A Colored Assailant-More Frauds-A Victors Dog-Larceny of a Watch-A

-Policeman Young, of the Fifth District, last night observed Robert Brown (colored); running along St. Mary street with a pistel in hand, chasing another man of color. He took him in custody, when the desperate individual explained the matter by stating that the fellow he was after had threatened to cut him. He was then taken before Alderman Swift, whe committed him to prison. Stabbing Affray.

-Anthony McKenna was arrested on Saturday, charged with obtaining a naturalization paper fraudulently. Recorder Givin bound him over in \$1000 ball for his appearance this

him over in \$1000 bail for his appearance this afternoon.

—Some three weeks since, an elderly lady residing in the western part of the city was so badly bitten by a dog at Pennsylvania avenue and Taney street, that she has been unable to be about since. On Saturday James Thompson, he alleged owner of the animal, was arrested, and on being given a hearing before Aiderman Pancoast, was held in \$500 bail to answer.

—Margaret Wright is the name of a female who has been bound over by Aiderman Pancoast for the larceny of a watch.

—Last night three young men got into an altercation with a similar number of Italians, at Twelfth and Rodman streets, during which Joseph Cusick, one of the former number, was stabbed in the breast by a dirk. The wound though severe is not dangerous. Two of the Italians were subsequently arrested. They gave the names of Nichola Eirti and Venetio de Paula. The dirk was found in the possession of Eirtl. Alderman Swift neld them for a further hearing.

EXTENSIVE FIRE.

A Spoke Factory Destroyed-Loss About \$60,000.

About 3 o'clock this morning smoke was discovered issuing from the basement of the extensive building known as the Union Spoke Factory, situated on the southwestern corner of Front and Canal streets, in the Sixteenth Ward. An alarm was soon given, and prior to the arrival of the firemen, the windows were forced open, and a draft thus being created the flames spread with lightning rapidity, and in a few moments the whole lower portion of the structure was in a blaze. They communicated to the saw-bit, which being filled with light lumber was destroyed.

to the saw-bit, which being interwise right lumber was destroyed.

The fire then spread to the main building, in which there were many thousand dollars' worth of material, which was soon enveloped, and within an hour the whole place was in ruins. Adjoining, on the south, there was a frame one-story shed filled with lumber; this was also destroyed.

ruins. Adjoining, on the south, there was a frame one-story shed filled with lumber; this was also destroyed.

The firemen, on their arrival, finding that it was useless to pay any attention to the main structure, devoted their time to the frame sheds in the rear, which were stored full of iumber, and which they succeeded in saving. The building consisted of a two-story brick, with a third-story frame, and was about forty feet front by one hundred feet deep. It belonged to the Negley estate, and was value 1 at about \$8000, which it is beleved is covered by insurance. The building was occupied conjointly by John G. Davis & Son, manufacturers of spokes, of which there were about 150,000 on hand in the process of manufacture; Washingington Fitler, menufacturer of hubs, of which there were about 50,000 in the place; and B. F. Miller, fellos maker. They estimate their loss at over \$50,000, which is insured for about \$25,000 in New York, New England, and Baltimore companies. The fire originated in the basement among a lot of shavings, which were in the immediate vicinity of the bollers. The Fire Marshal is engaged in investigating the matter.

Political.—The State House pavement was crowded this morning with politicians, canvassing the result of to-morrow. The Democracy were particularly out in force, and all seem jubilant over the victory which they assume is certain. They have no hesitation in announcing the slate as already fixed up in the event of Mr. Fox's election to the Mavoralty, which will be as follows:—Alderman William McMullin, sitting magistrate at the Central Station. William Nuti, formerly a Lieutenant under Mayor Vaux, Chief of Police, and Terrence McCusker, ex-Chief Engineer of the Fire Department, Fire Marshal. All that is necessary to complete this array of talent is the appointment of Sam Carson as Chief Clerk to his Honor the Mayor.

Honse Robberges.—On Saturday, at noon.

House Robberies .- On Saturday, at noon House Robbergs.—On Saturday, at noons the house of Mr. Kelly, No. 323 South Seven teenth street, was entered and robbed of thirty dollars in money, and a silver watch. About the same time the residence of Mr. Perry, No. 329 South Seventeenth street, was robbed of \$50 in money, and a gold ring valued at \$15. An entrance into both houses was effected through the tree doors and an empty house in the the trap doors, and an empty house in the same row was used as the means of getting on

THE SHERIFF'S POSSE .- Some idea of the THE SHERIFF'S POSSE.—Some idea of the number of deputies which have been or are to be sworn in by Sheriff Lyle for service at the polls to-morrow, may be formed when we state that a contract for two thousand "locusts" has been made with a certain manufacturer in the upper part of the city. The prevailing opinion is that the Sheriff will disregard the opinion of Attorney-General Brewster, the highest law officers of the Commonwealth. fficer of the Commonwealth.

