THE DAILY EVENING TELEGRAPH-PHILADELPHIA, WEDNESDAY, SEPTEMBER 9, 1868.

FROM EUROPE.

By Atlantic Cable.

LONDON, Sept. 8 .- The proposed race between the American yacht Sappho and the English yacht Aline will not occur. Captain Baldwin, of the Sappho, challenged the Ahne to race across the channel from Cover to Cherbourg, France, and return, for a purse of £50. The Aliue is to be laid up for the season, and her owner there-fore declines to enter her for the race.

Telegrams have been received here, announ cing the complete success of the expedition of German gentlemen who went to Asia to make observations on the recent total eclipse of the sun. They chose the best possible place for the observation-namely, Aden, in Arabia-and were supplied with photographic instruments and other scientific apparatus. The despatches state that six photographic views of the eclose were obtained, four of which are perfect.

The Times of this morning bas an editorial on Indian affairs in the United States, and speaks the policy towards the r-d men as one of consideration and forbearance between contending races, but as so costly as not much

longer to be pursued. LONDON, Sept. 8.—The boy Mackey, aged 19 years, was hanged to day at Newgate, within the walls of the prison, for the murder of his officers of the law and a few members of the press. This is the first private execution in London under the new law concerning capital nunishment.

The cabmen's strike continues here, causing great inconvenience to the public. The press strongly denounces the actions of the drivers,

whose proceedings have so far been orderly. Loxbox, Sept. 8.—The *Times* io-day publishes a letter from Mr. Roebuck, M. P., in which that gentleman justices and reaffirms the language used by him in regard to the United States at the Sheffield cutlers' dinner. The Times replies to Mr. Roebuck, and in the

course of its article administers the following rebuke:-"In a public reception given to the representative of the United States, when it was the object of all present to cultivate feelings of good will, it was an injury to both countries for a man in Mr. Roebuck's position to use the language of vehement disparagement. We only hope Mr. Johnson will not fail to notice that the insult has been repudiated by English public opinion with entire unanimity. He can form an idea, however, of the honor in which we hold this country by the prompt recoil from Mr. Roe-

buck's words he everywhere witnesses." Brussels, Sept. 8.—The Dake of Brabant, heir to the Crown of Belgium, is growing worse, and it is feared he cannot live through the night.

MELBOURNE, Australia, Aug. 16, via London, Sept. 8.—The Maori prisoners have escaped, and the natives of New Zealand have again risen in insurrection. The extent of the rising is un-known. Troops are being hurried to the island. BERLIN, Sept. 8.-King William of Prussia, with a large staff of officers, has left this city on a tour of military inspection through the North German States. He srrived to-day at Dresden, where he was received by the King of Saxony, and conducted to the royal palace

FROM WASHINGTON.

The Treasury Department.

WASHINGTON, September 8.-Secretary McCulloch has appointed J. M. Burroughs Assistant Assessor for the Fourth, and Edward G. Har-rison and Joseph Thomas, Assistant Assessors in the Fiith District of Pennsylvania.

The Treasury Department issued to the Commissioners of the Union Pacific Railroad Company 1280 bonds, valued at \$1000 each. These are paid for the completion of the 26th and 27th sections of the roads, commencing at the 720th mile post, and terminating at the 760th mile post west of the initial point at Omaha. The opinion of Solicitor Jordan advised Secretary McCulloch to issue these bonds.

The Proposed September Session.

The concurrent resolution adopted by Con-The concurrent resolution adopted by Con-gress in July, for an adjournment until the third Monday in September, provides that the President of the Senate and Speaker of the House of Representatives shall on that day, unless otherwise ordered by the two Houses, adourn their respective Houses until the first Monday in December, 1868. A quorum of each House is requisite to otherwise order.

The Tobacco Interests.

number of dealers in tobacco York, Philadelphia, Baltimore, and Richmond, have been here, requesting the establishment of bonded tobacco warehouses in those cities. They will be established, but the question now pending is as to their number and location.

From California,

San FRANCISCO, Sept. 3.—Advices from Collina, Mexico today, 15th, have been received. Affairs have greatly improved in that State and in Queretaro. A general depression of business has taken place at Mazatlan, the seaport of Collina, which has become a place of considerable importance since the opposition line of steamers from San Francisco regularly touch there. Many new buildings are being put up and new business ageucies es ablished. Stages from Teple to the City of Mexico will commence running regularly in October next, making the trip in seven days.

Another revolution has broken out in the State of Tamaulipas-Canales, Gomez, Seegas, and Cotonada having pronounced against Governor Garsed. Provisions are scarce in several States, and a famine is threatened. In the State of Guerrero beans are 9c, a pound and com \$2 a bushel.

General Almonte has protested against the confiscation of all his property, part of it belonging to his wife and children. The matter will be investigated. Angel Miramon, believed to be a brother of the Gen-ral executed at Queretaro, has been arrested at Huamantla, aving arrived from Havana without a passport The escorted stages are regularly robbed on the principal high roads, the only department where traveliers are secure being that of Tepic. General Lozado lately issued a occree effectually driving the bandus from his department.

SAN FRANCIECO, Sept. 5.—The Nevada Demo-cratic State Convention met yesterday in Car-son City, and nominated F. Anderson, of Lander county, for Congress; R. H. Taylor and H. P. Clayton for Judges of the Supreme Court. Presidential electors were also nominated.

From Canada.

