BEOOR YOU

The Surratt Trial. WASHINGTON, Sept. 16.—Although, as hereto-fore stated in these despatches, subpœnas have

been issued in these despatches, subpensa have been issued in the Surratt case, it is not generally believed about the City Hall that the trial will take place. The District Attorney has expressed himself in such a way as to show that he considers it a helpless task to attempt to convict the accused on the murder indictment, and it is now well settled that they will never go to trial again upon it. The purpose of holding that indictment over the head of the prisoner amnesty proclamation of July 4. That proclamation pardoned all persons for treason or participation in the rebellion, except such as were at date thereof actually under indictment. It will be remembered that when Surratt was tried the first time the petit jory drawn was discharged in consequence of an informality in drawing, and a new panel was summoned. The point was then made by the defense that the grand jury that found the indictment was also illegally drawn. Judge Fisher, the then presiding justice, declined to decide the question, on the ground that the point came too late, and that it should have been made before the trial

North German Union. The Department of State has promulgated the circular letter of the Minister of Justice and the Minister of the Interior respectively of the North German Union. The former, in consideration of the treaty with the United States, in every case where legally valid condemnation for im-migration to the United States exist against specified persons, provides that an official report is to be made to the Minister of Justice respecting the remission of the declared punishment and costs by way of grace, and in order to shorten and simplify the matter these recom-mendations are to be consolidated in a table, if the number of cases is large enough to justify a tabular form of report. The Minister of the Interior, in accordance with the naturalization treaty, says the royal Government is instructed to abstain from recommending trial and punishment, and in general from any kind of prosecut or, whenever the person in question is able to produce the proof that he has become a naturalized citizen of the United States of America, in conformity with the first clause of article one. The proper judicial authorities will be furnished by the Minister of Justice with an instruction in all cases wherever legal sentences of this kind exist, to report officially the remission by way of grace or the declared punishment and costs.

Court of Inquiry. By direction of the President, a Court of Inquiry, consisting of Brevet Major General Silas Casey, retired; Brevet Major General J. M. Brannon, Major 1st Artillery; Brevet Brigadier-General L. H. Pelouze, Assistant Adjutant-General; and Brevet Major R. C. Perry, 42d Infantry, Judge Advocate, Department of the East, Recorder, will convene at the Watertown Arsenal, Massachusetts, on the 21st of September, at noon, or as soon thereafter as practicable, to examine into the nature of and necessity for the arrest of Brevet Major A. R. Butlington and Brevet Captain Phipps, of the Ordnance Department, by Brevet Brigadier-General Kingbury, commanding the Watertown Asseval, as well as nature and extent of the grievances which they allege they were subjected to by

Colonel Marr, the first and only Supervisor as yet appointed, left Washington to-night to enter upon his duties in Missouri and contiguous ter-ritory. The instructions of the Internal Revenue Bureau refer him to the law for his general guidance, while he is required to see the officers within his jurisdiction confine themselves strictly to their business. He is not expected to assist in discovering frauds or interfere with tax collections. He will promptly report upon all matters which demand the attention of the Bureau. As the name of his office implies, he is to supervise the business of officers connected with that branch of the Government.

Naval. The Chief of the Navy Bureau of Provisions and Clothing estimates that the stores lost on the Fredoria will not exceed in value \$125,600. No particular instructions have been given to Rear Admiral Turner as to the disposition of the Wateree. He will make such disposition of the vessel as will best serve the interest of the Government.

From Pittsburg.

PITTSBURG, Sept. 16.—To-day another test of the homogeneous steel botter was made at the Diamond Steel Works, in the presence of Benjamin Crawford, special agent of the United States Treasury Department, and a delegation of Pennsylvania Railway officers. A pressure of 780 pounds to the square inch was obtained, but owing to the starting of rivets and the opening of seams the experiments could not be continued. The steel gives no evidence of breaking, even with several hundred pounds additional pressure to the square inch.

From Canada.

