

MUSICAL ITEMS.

A movement is on foot to erect a monument to Mendelssohn in Leipzig, where his most important works were composed, and where he was for many years the musical director at the principal theatre. A number of prominent musicians and musical amateurs are said to have interested themselves in this matter, and it is to be hoped that they will succeed in their endeavors to pay this tribute to the memory of a composer whose fame increases with each succeeding year.

Madame Meyerbeer has been victorious in the lawsuit about her husband's unpublished works, and the unfinished compositions and memoranda of the composer of *Le Roi et le Duc* and *The Huguenots*, in compliance with his wishes, not to be given to the world. — Ole Bull will give his first concert for the season in Boston on the 28th instant. He will make a tour through the States, and we may therefore expect to have him in Philadelphia during the present fall or winter.

—Madame Parepa-Rosa and her operatic company are performing in San Francisco to full houses. The Californians are delighted with Madame Rosa's singing. — The question whether Mapleson will bring his Royal Italian Opera Company to New York seems to be definitely settled in the negative; and those who have worried themselves about the matter may therefore find some other subjects of interest to agitate themselves about. If Mapleson can do without New York, there is very little doubt but that New York can do without Mapleson.

—Miss Kellogg and Max Strakosoff arrived in the Russia on Tuesday. Miss Kellogg has been engaged for four years by Maurice Strakosoff, the manager of Adeline Patil, and it is expected that she will create some what of a *furore* in the United States after recent triumphs in London.

DRAMATIC ITEMS.

—Mr. Fairclough's acting does not suit all the London, as it did not suit any of the American critics. The *Pail Mall Gazette* lets him down rather easy, but says that he is the "slowest and tamest of Hamlets." It, however, admits that there is a certain air of grace and intelligence about his acting. — The Londoners are to lose two of their most popular places of amusement, the Colosseum and the City of London Theatre, which are to be demolished to give place to modern improvements. — *Les Papillons* is the title of a new piece in three acts and five tableaux, which has just been completed in Paris by MM. Darnet and Julien Deschamps.

—At the Boston Museum a dramatization of Edmund Yates' novel of "Black Sheep" will shortly be produced. — On Wednesday evening Schiller's *Don Corio* was performed at the Stadt Theatre, New York, with Mr. Hermann Hendricks in the character of the "Marquis Posa." The performance is highly spoken of by the New York critics. This evening Mr. Hendricks appears in Goethe's play of *Goetz von Berlichingen*. — Wallace's Theatre, New York, will reopen for the season on Friday next, the 23d instant. — *Lerie*, Miss Maggie Mitchell's new piece, which is now being performed at Wood's Museum, New York, will be withdrawn after the present week.

—Frauhen Janaschek and her German company will open at the Academy of Music, New York, on the 6th of October.

HAS THE SUMMER ENFERLED YOU?—Nine out of every ten to whom this question is addressed, if they answer it candidly, will answer it in the affirmative. Some may reply to it from a sick bed; others, of a stronger constitution and greater powers of endurance, may only experience a slight lassitude as the consequence of the torrid season. But some portion of the vitality of human beings eases out of them under the pressure of great and continuous heat, and the sooner the loss is completely repaired, the less susceptible will the system be to the unhealthy influence of the Fall malaria. The most genial and wholesome tonic that has ever been offered to man—as a means of recruiting his exhausted strength, and fortifying him against the attacks of disease—is HOTTETTER'S STOMACH BITTERS. Taken at this season it is a perfect safeguard against intermittent fever, bilious affections, and all the epidemics which follow close upon the expiration of the summer. It is an invigorant and alterative without any of the drawbacks which attach to more stimulant, and is the only preparation of the kind which a conscientious physician would feel inclined to prescribe for ladies in delicate health. Nothing can be more pure, more harmless, more certain to restore the vigor of the system permanently and thoroughly, without exciting the pulse or the brain. **JEWELRY**.—Mr. William W. Cassidy, No. 12 South Second street, has the largest and most attractive assortment of fine jewelry and silverware in the city. Purchasers can rely upon obtaining a real, pure article furnished at a price which cannot be equalled. He also has a large stock of American watches in all varieties and at all prices. A visit to his store is sure to result in pleasure and profit.

