Disraeli has issued an address to his constituents of Buckinghamshire, in which he recites in the usual way the course pursued by the Ministry on the reform act, the national finances, the relations existing between England and foreign Powers, and the triumphant termination of the Abyssinian war.

He comments at length on the reform project, gives its history, and recounts his objections thereto. He holds that the Ministry had the right to expect that the Whigs would wait and learn the temper of the new Parliament on that question before pressing its consideration, but their leaders saw fit to bring before the House of Commons at the very last moment a measure securing the Church and State, for the disestablishing of the Irish Church meant that. It involved also the stirring up of an additional rancor and bitterness in Ireland. It would unsettle property, and make confiscation contagious, and more than all, it would give England over to the Pope, and presently to the rule of foreign Powers.

MADRID, Oct. 4 .- Marshal Serrano, accompanied by seven generals of the army, entered Madrid today in triumph. Great preparations were made for his reception. The streets and buildings, public and private, were superbly decorated, and a large civic and military procession escorted the generals through the city. The procession was followed by a parade of the National Guard. This was a great patriotic display, and was made the occasion of striking manifestations of the popular will. The troops carried side by side with their flags, banners, on which were inscribed "Down with the Bourbons," "Sovereignty of the 'Religious Liberty," "Free Ed People, with others of a similar character.

At the termination of the review Marshal Serrano made a patriotic address to the citizens and soldiers, in the course of which he announced that he had united with General Prim in calling Espartero to the head of the State.

The Earthquakes in Peru and Ecuador. The following correspondence is published by di-

The following correspondence is published by direction of the Secretary of State:

Legation of the United States, Lima, Peru, Sept. 14, 1868.—To the Hon. William H. Seward, Secretary of State of the United States—Sir. In my disparches Nos. 144 and 145, dated the 22d and 28th of August respectively, I gave you a slight account of the terrible earthquake which, on the 13th ultimo, laid desolate a large part of Peru, and now again it is my painful duty to inform you that a large and the most prollife part of the republic of

Ecuador is in ruins, caused by a similar shock at 1.30 on the morning of the 16th of the same month.

The earthquake seems to have had its centre in the province of Imbabura, near the volcano of Ocampo, about sixty miles north of the city of Quito. Eight towns, with the adjoining haciendas and populations, are said to have been destroyed, numbering from forty to fifty-four thousand inhab-itants. The cities of Otavato and Cotacschi, containing respectively about twelve and eight thou-sand inhabitants, and both situated on the shores of the Lake Mojando, are said to have been swallowed up, with their entire populations, and their sites have become a part of the lake. The city of Ibarra, with a population of thirteen thousand, is totally destroyed, only about three thousand of the inhabitants escaping, and the town of Atuntaqui leveled with the earth, burying all the inhabitants in its rules.

Nor is the injury confined to the cities and towns, but all of the haciendas of the province, the richest in Ecuador, growing sugar and grain, and produc-ing large numbers of sheep and cattle, have, as it were, been swept out of existence. Quito did not suffer in the same ratio in the loss of life, but its walls and houses are destroyed. The most of its inhabitants, including the English Charge d'Af-faires, Mr. Hamilton, with his large family, were driven to the open square or plaza in the centre of the city, and he, more fortunate than the others, is now enjoying the great luxury of a tent, while thou-ands of the best citizens are without shelter. To heighten the glooms, despondency and misery of all, the terrific thunder storms of the tropics seem to have redoubled their forces, and have literally

deluged the whole country.

The lesses in Imbabura will cause great suffering in Quito, as nearly all the necessaries of life for that city were drawn from this province. The difficulty of conveying food from Guayaquil will be very great, as the journey requires twelve days severe travel with mules, carrying small burdens, overrugged and precipitous mountains, deep gorges and narrow passes. If relief in some form is not speedily given, many of the sufferers will be com-

and narrow passes. If refler in some form is not speedily given, many of the sufferers will be compelled to reach the seashere or perish. Extracts from private letters and public documents published in the Lima journals (see inclosures Nos. 1, 2 and 3) show the destruction and destitution to which I have referred. Indeed, these shocks have almost ruined the republic of Ecuador.