OTTAWA, Sept. 16.—With a view of relieving the starving population of Red river settlement, Government has decided to expend a considera-ble sum in the construction of Fort Garry, and the road to Red river. Workmen are to receive provisions in part payment for wages, and an experienced agent proceeds to Chicago forthwith to procure supplies. Subscriptions are being received in various cities in the province for the relief of the distressed inhabitants in the Red River country.

Billiard Championship. CHICAGO, Sept. 16.—A match for the cham-pionship of America and a stake of \$1000, 1500 points, between Joseph Dion, of Montreal, and John McDevitt, of Chicago, was played to-might at Library Hall. McDevitt, in the ninth inning, made an extraordinary run of 1462, closing the game in his favor before 10 o'clock. The score stood at the close-McDevitt, 1502;

FROM EUROPE BY CABLE.

Landon, Sept. 16 .- The registration of voters for the Parliamentary elections, which commence about the 13th of November, is being prosecuted with great diligence throughout the British isles. At many places women formally demanded that their names be placed upon the list of voters on the ground, that they possessed the property qualification prescribed by the Beform bill. The legal aspect of the question, as well as the extent of the movement, has excited much public interest on the subject.

Over six thousand women claimed the right to
be registered in Manchester alone, and their demands were urged in an able speech before the registering official, by Miss Lyoia Beeker. After an argument on both sides the claim was disallowed.

A similar proceeding took place in other towns, and in some cases the question was re-served for legal decision. A case has finally been brought before the judges at Westminster. and they have overruled the application of women to be registered as voters, on the ground that an amendment to the Reform bill, which was proposed in the House of Commons by Mr. Mill, substituting the word "person" for "man," was rejected, and that by this action the House clearly indicated the intent and purpose

of the bill in this respect.

London, Sept. 16.—It is reported in Paris that the speech of the King of Prussia at Kiel excites no animosity in the French Cabinet, where the words of the King are regarded as having reference merely to events of 1806, and not susceptible of any application to the present state of affairs in Europe. The Moniteur has a trauquilizing leader, in which it reviews the rela-

tions of the great Powers, and considers the situation as calm and peaceful.

1 onnon, Sept. 16.—The importation of hay from the United States will herercafter be allowed only under license from the Privy Council. The prevalence of the cattle disease in various parts of America is the cause of this step on the part of the Government. Paris, Sept. 16.—M. Guizot, the distinguished

historian and author, has an article in the last number of the Kevue des Deux Mondes on the state of Europe. While he has no doubt of the desire of Napoleon for the preservation of the peace of Europe, he urges on him the reduction of the army as the only effective pledge of peace. Berlin, Sept. 16.—Bismark has been ordered

by his physician to England for his health.

Berlin, Sept. 16.—Official journals here concur in declaring a postponement in recruiting by order of the King as a sure pledge of peace. Belgrade, Sept. 16.—Reports have been received of a battle between the Turkish troops and the Bulgarian insurgents near Philippopel. The latter made the attack, but after a desperate fight they were drawn back to the Balkan mountains. The Turkish loss is heavy, over two nundred being reported killed while defending the fort assaulted by the rebels. The loss of the latter is not known.

Kiel, Sept. 16-King William will review the

Prussian fleet here.

From St. Louis. Fr. Louis, Sept. 16.—The steamboat excursion and banquet given to-day by the Grand Commandery of Knights Templar of Missouri to the Grand Encampment of the United States was a very brilliant affair. The steamers Mississippi, Lady Gay, and Belle, of Alton, were engaged and ascended the river five miles, when they turned and sailed past the city with flags flying, bands playing, and cannon roaring, and pro-ceeded to Jefferson Barracks, twelve miles below here, where they landed.