TORONTO, Sept. 8 .- The express robbery extra dition case was up again this atternoon, and the magistrate promised a decision in Den. Thompcon's case to morrow. Morton and Charles E Thompson were remanded until Thursday. memorial from the distressed people of Red river was presented in the City Council last hight, asking for relief. J. C. Breckinridge and James M. Mason are here.

Ottawa, Sept. 8.-The trial of Whalen was resumed to-day. Constables Jordan and Pennard stated how their attention was first directed to La Croix. They brought him to town and he pointed out the spot where he saw a man shot, and coscribed the particulars of the tragedy. J. La Croix, an ignorant Frenchman, showed he was extremely unwilling or atraid to come for-ward in the matter, but that his first statement of the circumstances connected with the murder closely agreed with his evidence yesterday. Witnesses testified to Whalen's mysterious and suspictous movement in the Paritament House on the night of the morder. J. J. McGee test-fied to Whalen's visit to his brother's house on Monday, January 2, under an assumed name. Buck ley, the messenger of the House, gave evidence tending to shield Whalen. He said he suspected arother man, whom he had seen lurking around the House. It is believed here that Buckley will be arraigned himself. Other witnesses were examined, all of whose testimony,

although circumstantial, points strongly to Whalen as the perpetrator of the crime. The Crown counsel appear to feel satisfied that evidence will be produced to convict Whalen, while his counsel expect to break it down, and they are equally confident that Whalen will be acquitted. There are said to be seven Orangemen on the jury. O'Reilly defends his chal-lenging Roman Catholic jurors, on the ground, as he alleges, of the well known sympathy on the part of many Roman Catholics in this vicinwith Whalen. The refusal of Chief Justice Richards to allow the peremptory challenge of jurors, it is thought by many lawyers here, will present good grounds for an appeal for a new trial.

From New Orleans.

New OBLEANS, Sept. 8.-The House yesterday unseated a member from Orleans parish on the ground of ineligibility, and seated his opponent. To-day the House reconsidered its action in the case, and adopted the majority report of the Election Committee, declaring the Democratic member meligible, and returning the election to the people. This is the first retrograde action on the part of the Legislature noted thus far. The Republican demonstration contemplated for to-morrow has been postponed until the

the taxes. Now the debt which these taxes are to pay, was brought about by the Democrats assisting the Rebellion. The Republican Cou-gress had reduced the taxes over \$80,000,000 since last March, and that saves \$703,000 a year in this District alone. When the manufacturerare thus relieved, it enables them to make labor and wages better for their employees. The speaker then discussed the financial question at some length, and reviewed the course of the

Democratic party during the war, Colonel John W. Forney was the next speaker. He made a lengthy address upon the issues of the day, and argued that the only way to bring peace and prosperity to the country was by the election of the Republican nominees.

During the progress of the meeting the Repub-lican Invincibles, 500 strong, and the campaign clubs of the Sixteenth, Seventeenth and Nineteenth wards, came upon the ground.

THE BOAED OF SCHOOL CONTROL .- This body

resumed its regular meetings yesterday after-noon. President Shippen was in the chair, with a full attendance of the members. A note, in Twenty-seventh Ward, stating that its local board rents five school houses, at a cost annu-ally of \$9455 per annum, with a probability of being obliged to rent two more.

The Twenty-third section complains that out of the late big loan for school purposes it re-ceived only a diminutive slice in the shape of \$14,500, which was expended in the erection of tour little school houses in the rural parts of the district. The section now asks for \$25,000 more to build two school houses-one in Frack ford and one in Tacony. The 17th section desires to rent a lot of

ground on the cast side of Mascher street, above Thompson, 95 by 63 feet in area, for the cree tion of a new school house.

The Directors of the 15th section announced that they proposed to name the new school building on Seventeenth street, above Coates known as the Francisville School-house, the Taaddeus Stevens School-house.

From the 14th section was received a note asking that Councils be memorialized to take up a lot in Wcod street, above Twelith, for a grammar school, to which to remove the Monroe School-house,

The 6th section reported in opposition to selling the New Street School-house, simply because they cannot purchase any more lesirable premises.

A note was received from William J. Horstmann, Esq., President of the German Society, asking the use of at least three public school rooms in the Third, Sixth, and Sixteenth Sec-tions, for the purpose of holding evening schools. The society began by opening one school in which to teach the English language to German adults. The result was that a throng of pupils presented themselves, sufficient to fill three school rooms. In the six months that the schools were open three hundred men and lads availed themselves of the instructions offered.

These, with other communications of no especial interest, were referred to the appropriate committees.

The Committee on Accounts reported bills to the amount, for the past quarter, of \$210 415.87.

CASUALTIES .- The following cases were ad-mitted to the Pennsylvania Hospital yesterday Bernard Glancey, aged ten, at Seventh and Shippen streets; cut in the neck by a stone

thrown at him by another boy. M. Donohue, residing in Abbott's court, fell from the third story of the new Shiffer Hose house, and received painful injuries.

Arne Woodward, aged twenty-two, residing at No. 208 Water street, with a dislocated hip and other injuries, received by falling down the

cellar steps. Philip Ward, aged twenty one, residing at No. 117 Almond street, with his shoulder dislocated by talling from an ice cart.

jured by a spike being run in it. John McCann, aged seventeen, residing in Vaughan street, with his right hand injured by being caught in a cog-wheel at King & Baird's printing establishment. The foreinger was subsequently amputated.
