A WARNING TO COUNTESPRITERS, AND A TION TO PURCHASERS.-No expense will be spared no legal means of punishing fraud will be neglected. in the effort to prevent the counterfeiting of Hos-TETTER'S STOMACH BITTERS. But scoundrelism. when its cunning and activity are stimulated by the hope of gain, is very legenious and industrious. The men whose despicable business it is to simulate valuable proprietary medicines, and who substitute therefor dangerous or worthless preparations, are proverbially d'flicult to catch. Most of them have many allases, and they flit from State to State with surprising agility, in the hope of evading the clutches of the law. The proprietors of HosfETTER's STO-MACH BITTERS are determined, if possible, to hund them down. Travelling agents are employed for this purpose, and wherever an offender is detected he is prosecuted with the utmost rigor of the law,

No amount of vigilance, however, can prevent the occasional introduction of imitations and counterfeits. The pub ic are therefore CAUTIONED not to purchase any article purporting to be Hostetten's STOMACH BITTERS which is not authent cated by the handsome government stamp, specially engraved for the proprietors, and also by their superb new label with a beautiful vignette, representing the conflict between St. George and the Dragon, at the top and a miniature note of hand, signed Hostetter & Smith

N. B .- The genuine BITTERS are sold in BOTTLES ONLY. All persons who pretend to sell the article by the gallon or barrel, are impostors, and the stuff they offer is a worthless and probably poisonous

Tux other evening one gentleman pointed out a dandified-looking individual to his friend as a sculp' tor. "What!" said his triend, "such a looking chap as that a sculptor? Surely, you must be mistaken,' "He may not be the kind of one you mean," said the informant, "but I know that he 'chiseled' a tailor on of a suit of clothes last week." The way to prevent any "fine-art" practice of that kind is to sell low and or cash, as at Charles Stokes & Co,'s Clothing House under the Continental

RAILROAD

Are now finished and in operation. Sixty miles of track have been laid this spring, and the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of

III .- A GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from \$16,000 to \$48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest but the principal amount may be paid in service rendered by the Company in transporting troops, mails, etc. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV .- A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to ald in building the road, to the same amount as the U. S. Bonds, issued for the same purpose. and no more. THE GOVERNMENT PERMITS the Trustees for the First Mortgage Bondholden to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy Trail and completely supplied with depots, stations, turnouts. car-shops, locomotives, cars, etc.

The Company have abundant means in their tre sury, and make no appeal to the public to purchase their Bonds, as the daily subscriptions are entirely satisfactory; but they submit that, for entire security and liberal returns, there is certainly no better investment in the market,

The Union Pacific Bonds are for \$1000 each, and have coupons attached. They have thirty years to rup, and bear annual interest, payable on the first days of January, and July, at the Company's Office, in the City of New York, at the rate of six per cent. In gold. The Principal is payable in gold at maturity.

At the present rate of Gold, these bonds pay an annual income on their cost of

Bell-A Heavy Robbery-Gathering of the Democratic Delegates. Special Desputch to The Evening Telegraph, NEW YORK, July 1 .- The remains of Admiral Bell and Lieutenant Commanders McKenzia and Reed, arrived in the city this morning. They were taken to the Armory, in Twentyseventh street, at half-past 1 o'clock P. M. today. The remains of Admiral Bell were escorted by the Mayor and military and naval officers to the steamer Mary Powell, which will convey them to Poughkeepsie. Lieutenant

Reed's body will be deposited in St. Mark's

Thus far the Convention delegates who have arrived here are from the remotest parts of the country. The members from the Pacific coast mostly arrived here on Monday. The balance of the Southwestern delegations are expected to be on hand to day. The New York men, whose headquarters are at the St. Nicholas have summoned a meeting to take place at noon, while at the same hour an informal gathering of the Kentucky representatives is announced at the New York Hotel. There can be no doubt so far as a judgment can be formed from the gossip of the Southern delegates, that General Hancock is the favorite with a majority of the Southern men.