The party went ashore and viewed the officers' quarters, the soldiers' barracks, and other points of interest. Shortly after leaving the city an elegant banquet was spread on each boat. less than 3000 persons, including the ladies, participated, and the entire party, for gatety, genuine good feeling, and enjoyment, was never surpassed. This was the grandest and most successful event of the kind that has ever taken

place here. While steaming back to the city, and when about three miles from the landing, the Mississippi struck a sunken wreck, and knoocked a hole in her bottom. The pumps were immediately set to work, but the water gaining on them quite rapidly, the boat was run on the lilinois shore, and the Lady Gay came alongside and took off her passengers, and conveyed them to the city. No alarm was caused by the disaster and no accident occurred during the transfer of the passengers.

where he will speak to-morrow.

New York, Sept. 16.—The internationa cricket match between the Ali-England Eleven and twenty-two of New York was commenced this morning on the St. George's cricket ground at Hoboken. Notwithstanding threatening weather four thousand persons attended during the day, among whom were a large number of

The game commenced at about 12 o'cleck, by Jupp and Humphreys taking the bat, against twenty-two in the field, Norley and Harry Wright, of the St. George, professionals, bowling, Butterfield and Gibbes following Wright in for a change in bowling, Norley continuing with effect without change at his end of the wicket until time was called, when he had taken 4 of 7 wickets, which had fallen for a

total of 124 runs,
As far as played the batting of the English eleven had decidedly worsted the bowling of the twenty-two, aided by the shortcomings of the twenty-two in their fielding, most of whom had met together for the first time without previous practice. The scores of the eleven were got by undeniable good cricket, and were composed as

Jupp bowled Norley 23, in which was 3 and 6 twos and singles. Humphreys bowled H. Wright 5 singles. Smith bowled Norley for 22, in which were two threes and five twos and ingles. Lilly white bowled by Gibbes for 13, comprised of two threes and twos and singles. Shaw ruu out for a good 16, in which were a five and five twos and singles. Tarrant, leg before wicket, bowled Norley northing. Norley not out for 18, in which were five and four twos and singles. Rowbotham bowled Norley 13, and singles, including a three and four twos and singles, and Freeman, not out, for 9 byes, 1 leg bye, and

From Tennessee.

NASHVILLE, Sept. 16 .- The Banner received by telegraph from Knexville to-day a proclamation from Governor Brownlow. The proclamation declars that there are armed bands of secret conspirators against the State, who have been committing and continue to commit outrages upon defenseless and inoffensive loyal citizens. It recites the act of the Levislature giving him power to call out militia, and says: -"In pursuance of this act I call upon good and loyal patriotic people, white and colored, of every county in the State, to proceed without delay and raise companies of loyal able-bodied men,

and report the same to me at Nashville.

"Whether any of the companies, white or colored, so organized, will be actually called into the field will depend entirely upon the conduct of the people themselves. In several countles I carnestly hope that there will be no occasion to call out these troops, but that the efforts of all good citizens to preserve and maintain the peace, will succeed, and thus obviate the necessity of this stern resort. But if, unhappily, better counsels do not prevail, and order is not restored, and I am compelled to put down armed murderers by force, I purpose to meet them with such numbers and

in such namer as the exigency shall demand. Whatever may be the consequences I will not be deterred from the discharge of my duty herein by threaft of violence from Rebel newspapers, nor by any other means of intimidation."

The Governor adds that he prefers that these troops shall be raised in East Tennessee, and therefore does not limit the number of companies in any county. In reference to the promise of Federal troops to keep the peace he says:—

Should the Department Commander be farmished with sufficient force to keep order, I will n'shed with sufficient force to keep order, I will cheerfully co-operate with bim in that the State Guards may not be called into service.

From Boston.

Boston, Sept. 16. - The annual Salisbury Beach Festival took place to-day at Salasbury. Gene ral Butler was present and adoressed the crowd spoke of the harvest gathered and being gathered at the present time, and considered it a manifestation of Providence in our behalf.

Abundant barves a insured prosperity to the people. He touched briefly upon the subject of taxation, and said we were the best and worst taxed people on earth.

