reserved Official information has been received at this office from the Acting Lighthouse Inspector at New Ortens, La, that during the recent severe storm on that coast (Oct. 3 and 4 1957), the light at Shell Keys, on the S. point of Marsh Island, one of the Shell Keys, was entirely desiroyed. Due public notice of its restablishment will be given.

By order. W. B. SHUBRICK, Chairman, Tresaury Department, Office Lighthouse Board, Washington, D. C., Oct. 14, 1867.

The Norwegian Government has given notice of an alteration having been made since the 15th day of August, 1867, in the Heg Hoim light, Christiania Flord, of which the following is a translation;—
It is made known herewith that the Heg Holm light, for salling into the harbor of Christiania, will from to day exhibit a red light, instead of as hereto-tore a white one.

The reflection seaward is unchanged; in other respects the light will be visible within a range of 180 degrees; thus from inwards, instead of as before only from seawards. By command of their lordships, GEO, HENRY RICHARDS, Hydrographer, Hydrographic Office, Admiralty London, Sept. 20, 1867.