The mentioned representations have been fully corroborated by the statements of his Excellency Don Antonio Flores, Plempotentiary of Ecuador in Peru. In Peru also, as I have heretofore informed you, proud and rebellious Arequipa is levelled with the dust. Arica swept from the seashere, with but one solitary house remaining, whilst the district and city of Moquegua, with its rich villages, vineyards and haciendas, are but the weeks of things that were. Had the earthquake in Peru taken place at night time, as it did in Ecuador, the loss of life would have exceeded one hundred thousand souls. As it was, that loss in Peru is less, but the loss of property far greater.

Want, hunger and famine in these now unhappy countries are striding through all classes in the midst of the unjuried dead and agencyal parally greater.

want, hunger and lamine in these now unhappy countries are striding through all classes in the midst of the unburied dead, and a general paralyza-tion of thought and action seems to pervade the land. This is no doubt caused by the continuous shocks since, and the great fear of other calamities, and to add to the consternation of the weak, fear-ful and helpless, robbers in some localities are said ful and helpless, robbers in some localities are to be racking and pillaging everything within their

reach.
I take great pride in informing you that Rear
Admiral Thomas Turner, Captain McDougal, ommanders James H. Gillis, James S. Thornton Austin Pendergrast, and the other officers and crews of their commands in our navy, near the scenes of danger, have done all that noble-hearted, brave sailors could do to alleviate the sufferings of ill within their reach.

The generosity of our country in days gone by has leit a record that will never be forgotten. Greece, Poland, Hungary and Ireland, with no greater, if not far less, claims for aid or charity, have found that in the United States there were feeling hearts and open hands for those who deeply suffer. Will not our generous-hearted countrymer add Peru and Ecuador to their noble list? Our go vernment, I know, can do no more than has l done by our navy; but I most earnestly urge and entreat that you appeal to the good men of our country to aid by charity the suffering people of

Peru and Ecuador. Let those who gave bread to starving Ireland re-pent their generosity, and let the Protestant and Catholic now join and vie with each other in showing by their works that the Christian's cre good will and charity towards their fellow-men; and let all others who have a heart that can feel for the sufferings of their fellow-beings aid by sending a mite from their riches to the hungry, starving, naked and desolate people of these two countries. Money, clothing, food, or any other necessaries of life would be bread cast upon the waters; but the supplies, to do good, must come quickly. The people are too much terror-stricken to act with vigor, and the governments of Peru and Ecuador cannot now give the aid the necessities of the people imperatively demand.

POLITICAL .- The citizens of the Eighteenth ward enjoyed an intellectual treat on Saturday evening. The threatening looks of the weather caused the postponement of the Republican mass meeting of the Third district until Monday night; but as Colonel Matthews is to speak at Bedford on Monday, it was determined to give the people a chance to listen to this gifted orator. Several hundred persons were fortunate enough to hear him at the hall at Frank ford road and Girard avenue, while very many crowded the street, unable to obtain standing soom in the hatl.

Hop, Leonard Myers introduced Colonel Matthews in a few appropriate remarks, which were loudly cheered, as a Union man from Maryland, who would picture to them what Union men South had to endure since the war closed, and what might be expected if the new rebellion threatened by Frank Blair were once mangurated

No one of that audience will ever forget the occasion. Colonel Matthews held it spell-hound for an hour and a half, only intercapted by bursts of enthusisstic applause. He told them in many parts of Maryland no gathering of Union men one-tenth as large could be found to address; that judges, State and local officers nearly all rejoiced still in their disloyalty, many of them almost fresh from the Rebel army; that manhood there went for naught unless it was

degraded at the leet of the lost cause.

He then gave a vivid description of the wrongs perpetrated by Southern Democracy, aided by its Northern allies, for many years—the outrages and sacrifice of principle which gave birth to the Republican party—the miserable vaciliation of Buchanan—the open treason of his chief advicers — the glorious mission of Abraham Lincoln—and great achievements of General Grant. His excertation of the Blair family and Heratic Seymour was pointed by wit and sar-case, which seemed to know no limit, but most effective was the eloquent sincerity which marked every word of his utterance. This seems to be larguage of high praise, but such an effort deserves to be chronicled, and its effect in the Fighteenth ward will extend to many who can only learn its inspiration from others. Twelve rousing cheers were given for Colonel Matthews, and twelve more for Hon. Leonard Myers, as the meeting adjourned.