The great debt of the country, which caused this, was something for us to be proud of. It was a constant reminder of the glorious results of civil war. We owed at the close of the war, in various forms about these billions of deliances. in various forms, some three billions of dollars. He spoke of this with pride, because it snowed the resources of credit and strength of the American people, which surpassed the resources of any other country on earth. Countries in which money was in the hands of a few princes and nobles could raise no such sums as we did to carry on war, and our contest had shown us

the power of the aggregation of small sums, He believed that God's providence was manifest in the war, and the Almighty Intended to wipe out every vestige of slavery. In support of this last point he showed that in the South there was nothing left out lands and negroes, and all the fruits of slavery had passed away. It took three billions from the North to free the slaves, which was the amount that section realized from slave labor during its existence. The General was frequently applauded.

Indian Depredations.

FORT WALLACE, Kansas, Sept. 16 .- A report brought to this post at noon to-day states that a party of twenty-five Indians ran off twenty mules from Clark & Co., hay contractors, within halt a mile of Pond City, four miles west of here. They were pursued by the owners and citizens, but were not retaken. At about 12 o'clock Indians were seen making for the Quartermaster's herd, half a mile from this post, out turned back when they discovered that the herd had been driven into the corral. At 2 o'clock some citizens came in, reporting that a band of Indians in sight of Pond City had just stamped of brought to this post at noon to-day states that a Indians in signt of Pond City had just stampeded 1200 head from a herd of 2500 cattle, mules, and horses, which passed here yesterday en route for California. This berd belonged to about 35 Texans, who have their families with them. Captain Carpenter, with a Company of the 10th United States Colored Cavalry, arrived here thus afternoon, and were immediately sent in pur-suit of the Indians taking the Texas berd. A late report states that they were recaptured, after a chase of 15 miles.

From North Carolina. RALEIGH, Sept. 16 .- The Republican mass meeting and barbecue which has been adver-tised for some time came off here to-day. The number of blacks present is supposed about five thousand—some say more. It is said there are about one hundred white delegates or visitors present. Speeches were made by Governor Holden, Governer Hawley, of Connecticut, and others. Governor Hawley was the only stranger present. The blacks are enthusiastic. The crowd will be large and the exhibition gorgeous. Many speeches are expected.

From Buffalo. BUFFALO, Sept. 16.—The Eleventh Annual Convention of the Machinists' and Blacksmiths' International Union of North America com-menced to-day, President O. B. Darly in the chair. The President made an address, in which he recommended the establishment of an intelligence office for the accommodation of employes. The Convention will probably sit three

Libel Suit.

DETROIT, Sept. 16 .- In the libel suit of Emil Annecke, ex-Auditor General of the State, against the Detroit Advertiser and Tribune, laying damages at \$50,000, a verdict of six cents was awarded the plaintiff to-day. He was charged with incompetency as a State officer. The defense pleaded truth in justification.

POLITICAL.-There was a large turnout of the members of the Campaign Club last night at Concert Hall. At 8 o'clock Colonel William B. Mann came forward, and said that we could thank God that we lived in so free and glorious a country, with freedom of fetters, body, and mind. It is true that four or five years ago freedem from fetters was only for those who were fortunate enough to be born free, but now what a spectacle this great country presents— from the lakes to the gulf, from the Atlantic to the Pacific, not a slave exists. It is a fixed fact that the stars on the American banner shall exist for all. Such was the determination of our great leader, Ulysses S. Grant. Even in the darkest hours of the Rebellion, much as he wished for peace, he said, "There should be no peace until slavery is wiped out of existence." Now even the most perverse rebels recognize the fact that slavery is dead. The speaker then alluded to the blessings enjoyed by the people, and the fact that America was a refuge for the oppressed of all nations. Also to the fact that Mr. Roebuck lately asserting that none but the vile and wicked partici-pated in our elections, refuting it as a wicked elander, or else that the gentleman was entirely ignorant of American institutions. He closes by imploring all to rally around the banner of Grant for the whole State and city ticket. As for himself, although much abused, he forgave all if they are only for Grant and Colfax. Fraud must and shall be prevented, and then there is no doubt but what Philadelphia will give 10,000 majority for Tyndale. It was then stated that 1000 torches had been obtained for the use of the club. It was resolved to appoint sixteen general aids, sixteen special aids, and twenty-eight assistant marshals. It was also resolved to appoint a committee to procure ambulances for the wounded soldiers at the Soldiers' Home, many of whom had signified their desire to parade with the club. The chair appointed as the committee Messrs. Freeborn, Leeds, and Butler. The Tenth Ward reported three full companies. Colonel Mann then introduced Colonel Fitz-gerald, who addressed the club. He urged all to co-operate vigorously in the work, as all depended on this great State and city. After some unimportant business the club adjourned to parade on Saturday night next. Third Ward Grant and Colfax Club have a