BARB, HERR, AND ROOS.—The base of Speer's "Standard Wine Bitters" is his celebrated Wine, in which are Peruvia Bark, Cassia, Florida Water, Sassafras, Black Pepper, etc. It is pleasant to the taste, and far superior to anything in the form of tonics now before the public. They are simply his own Wine made bitter by the infusion of herbs and roots above enumerated. Sold by all druggists. **NEW READY FOR EXAMINATION**.—Customer-made Clothing, cut fashionably. The largest assortment of general Ready-made Clothing in the State, at ... **CHARLES STRICKER & CO.,** ... **No. 231 Chestnut Street.** **THE LATEST PERIODICALS**.—We have received from A. Whittier, No. 124 Chestnut Street, the last numbers of "Temple Bazaar," "Punch," and "Fun." Mr. Whittier's list comprises the latest periodicals, both foreign and domestic.

A PALATIAL STORE.—We are always pleased to chronicle the march of improvement in the erection of fine business edifices, and to-day propose to give a short description of the splendid new building now just being completed for Messrs. Strawbridge & Clothier, at the northwest corner of Eighth and Market streets.

This firm, finding their old store entirely too small for the needs of their constantly-growing business, made during last spring a contract with Messrs. Halderman & Albertson to erect for them a first-class five-story store—one that would accommodate the demands of a large business, and at the same time be a credit to the builders and an improvement to the neighborhood. The conditions of the contract were that possession should be given on June 1, and the building ready for occupancy by September 10. This would seem an impossibility, but the energetic builder more than made good on his promise.

The building is five stories in height, and has a front of nearly one hundred feet, and is built on a down the old buildings. Since then its daily progress has been watched by those who are its citizens, and to-day one of the handsomest and most substantial structures in our city stands at the northwest corner of Eighth and Market streets. The building is five stories in height, and has a front of nearly one hundred feet, and is built on a down the old buildings.

Russia to Strengthen Her Position in Central Asia—The French Troops in Rome—No Demand for their Withdrawal.

By Atlantic Cables. ST. PETERSBURG, Sept. 18.—The Emperor will immediately reinforce the troops in Central Asia. The evacuation of the city of Bokhara by Russia is not confirmed. LONDON, Sept. 18.—Sir John Young, the present Governor-General of New South Wales, and a Fenian Commissioner, has been named for Governor-General of Canada.

FLORENCE, Sept. 18.—Tue, *Nazione* says Prime Minister Meaubea has not asked the French Government for the withdrawal of its troops from Rome, as reported. Such a demand would be entirely unnecessary, as by the provisions of the treaty France was bound to withdraw her troops; besides, the state of Italy at present does not justify the French occupation. FROM WASHINGTON.

Special Despatch to the Evening Telegraph. WASHINGTON, Sept. 18.—Attorney-General Evans returned this morning, and attended the Cabinet meeting to-day. The cabinet has finished one hundred and seventeen meters, which he will proceed to affix to distilleries by the direction of Commissioner Rollins. The price of the different sizes has been fixed by a board of disinterested machinists, so distillers shall not be imposed upon.

Mr. Adams' Letter of Acceptance. Continued from our Fourth Edition. The reconstruction measures of Congress are criticized by Mr. Adams as a vital question. He says:—"I will not argue the unconstitutionality of reconstruction. The slight, unimportant denunciation of the Republicans in Congress to slow it to undergo the scrutiny of the Supreme Court, would seem to confirm the reported statement of the eminent Thaddeus Stevens that only the d—d fools in the party believed the reconstruction acts to be constitutional." "I think neither the Reconstruction nor the delivery of this people will allow any permanent domination of the African race in any State of the Union; but the Republican party is irrevocably pledged to this idea, and they have staked their existence as a party on its truthfulness. To this they have sacrificed their constitutional obligations in the past."

HERRING'S PATENT preserve their contents where there's a chance of other mazers fall! MARQUETTE, Michigan, July 30, 1868. Messrs. Herring & Co.—On the 11th ult., the entire business portion of our town was destroyed by fire. Our safe, which was one of your manufacture, was subject to a severe test. It was a great surprise to us to find the contents legible and in good condition. Orders for new safes have already been sent you, which is the best proof of this most satisfactory test, and of the confidence of the community in your safe. Respectfully yours, WILLIAMSON & SMITH.
