A DEMORALIZED SET OF CORNER-LOUNGERS.—
Sunday night universally is the signal for the gathering of a motiey crowd of young and old cornering of a motiey crowd of young and old cornering gets at Cadwalader and Jefferson streets, who have the passers by, awear terribly, quarret regularly, and, in fact, make the corner almost a Pandemonium, so that the inhabitants are constantly annoyed. The officers of the Tenth District determined last night to break up this throng, but were roundly cursed and told to go away and mind their business. The officers then commenced work, as did the buildes of the crowd, and a light ensued. During this a pistol was fired at the policemen, but without effect; brickbats were handled, clubs were used, and a row of no second-rate commenced. One of the officers was knocked down and badly beaton. At the height of the trouble, one James Burns, sleeping in a house near by, was awakened, came out in his shirt sleeves and commenced, as alleged, to use a billy. More officers coming, the following persons were arrested:—John Mallon Joseph Mc aleary, and John West, who were committed by Alderman Shoemaker in default of \$1.00 cach, and Burns in \$1500.
