FROM WASHINGTON.

Another Republican Recruit.

WASHINGTON, Oct. 15 .- In accordance with a previous announcement, Col. James R. O'Beirne. President of the Conservative Army and Navy Union in this city, came out last night in a speech for Grant and Colfax. He said he had been a staunch and unswerving Democrat, but there was a kind of Democracy now fashionable which breeds beccession and treason, which he never would coun-tenance. He could not be on the side of such unre-centant rebals as the nigrate Semmes the batcher Forrest and the hangman Wade Hampton, and in common with many pure and high-minded Demo-crats throughout the country with whom he had spoken, he deemed the election of Grant the best thing for the country at this time.

CITY COUNCILS .- There was rather dull music yesterday in City Councils. The proceedings were these:

chair. A resolution offering a reward of \$1000 for the arrest and conviction of the murderer of policeman James Young, on Friday night, was passed. Mr. Shermer introduced an ordinance to appro-priate \$1000 for the relief of the widow of the de-ceased, who is left in a destitute condition. Mr. Barlow housed that the matter he referred to

Mr. Barlow hoped that the matter be referred to the Committee on Police, in order that the circum-stances may be investigated. Mr. Shermer said that he was reluctant to make any special appeal, but the policeman was a resi-dent of his district, and he knew every portion of his history. Young was one of the best policeman his history. Young was one of the best policemen on the force in the performance of his duty; he was shot down in the street, on election day, by a ruffian. He leaves a wife and six little children to the mercy of the world, without a dollar.

Col. Page said that if this were true he would freely vote for the bill, but he opposed hasty legis-lation, and would favor the reference.

Mr. King protested against immediate action. He would not at once vote \$1000, when a million and a half of the city's protested paper was in the hands of capitalists. He wasn't opposed to liber-ality on the part of Councils, but he wanted first to

know that it was necessary. Mr. Franciscus asked what Mr. King wanted to know from the committee officially, that he hadn't already learned from individual members.

already learned from individual members. Mr. Shermer declared that Mr. King was taking the bread from the mouth of a widow and six little children, purely from political considerations. The man was murdered by one of the hirelings of the Sheriff, stationed at the polls to shoot down people who came to vote against the Democratic ticket. Mr. King-Then why don't you arrest the man, if you know who he is? Why do you offer a thousand dollars for his capture, if you know who killed Young?

SERIOUS CHARGE AGAINST & DEPUTY SHERIPP. -About 8 o'clock yesterday morning Sergeant Murray, of the Seventh district, with a squad of officers, made a descent upon a lazer-beer salo; n No. 211 Green street. The following persons were found there and taken in o custody:-Henry Fulton, James Anderson, William Tice, James Ferguson, alias Morris, John Wells, and four females.

On searching the prisoners at the Station House, on the person of Fulton, who, with Anderson, says he belongs in New York, Officer Albright found a skeleton key, hotel key with No. 17 on the tag, deputy sherift's badge, papers with names of well-known sporting houses and various fancy men of the city, and a paper with locations of private residences. In the rooms in which Fulton and Anderson slept were found a lot of burglar's tools, skeleton keys, jimmies, and other burglarious implements. At 5 o'clock the defendants had a hearing

before Alderman Toland, in which it was ascer-taneed that Fulton had been a deputy sheriff under Mr. Lyle, on election day. The jimmy was measured with the marks on the buildings Nos. 611 North Eleventh street and 705 Brown street. The latter dwelling was entered some time between Monday night and Tuesday morning, and a large lot of glassware and china taken, amounting to \$75. A portion of the stolen property was recovered in Bridesburg, it being alleged that it was first taken to the house No. 211 Green street.

A shawl, valued at \$150, was found in posses-slon of the prisoners, alleged to have been taken from No. 611 North Eleventh street. Much conversation among the parties in refe-rence to voting first attracted suspicion to them and in conversation is it is addited by them, and in conversation it is said that Fergu-

When the arrest was made Fulton was found lying in bed and Ferguson secreted in a closet. The defendants were each committed in default of \$3000 ball to answer at court.

Since then the hull and cargo have been raised by Mr. F. W. Beers, of the Atlantic Submarine Company of this city. The work was done in six days, a fact of interest to the owners of other sunken vessels in Delaware bay and river, as well as to those interested in having moch as well as to those interested in having unob-structed navigation to this port. Although some of the cargo was saved, nearly all of the petroleum had been destroyed by the fire.

GENTLEMENS-On the lith ult, the entire business portion of our town was destroyed by fire. Our afe, which was one of your manufacture, was subject to an interes heat, but proved itself adequate to the severe test. It lay in the ruins fouriers days, and when taken out, from its appearance (the outside covering being burned through in many places), and in view of the fact that several other sales previously taken out were estirely destroyed, it was a great surprise to us to find the contents legible and in good condition. Several orders for new raies have already been seat yon, which is the best proof of this community in your safes. Respectially yours, WILLKINGON & SMITH.
