ISRAEL GOING INTO CAPTIVITY.

From the N. Y. Church Union. The Republican party may or may not be the chosen Israel. We are inclined to think it is. Certainly we have no doubt that as a party the Democratic organization is an Egyptian host. It is equally certain that our Moses is not, just this time at least, Andrew Johnson, though perhaps the Egyptians of the World might not care to have it said he was their Pharoah. Whatever may be the doubts in regard to who is who and what is what, one thing is pretty certain, the Republican party is bound to get terribly whipped at the coming fall election. Perhaps the wise men of the Tribune may not like to have even our feeble voice utter this, but Esekiel Bigelow has said, "Don't never profesy onless ye no."

Now, we know this, that a very large number of so-called loyal men joined the Republican party just to spite the South, and not because they believed in its principles. So long as the sword gleamed they were maddened and staunch, but the sword is in the scabbard. The sick man at Washington is impotent to make a row. If he only had the power, if he could stretch out the wand, as he did little more than a year ago, and the Rebels were foolish enough to obey him. one or two repetitions of the scenes of New Orleans would drive all these haters of the South back into the Republican ranks, and we could elect anybody. But Mr. Johnson has tried that trick too often. and now people won't believe there are any bears. The Republican party is getting rid of the bad element, i. e., that which hates the South and the negro too. Men like Wade Hampton and Pryor are slowly getting to see that the true friends of the South are the radicals. This will be plainer when they have tried the Democratic party once more. This party has been just as treacherous to them as it has been to the nation. It led the South into rebellion, and, save in Vallandigham, and here and there one, it forsook the South the moment it got them into their trouble. Some of the Southern people feel disposed to try them again. Let the trial be had, and nee then if the South does not open its eyes to its true interests. Every settlement that brings the white man top and the negro under only prolongs the conflict. Let both stand. You negroes, cease oringing and crawling, and acting the hypocrite. A little manly independence, which some call saucy in a negro, is what you need. Don't think you were born to serve. Make the white man serve you if you can. You are welcome to the trial. Vote in your black Congressmen. Go on, and take the reins of government now. The white man is more than your match. He has the sulks just now, and won't play. Never mind, keep right on, and don't mind that. White men like to rule. They will come to their milk yet. As to the Republican party, it is of no account. Ten tribes may stray off, and Judah may go into Babylon and captivity. That does not signify. Probably not an officer will be elected on the State ticket in this State General apathy is about. Few, very few, but the hungry and long-starved Demograts have been registered. The vote will be light, and the Republicans will be whipped. And why Because they did not hew Agag, i. e., pun'sh Andrew Johnson and Jefferson Davis. Because they have backed and filled on the good, atern Puritan doctrine of temperance. Be cause the Tribune has counselled impartial instead of universal suffrage. Because truth that is jealous will have consistency, and demands a full radical platform, or none. The radicals are the ones that stayed at home in Ohio and Pennsylvania. They are going to do it again in New York, and from this coming defeat will arise victory sooner than it could be otherwise. Power does not always rest in the office-holder. It is in the opinionmaker. The Republican party will lose its hold on the offices, but the radicals, like Garibaldi, though in chains, will rule; and officials, be they kings, emperors, or cabinet ministers. will be jerked about like dancing jacks. Let the radicals be firm. Wendel! Phillips and Lloyd Garrison were never so strong as when they never voted, yea, were not citizens of a slave republic. Voters don't rule the nation nor the voted for. Those who stand close to

truth will ever wear crowns.

Beath of Mrs. Caroline Hoffman-Suicide of the Husband and Murderer-He Hangs Himself in His Cell.

CANTON, O., Oct. 21 .- Mrs. Caroline Yost, nee Hoffman, the woman who was standed in church that Sunday by her divorced husband, died Saturday last. Hoffman, the morderer, hung himself in his cell last night. He had tried yesterday to kill himself by humping his head against a wall, and his feet had been chained as a precautionary measure, but he managed to burn a hole in a board partition with the stove-poker, and tearing the sheets of his cot into atripe, twisted them into a tope, which he passed through the hole around the side of the partition and around his neck.

tion and around his neck.

The body was standing square on the floor when found this morning, and though his neck was somewhat stretched, it is evident his feet were not entirely clear of the floor, unless he drew them up while hanging himself. His suppenders were twisted into a cord and tied lightly around his neck also; a handkerchief was drawn closely around his head and over was drawn closely around his head and over his wouth, indicating that be attempted to sus-

pend or strangle himself with them. He was left so spended in his cell till this afternoon, when the body was taken down and buried. Citizeus had ree access to the cell all forencon. Some blame is attached to the judge for not seeing the prisoner so as to prevent ble taking bis own life. He has expressed a wish of late that his wife would live, but at first only wanted to bear she was dead and then he would be satisfied.

Captain Robert Lincoln.

A Chicago despatch explains that Captain Robert J. Lincoin, son of the late President, was, in point of fact, called to the bar over a year ago, in place of a few days sinc., as reported. He is now mester of a bandsome pracported. He is now mester of a bandsome practice. He was about two weeks since, admitted to practice in the Supreme Court of the United States, a position rarely reached by one so young, he being scarcely twenty-five. In this contect on it may not be incorpor to say, in order to correct many impressions in regard to Captain Lincoln, that he is one of the most promising young men it the West. He is an intelligent, industrious, quiet, unassuming, courteous gentleman, and enjoys in an eminent degree the personal extern of the people of Chicago. Re-embling his honored father in the modesty of his demeanor, simplicity of his character, generosity of his heart, and strict integrity of his principles, it is impossible not to respect and honor him. The conduct of his mo her is as deep a mystery to him as to all of mother is as deep a mystery to him as to all of her triends, and the only theory he can suggest in her delense is that she is iusane,