grand mass meeting, this evening, at Second and Christian streets. A number of clubs will be in attendance, and the triends of Benjamin L. Berry will be out in their strength. -The Twenty-fourth Ward turns out in force for a flag raising and meeting at Forty-first and

Haverford streets, at 8 P. M. The Republican Executive Committee of the Second Ward are making extensive prepara tions for a monsier demonstration, to take place on the evening of the 30th of September, at Fifth and Wastington avenue. It is proposed to make this the crowning meeting of the campaign, and eminest speakers are expected from

all parts of the country.

—Very extensive arrangements are being made by the State Central Coumittee of Soldiers and Sailors to receive the roomrades from abroad on the 1st and 2d of next month. Committee are in receipt of letters from all parts of the loyal States, indicating that quite an army of veterans will assemble here. The transportation for this occasion has been reduced to just one-half the lowest excursion rates ever before offered by the Pennsylvania Railroad, as will be seen by the following letter:-

mously adopted:—

Whereas, The Hon. Leonard Myers, member of Congress from the Third District of Pennsylvania, by his persistent efforts in behalf of the tobacco interest of Philadelphia, secured in the new Internal Revenue bill certain provisions which were of immense advantage to the trade; therefore

Resolved By the Board of Directors of the "Tobacco Trade of Philadelphia." that the thanks of the entire trade are eminently due, and are bereby tendered to the Hon. Leonard Myers for his successful efforts in reducing the tax upon segars from ten dollars to five dollars per 100, thus saving to the trade at large an immense expenditure of money, and securing to the Government more certainty of collecting the revenue, by removing one great temptation to commit traud on the part of dishonest dealers.

LABOR REFORM .- A mass meeting of me banics was held last evening in Broad street, above Chesnut, under the auspices of the Brick layers' Union, to sustain the efforts of the brickayers of New York to secure eight hours as a day's labor.

William B. Eckert presided, and made a speech. Mr. Joseph Hackney was chosen Vice-President, and Theodore Yardly and A. Masterson,

Mr. Willard of the New York Typographical Un'on, No. 6, was introduced. He spoke of the strike of the New York bricklayers, and said that they are only contending for the rights given them by law. The working men only ask for a fair compensation for their labor, but the capitalists don't seem disposed to give it to them. The speaker argued that more work could be done when eight hours are considered a day's labor, than when ten hours are counted as such. Workingmen need more rest. Under the eight hour system he gets the rest required, and is able to spend nore time in enjoyment with his family. He does not lose so much time then. After a reasonable recreation he is able to work much better than he would do after having been worked out on the previous day. The New York bricklayers have inaugurated a movement which is of interest to all laboring men throughout the country, and they deserve the sympa-thies of all classes of workingmen.

Speeches were also made by Thomas Mulca-hey, of Philadelphia; Samuel J. Wallace, of Philadelphia, and John Ennis, of New York. A series of resolutions which had been passed the Workingmen's Union of New and endorsed by the workingmen of Albany and Troy, were read and met with the approval of the meeting. These resolutions thank the Congress of the United States and the Legislature of New York for the passage of the eighthour law; and, also, thank the Bricklayers' Union of New York for the stand they have taken to secure the enforcement of the act.

