Stockett Matthews, of Baltimore.

Md., addressed an immense audience last even ing at Concert Hall. He made an expose of the course of the Northern Democracy, and fastened upon them the odium of the evils under which we are now suffering. He showed, step by step, how they aided the Democrats of the South. Mr Buchanan knew the plans of Jefferson Davis as fast as they were matured. He may not have done all that the Rebols asked him to do, but he did all that his pluck would allow. He and Jeremiah Black and Governor Seymour believed that the South possessed all the governing powers of the nation, and thought that they were bound to maintain an ascendancy over a people who were devoted to trade. How much they were mistaken would be demon-strated next week by the verdict of the ballot-

Charles Myers, of No. 214 Juniper stree', a German by birth, whom Gross assisted in making a Democratic voter, appeared before the magistrate, and made oath to the effect that he was naturalized on the 30th of September last; that Gross came to his (witness') house, and asked him to go and get out his citizen's papers, saying he would make it all right; that he went to the Supreme Court and applied for his papers, and that Gross vouched for him. Witness further stated that he had not been acquainted with Gross but two weeks previous HAVRE, Oct. 27,-The closing exercises of the great Marine Exposition are taking place here to day, and the markets are not open for busi-

Our afe, which was one of your manufacture, was subject to an interse heat, but proved itself adequate to the severe test. It lay in the ruins fourteen days, and when taken out, from its appearance (the outside covering being burned through in many places), and in view of the fact that several other safes previously taken out were entirely destroyed, it was a great surprise to us to find the contents legible and in good condition.