FATAL RAILROAD CASUALTY .- William Shul-FATAL KAILROAD CASUALTY.—William Shulter, who has been in this country about nine weeks and is a laborer in the employ of the Reading Railroad Company, was run over yesterday afternoon by a train of cars, and instantly killed. He attempted to jump on the cars, and losing his hold, fell under the train, the wheels passing over the lower part of his body, completely severing the legs from the trunk.

CONTINUED.—The case of H. R. Coggshall, S. M. Hoecker, and M. K. Pearce, who were arrested last week, on the oath of James A. Watson' the professional voucher in the Supreme Court, charged with conspiracy in defeating the election laws, was called up this morning before Recorder Given, and on account of the absence of the District Attorney was postponed until this afternoon at 3 o'clock.

THE HAHNEMANN MEDICAL COLLEGE, -At noon to-day Professor A. R. Thomas, M. D., delivered the introductory lecture to the regular course, before the students of the Hahnemann Medical College.

FIRST MORTCACE BONDS

# UNION PACIFIC

RAILROAD CO.

850 Miles Completed.

A limited amount of the First Mortgage Bondsof the Union Pacific Ratirond Company are offered to the public, as one of the eafest and most profitable investments.

1. Ti ey are a first mortgage upon the lengest and most important railroad in the country.

2. By law they can be issued to the Company only as the road is completed, so that they always represent a real vaiue. 5. Their smount is limited by act of Congress to

First Million Dollars on the entire Pacific line, or an average of less than \$30,000 per mile. 4. Hon, E. P. Morgan, of the United States Senate and Hop. Oakes Ames, of the United States House of Representatives, are the trustees for the congholders.

to see that all their interests are protected. a Five Government Directors, appointed by the President of the United States, are responsible to the country for the management of its affairs

6, Three United States Commissioners must certify that the road is well built and equipped, and in all respects a first-class rails ay, before any bonds can be issued upon it. 7. The United States Government lends the Com

pany its own bonds to the same amount that the Company issues, for which it takes a second mortgage s. As additional aid, it makes an absolute donation of 12 see acres of land to the mile, lying upon each side

of the road. 9. The Bords pay SIX PER CENT. IN GOLD, and the principal is also payaote in gold. 10. The earnings from the local or way business

were over FOUR MILLION DOLLARS last year, which siter paying operating expenses, was much more than sufficient to pay the interest. These earnings will be vastly increased on the completion of the entire line in 186% 11. No political action can reduce the rate of inte-

rest. It must remain for thirty years, six per cent. per annum in gold, now equal to between eight and nine per cent. In currency. The principal is then payable in gold. If a bond, with such guarantees, were issued by the Government, its market price would not be less than from twenty to twenty-five per cent. premium. As these tonds are issued under Government authority and supervision, upon what is very largely a Government work, they must ultimatery approach Government prices. No other corporate bonds are made so secure.

12. The issue will soon be exhausted. The sales have sometimes been haif a million a day, and nearly twenty millions have already been soid. About ten millions more may be offered. It is not improbable that at some time not far distant, all the remainder of the bonds the Company can issue will be taken by some combination of capitalists and withdrawn from the market, except at a large advance. The long time, the high gold interest, and the perfect security, must make these bonds very valuable for export.

All the predictions which the officers of the Company have made in relation to the progress and business su ccess of their enterprise, or the value and advance in the price of their securities, have been more than confirmed, and they therefore suggest that parti es who desire to in vest in their bonds will find it to their advantage to do so at once. NATURALIZATION. DUTIES OF ELECTION OFFICERS. Frank J. Nagle, Esq., Judge of Election, Seventh Precinct, Fifth Ward,

DEAR SIE:-We have considered the inquiries you put to us, and have to say in answer, that in our epinion:-

