THE UNION LEAGUE.

Its Sixth Annual Report.

At the annual meeting of the members of the Inton League, held last evening, the sixto annual report was read. The report commences by stating that "the members may justly concratulate themselves on what now appears to the successful issue of their patriotic mission. The greater objects of the association have at een accomplished. The military power of the Retellion has shown no signs of life, however, since it led beneath the blows which our Great Captain dealt it between the Wilderness and the Appointer. Slavery has been totally abolished; the freedman has been converted to a citizen; and with all the disadvantages of his new position, and the perverse opposition of his ormer ma-ters, he is rapidly acquiring knowledge, intelligence, wealth, and the difficult art of self-government.

"To say, as is said by our adversaries, that General Grant was elected on his personal popuarity, or because of his illustrious warlike fame is to state the case most unfairly, not only for him as President, but for the millions of honest and patriotic men who cast their votes for him as the representative of the principles for which their kindred had perished. It must not be forgotten that General Grant, with all the serious candor of his pure character, accepted the declaration of principles made at Chicago when he accepted his nomination, and from the beginning to the end of the canvass he stood mently but firmly by the faith of his party. He is not a man to forget obligations even tacitly assumed. To his mind a step taken or a deed done has all the force of a profession in words, and carries with it a moral covenant from which he has no power and no wish to escape. We conceive that the principles of the Republican party are those which most commend themelves to the integrity of such a mind as General

"The present year has been made memorable to us by the reception given to one whom we all revere, and who on that occasion crossed our threshold for the first time-to the late Secretary of War, the Hon. Edwin M. Stanton, - He came among us suffering from his gigantic labors, a living testimony of the prodigious history through which he had livel, and through which he had carried his grateful country; and yet he came cheerfully, glai to testify, in any manner that he might, his fidelity to the cause which we represent. The sacrifice which he made for us of his personal comfort was evident to all who had known him amid the cares of the War Office, when he everywhere impressed upon the terrible struggle of our day the broad mark of his vigorous personality. We felt it to be a privilege to press in our own the strong hard that had pointed the paths of armies, to hear the voice that had been the ments. did that the hand was unstained by the millions hat it had distributed, and that the voice had never been raised but on the side of right.

"The income of the League for the year end-ing December I, 1868, was \$53,586.60, which, together with the surplus of the preceding year, amounted to \$59,788.89. The disbursements for the same period were \$41,909.10—leaving a surplus, after deducting the \$2000 appropriated to the library, of \$15,879 78. There are no outstanding bills to decrease this surplus. In view of this prosperous financial condition, the Board of Directors have fixed the annual tax for the

coming year at \$25.

The annual election of the League last night resulted in the choice of the following gentlemen for the positions named:—

President-Horace Binuay, Jr. Vice-Presidents-A. E. Borie, Morton McMi-Vice-Presidents—A. E. Borie, Morton McMichael, J. G. Fell, Daniel Smith, Jr.
Directors—George H. Boker, Charles Gibbons, James L. Claghorn, James H. Orne, E. S. Clark, S. A. Caldwell, John P. Verree, E. C. Knight, Henry Lewis, Samuel C. Perkus, Richard Wright, Henry Winsor, Joseph Trimble, John Rice, E. R. Cope.

—A portrait of the Hon, Horace Binney, Sr., was yesterday presented to the Union League by the artist E. D. Marchaet. The nainting is

by the artist, E. D. Marchant. The painting is in oil, and is a half-length portrait, representing Mr. Binney in his study, with a few volumes of books by his side. The portrait also represents the calm dignity which characterizes our distinguished citizen, and also clearly sets forth the (reshness and prime of manhood which is apparent in the countenance of this venerable rentleman, although he has nearly reached his ninetieth year.

MARSHALL'S ELIXIR.

Any person habitually costive cannot be in the enjoyment of health. If not relieved costiveness will result in confirmed cases of Rheumatism, Piles, Inflammation of the Bowels, Diseases of the Kidneys, Bladder, and surrounding organs. When costiveness is radically cured, all the machinery of the system moves in harmony. Marshall's Elixir permanently cures costiveness, and so pre-

vents diseases more painful and dangerous. Headache quickly yields to its curative powers. Being entirely vegetable, it may be safely taken by all persons at any time, with perfect safety. Headache, besides being a very painful complaint, is also weakening to the nervous system, and may lead to palsy in its various forms if not soon relieved. Marshall's Elixir so strengthens the nerves that they perform their duties without pain or uneasiness.

By supplying the stomach with the medicinal principle, the want of which causes Dys-pepsia, this distressing and common disease is quickly cured by its use. It not only supplies this to the stomach, but imparts strength and vigor to the whole digestive apparatus, so that health, with cheerful spirits and a ruddy countenance, is fully established. Read the following certificate:-

CHESTER. Delaware county. Dear Sirs—I have had sick headaches at times for many years. When afflicted with it I was unfit to attend to my household affairs. Your Elixir partially cured me the first time I tried it. The second time it cured me simost immediately. Since then, by its occasional use, I have been entirely free from it.

AARON E. BURR.

BURLINGTON, N. J., October 9, 1868. This is to certify, that in the year 1864 I was pronounced by the physicians who at-tended me to be in the last stages of Pulmonary Consumption, and that my end was near at

At this critical stage of affairs I was induced by a friend to give "Wishart's Pine Tree Tar Cordial" a trial. I did so, and I was almost immediately relieved. I persevered, took fourteen bottles of the "Pine Tree Tar Cordial," and was completely restored to health once more! Four years have elapsed since my miraculous restoration to health, and I am still in the enjoyment of most excellent health, and would say in all sincerity that, under God, I owe my life and health to "Dr. Wishart's Pine Tree Tar Cordial!" I advise all poor, lingering consumptives, if they value life and health, to give the "Pine Tree Tar Cordial" a trial. AARON E. BURR.