THE JEWISH NEW YEAR.—The Israelites will celebra'e their "Rosh Ashanah," or New Year, A. M. 5629, to-day and Friday, the 17 h and 18th insts., but the observance of the solemn occasion commenced last evening. The origin of the New Year observance is to be found in the 23d chapter of Leviticus:-And the Lord spake unto Moses saying, in the seventh month, in the first day of the month, shall ye have a Sabbath, a memerial of blowing of trumpets, a holy convocation." The term seventh month is used, because from the time of the departure from Egypt the ecclesiastical year was made to begin at Nissan, to commemorate the month wherein their deliverance had been wrought. Tishri, although thus counted as the seventh month in relipious observances, is nevertheless the nest month of the year, and the assiversary of the creation of the world. The cornets or trumpets which were sounded on the New Year were not those of silver which had been made for use in the Tabernacle, but were made of rame' horns, a memorial of the animal which offered instead of Isaac, when Jehovah tested Abraham's faith, and the anniversary of which event is on the second day of the New Year. The day is also called a day of memorial, because at the close of one year and the commencement of the next all mankind should bring to mind their actions of the past, and after a solemn review of faults and fraitties. cuter, as it were, snew in to a covenant with their Maker, the great King of Kings, Creator and Governor of the whole universe. The New Year also commences the ten days of penitence, the last of which is called "Yom Kipur," Day of Atonement. The services are of the most solemn and impressive character, and even the lukewarm Israelite always unites with his brethren in the faithful observance of the "Day

of Memorial." MILITARY PARADES.—The anniversary pa rade of the Fire Zouaves will take place this afternoon. The line will be formed at Broad and Chesnut streets, at 3 o'clock, after which the battation will move over the following route: -Down Broad to Pine, thence to Twentythird, thence to Gray's Ferry road, where they will halt and by special invitation inspect the Naval Asylum and Museum of Uniforms at the United States Arsenal. After which they will return down Carpenter to Twelfth, thence to Chesnut, thence to Eighth, thence to Vine, and there dismiss.

The Artillery Corps Washington Greys, Colone William C. Ward commanding, have resolved to visit Washington on the 4th of March next, to be present at the inauguration of the new Pre sident, Grant. They will be equipped in their new grey uniform, which is somewhat similar to the uniform now worn by the 7th Regiment of New York. It is probable the trip will be extended to a visit to Mount Vernon and other places of interest in that neighborhood.

THE RACES AT POINT BREEZE PARK .- Yesterday afternoon a large crowd of people, who par ticularly relish a sharp contest on the turf gathered within the palings of Point Breeze Park to witness a trial of speed between the celebrated trotters Mountain Boy and Lady Thorn The race was for a purse of \$2000. The result was as fololws:— Mountain Boy,

Lady Thorn. 2 2 2 Time - 2 241; 2 241; 2 24 The Lady led the Boy in the last heat, but broke just after passing the three-quarter pole, and so came in second best. A second race, for a purse of \$500, between the two fast horses Victor Patchen and Harry Clay, resulted as follows: -Victor Patchen, 1 1 1

Harry Clay, Time-2:441; 2:401; 2:381.

FRANKL N INSTITUTE .- The first regular meeting of the Franklin Institute, after the recess, was held last evening. The report of the Resident Secretary, Professor Morton, was read, in which, among other matters of in-terest, a very full account was given of the uses and dangers of Nitro-Glycerine, and the new form (known as Dynamite), in waich it had been lately aprilied with great success. Dynamite is Nitro-Glycerine absorbed in porous ilica, so as to be solid. Mention was also made of the late injury sustained by the Mt. Cenis Railway; of some important principles in the construction of hydraulic machinery, and in the manufactory of iron lately developed; of the Semen's governor and its remarkable action; the electric loe, and various other novelties of interest in connection with engineering works and new discoveries in science.