First. The seal of a proper court of record attached to a certificate of naturalization, and attested by the Prothonotary or his deputy, proves itself, and cannot be disregarded by an officer of election without incurring the risk both of civil penalties or damages for the wrongful act-to be recovered, if sued for, by the citizen injured, and also a liability to indictment for an offense against the criminal law.I Second. That an election officer has no right

whatever to reject a certificate because, in his judgment, the court which issued it erred in judgment, or was guilty of any irregularity, or other error of what nature seever, whether of substance or of form; and that any election officer who, for any such reason, rejects a certificate of naturalization, is amenable both to the civil and criminal law, for any such of-Third. That election officers are privileged

from arrest during the period occupied by the discharge of their official duties on election day, except they commit treason, felony, or a breach of the public peace, but that this privilege is confined to the day of election, and confers no immunity whatever from subsequent prosecution for any offense they may have committed on that day. Respectfully yours,

October 10, 1868. TO LOYAL IRISH AMERICANS.

Among the wise laws of the wise Socrates we find a complaint as apulicable at the present time as it was then, to wit.—That though no one undertakes a trade even the meanest, yet all think themselves qualified for the hardest of all trades—government,—Ya man must serve his time to every trade,—Save polity. Politicians at are ready made.

Now, my countymen, there can be go solid basts of liberty but the virtues of intelligence of the people, and it matters not shether it be a republican or monsrehical form of government that may exist, an intelligent people exercise and control their rulers. Both in law and in fact sovereign ty reades in them. You, as part of the American people, possessed of as much intelligence as others, who exercise the same rights are called on to assist by your votes to place loyal men in the various positions that are to be filled. The coming election will decide the fate of this country for generations, and the cause of liberty will be either advanced or retarded by its decision Therefore it is the duty of all lovers of freedom to give their bailot to those who have shown themselves worthy of that confidence by their devotion to the advancement of human civilization and human liberty.

No man will say, or can say with truth, that the

give their bailet to those who have shown themselves worthy of that confidence by their devotion to the advancement of human civilization and human liberty.

No man will say, or can say with truth, that the so-called Democratic party ever did, by one act, in the national councils, try to break the letters that bound the human body and soul to slavery, nor did the said party ever take a decided siand for the liberties of other nations. Not so with the Republicans, who by a distinct vote showed their sympathy for the cruse of every people who were struggling against despotic power and rule, not excepting our own native land, whose missovernment has always awakened a feeling of kindness, and whose mistor tunes have evoked the sympathy of every true Republican in this land.

How often are we told by the "Roaring Democracy" that as a nation we bats the negro; that we as a people have more of a duty to perform than others in voting against his advancement moral and political; and that if he should, be allowed the mantie of citizenship it would interfere with our rights. The proposition is wholly false and groundless, and a base calumpy on the intelligence of Itishmen at large. Irish Americans with the liberty-k ving instincts that caused them to seek an asylum in this common country of ours, does not nor coulance and political and bad felling against us, and to try and keep in the Democratic traces the "Irish vote." Irishmen of intelligence will not be led by the nose in this manner nor will they heed false prophess. They must to go hand-in-hand with the party of prospers, as the best means of securing for their swalland her long-lost liberties. Beware of those who will term ty us to forego your rights. Think for yourselves. Do not let the demangue get Inside of you; but show to the world and your leilow-man that you have been traduced by your a scalled friend the Democratic party, and as true American citizens you have been traduced by your a scalled friend the Democratic party, and as true American citizens you hav

WASHINGTON.

Binckley Again on the War Path -He Prefers New Charges Against Rollins-Mails to the Pacific Coast.

FROM WASHINGTON.

New Charges Against Rollins.

Special Desputch to the Evening Telegraph. WASHINGTON, Oct, 12.-Secretary McCulloch and Mr. Binckley were at the White House this morning, in consultation with the President, It is understood a new charge against Rollins has been prepared by Binckiey, based upon the affidavits made by one H. C. Fowler, a discharged Deputy Collector, formerly under Collector Clephane, of this district. Some time during last summer Fowler charged Clephane with retaining certain unassessed penalties amounting to about fifteen hundred dollars, which he contended ought to be paid over to the Government.

" He alleges that he brought the matter to Rollins' attention, but the latter did nothing, and, as Fowler believes, was in collusion with Cle phane. This is the basis of Binckley's new programme, and to-day he asked the President to suspend Rollins for misconduct. As Congress will not meet till November, there seems to be a design on the part of the President and Binckley to get rid of Rollins in this way. Rollins, in July last, presented the facts of the Ciephane matter to Secretary McCulloch, to whom Clephane made satisfactory explanations. So the Secretary never brought up the case afterwards.
