THE FIFTH DISTRICT DEMOCRATIC CONGRESmional Convention. On Monday last the so called Democratic party held a convention at Dovlestown, for the purpose of nominating a Doviestown, for the purpose of hominating a candidate for Congress to represent the Fifth District. The proceedings, like all the conventions of that party, were characterized by disgraceful scenes, a fair proportion of the delegates being of the "rough" order. A correspondent says:—"It was as good as being at the circus, only they did not charge for admission." Hon. Richard Vaux, who was a candidate for nomination, was on the ground early, and was accompanied by his boon companion, Alderman Wm.

The morning train from the city contained the delegates from the Twenty-second Ward, and a number of the friends of the candidates. Although the Convention was not to commence until 2 o'clock, a large crowd had gathered around the Court House at as early an noucas it o'clock. The politicists were at work, each advocating the claums of his particular candi-date, and so hot became the canvass that a free Beht was indulged in. At 2 o'clock the Conven tion was called to order, and, prominent among those having a seat on the floor was Alderman McMullin, atthough he was not a delegate. While the credentials were being handed in. there was a continual uproar, and at several times it was leared that a row would ensue. When the Twenty-second Ward was called, Charles W. Carrgan unswered for a delegate named O'Kane. This was the occasion of cou-aid-rable trouble, but the Chairman baving partially restored order, it was aunounced tont Mr. Carrigan was a substitute for O'Kane. The contested seats were reserved to the city delegation, who retired to the Grand Jary room, and within five minutes, it was evident that they would not harmonize for some time, as hard words were being pretty freely used. Their de-liberations on upied an bour, and returning to the Convention, they submitted a report, which was accep ed.

The body baying determine I to go into nomination, the delegates arose to their feet each shouting a name. The Secretaries managed to understand the names to be Richard Vaux, and Dr. John R. Reading, of the Twenty-third Ward. A hal ot was proceeded with, and the first vote cust was for Mr. Vaux, which was received with a yell. The second was for Dr. Redding, and here there was a scene of indescribable confustop, the delegates standing on the sea's and shouting at the top of their voices. The remainder of the ballot was proceeded with pretty quietly, and on the count being announced it stood as follows:-

CITY DELEGATES. J. R. Redding H. Vaux COUNTY DELEGATES.

B. Redding . . . . R. Vaux Dr. Redding having received the majority of the votes was declared the nominee of the party. The Doctor then made a speech to the delegates, which old not seem to satisfy them. The Con-vention had hardly adjourned when there was a disposition shown by some of the delegates to

raise a fight, and though angry words flowed freely, no blows were struck. The nominee does not suit the Irish portion of the community -they alleging that he was a "Know Nothing."
With reference to the vote of this district, the following table will be found interesting. It represents the vote cast for Congressmen in 1862, 1864, and 1866, and; for Judge of the Su-

preme Court in 1867:-

# An Fagle Kills a Child.

A Tippah county (Miss.) school teacher writes to the Winera Democrat as totto ws:- A sad casualty occurred at my school a few days ago. The eagles have been very trouble-some in the neighb rhood for some time past, carrying off pigs, lambs, etc. No one thought that they would a tempt to prev upon children; but on Thursday, at recess, the little boys were out some distance from the house, playing mar-bles, when their sport was disturbed by a large eagle swooping down and picking up little Jemmie Kerney, a boy of eight years, and fly-ing away with him. The children cried out, and when I got out of the house, the eagle was so high that I could just hear the child scream-The alarm was given, and from screaming and shouting in the air, etc., the eagle was in-duced to drop his victim; but his talons had been buried in him so deeply, and the tall was to great that he was killed; or either would have been fatal.

#### FROM WASHINGTON.

Conspiracy to Defraud the Government. Despatch to the Associated Press.

Washington, Sept. 2 -Some time ago an in-dictment was found in the United States Court at Detroit, against a number of persons now or beretofore engaged as post office blank contractors and agents, charging them with conspiracy to deraud the Government of large sums of money. In this indictment are mentioned the names of W. O. Redding, formerly blank agent at Washington, for Southern States; G. A. Taverner, late of the Sixth Additor's office, whose business it was to pass upon accounts of those within his own jurisdiction; and William Towers, chief clerk of the effice of Superintendent of Public Printing. On the Deputy Marshal for Michigan arrived here, bringing with him a copy of the indictment, and soon thereafter called upon Judge Wylie, of the Supreme Court of the Dis trict of Columbia, and stated the character of his business. Judge Wylie directed Deputy Marshal Philitos, of this District, to arrest Mesars, Redding, Taverner, and Towers. The Judiciary act authorizes the arrest of such parties, the Judge baving the discretion to dismi-s, hold to batl, or send them on for trial. No evidence was produced to indicate the guilt of the parties above named, the indicament alone being exhibited as the ground for the application of a warrant of arrest and the transfer of the accused to Michigan for trial. The parties were held on bail, until yesterday evening, when Judge Wylle heard the case and discharged them, deciding in elect that they could not be tried in Detroit for the offense alleged in the indictment. which charges them with having formed a con-spiracy in the city of Washington to defraud the Government. In other words, they must be tried wishin the jurisdiction where the alleged overt act was committed.

The Charges Against Commissioner Rollins.

Special Despatch to The Evening Telegraph. WASHINGTON, Sept. 2 .- There are no further developments to-day in the matter of the alleged charges against Commissioner Rollins. He does not intend going to New York to appear and answer the charges, but if it is necessary be will be represented by counsel. This morning Mr Rollins had an interview with Secretary McCulloch relative to the matter. The Secretary appears to be entirely ignorant of the plot evident y concocted by the President and Binckley to ruin Mr. Rollins.

No Confidence in Binckley's Charges. Mr. McCulloch says he does not put any confi dence in Mr. Binckley's charges, and pronounces the whole thing "bosh."

The Commissioner and Secretary McCulloch. It seems probable now that no compromise or arrangement will be made between the Comn isstoner of Internal Revenue and the Secretary of the Treasury, relative to the Supervisors. Until the entire list is sent in Rollins will, of course, nominate nothing but Republicans for the balance of the distric s not yet sent in. The best of feeling prevails between the Commissioner and the Secretary, and if no interference comes from the President it is thought the whole thing will be amicably settled.

The Vermont Election. The result of the election in Vermont has taken the Democrats here by surprise. The Republicans were expected to carry the States but the White House politicians expected it would be done by a greatly reduced majority. The Republicans are, of course, elated, and bets are now offered that Maine will give over twenty thousand radical majority on the 14th of this

#### The Next Session.

It is not expected that there will be any session of Congress on the 21st. Senator Morgan and General Schenck will be here about the 16th or 18th to determine the matter.

Pame for President, with fifty Vice-Presidents and ten Secretaries. Considerable debate was indulged in by the delegates as to how the State Central Committee should be selected. It was finally voted that the Committee should consist of fifteen members at large, to be appointed by the chair, and that one from each Congress'onal District should be nominated by the several delegates from the different districts in Convention assembled.

The Committee on Credentials reported two hundred and ninety-five towns, represented by eleven hundred and seventy-six delegates.

A motion of Colonel Green, to the effect that the nominees of 1867 be the nominees of this

Convention, was unanimously adopted. A letter was read from Mr. Stearns declining the nomination as Lieutenant-Governor; and, on motion of J. S. Whitney, Reuben Noble was

unanimously nominated to fill the place. At 12.45 the Convention adjourned to meet again at 2.30. Great cuthusiasm was manifested, and the Cradle was filled to overflowing.