-A large and enthusiastic meeting of the Republicans of Roxborough was held on Saturday evening last at the public house of C. Harmer, on the Ridge road, near the eight mile stone. A large concourse of citizens assembted at an early bour in the evening, but the meeting was not organized until after 8 o'clock, at which time the various Grant and Cottax Ciubs and the "Boys in Blue," headed by a fine band, arrived on the ground. The speakers' stand was beautifully decorated with flags and banners, and notwithstanding the threatening appearance of the weather a large number of ladies were on

the ground. The meeting was called to order by installing Mr. Jacob Fry as Chairman, who, in a few complimentary remarks, introduced his young icllow-townsman, Colonel William M. Runkel. The gentleman was warmly applauded, and commer ced his remarks by saying that he had been indulging in the parade of the "Boys in Blue," and had not expected to be called on for a speech. He then went on and pictured the Democratic party and its leaders, and said that Grant was the man to end the second rebellion headed by tey mour and Frank Blair. He was frequently interrupted by applause. Colonel Runkel was followed by H. G. Jones, Esq. Mr. Jones made quite a lengthy speech and was frequently applauded. C. F. He asked no better argument to combat the theories of Seymour and Blair than those furnished by Jachson and Jefferson. The speaker was listened to with considerable attention and loudly ap-

Dr. William Paine next addressed the meeting, and dealt heavy blows at the Democratic party, and particularly Frank Blair, whom he knew to have been an original Abolitionist, Freesoiler, and Equal-rights man. M. Blyn, Esq., read a note from Judge Kelley, repretting his inability to be present, and the meeting adjourned with three rousing cheers for Grant, Colfax, and the whole ticket.

James Goudy, aged fifteen years, had his arm broken on Saturday by having it caught in

pulley at Bruner's mill, Twenty-second and Hamilton streets. He was taken to his home, No. 404 North Twenty-second street.

An Alleged Deserter Shot. - About o'clock yesterday afternoon, Patrick Dempsey, charged with desertion from the United State army, was shot in the leg by Charles Thompson, a soldier who had been sent to arrest him. Several attempts, it is said, had been made to capture Dempsey within a month, and yester-day Thompson, with two others in the service, went to his house, No. 630 Catharine street. Thompson met Dempsey at the door, while the others waited in an alley to prevent him from escaping through the back way. Dempsey, it is alleged, drew a knife and attempted to stab Thompson, who thereupon fired at him with his revolver three times, the third shot taking effect as Dempsey was escaping across the street. Police officers arrived on the spot and took charge of Thompson, and protected him from violence threatened by a number of persons who had been attracted to the neighborhood, Thompson was taken to the Seventeenth Dis-trict Station, and the wounded man was removed to the Hospital.

CHARGED WITH FRAUDULENT NATURALIZA-TION.—Before Recorder Given, on Saturday Francis Quirn and James Boyle had a hearing on the charge of swearing falsely to obtain naturalization papers for Quinn. It was alleged Quinn bad sworn in Court that he came into the United States in the year 1850, and was under eighteen at that time, and that Boyle had vouched to the truth of that statement. Quinn was examined as a witness before the Recorder, and stated that he arrived here seven years ago, and was born in 1835. The accused were bound over for trial,

INTERPERING WITH THE ASSESSMENTS .- Philip Mitton had a hearing before Alderman Godbot on Saturday, on the charge of interfering with one of the Assessors of the Sixth ward, in the discharge of his duty. He was bound over to:

trial. Thomas Robinson, Jacob Albright, John Weeks, and H. J. Arbuckle had a hearing before Alderman Cabill on Saturoay, charged, on the oatn of Josiah Wood, with tampering with the assessment books of the Eleventh ward, and were bound over for trial.

GENERAL MCCLELLAN, it is expected, will be in this city this week, and preparations are now being made to give him a grand reception. The Young Men's Democratic Association met on Saturday evening for the purpose of forming a regiment to participate in the reception. The uniform agreed upon will consist of red shirt, dark pants, white scarf, and blue navy cap.

STABLE BURNED .- The alarm of fire about 4.30 o'clock yesterday morning was caused by the burning of a stable in Essex street, below Catharine, owned by Mr. Quigley.

-Punch hints that magistrates might give attention to light weight grocers as well as heavy weight prize-fighters.
