HAVRE, Jan. 28 .- The steamship Pereire. Captain Duchesne, sailed hence on January 15 for New York, touching at Brest, which port she left on the 16th inst. Sae experienced stormy head winds and heavy weather almost from the start. The storm increased in violence unto, when five days out from Brest, it became a furious gale, which threatened the destruction of the ship. Heavy seas broke over her, carrying away entirely the forward deck, cabin, and dining saloou for second-class passengers, flooding the engine room, and partially disabling the ship. The storm caused the vessel to jurch tremendously, and the passengers and crew were thrown from place to place with great violence.

The loss of life and injury to persons on board are attributable to this cause only. On January 21 the shapped an immense sea, estimated at one thousand tons of wa er, which completely flooded the cabin and killed one of the passengers, a Misa Funckleburg, from Germany,

The storm coming from the west, and Captain Price-se doubting of his ability to successfully ride it out, thought it prudent to put his ship

about, which was done, and she arrived salely at Havre on January 26. es before stated, three of the crew and three

second class passengers were kalled and many others injured. These injuries, however, are mostly slight, and a lare now foing well. Catagran, the Catholic priest, Foulquier, a Frenchmar, and Miss Funcaleburg were the only passengers kitled, the latter having her neck

No grat-class passengers were hurt. The passengers will go forward to New York in the St. Laurent on Saturday new . To the Select and Common Councils of the City of Philadelphia:
The managers of the "Wills Hospital for the relief of the Indigent Blind and Lame" respectfully submit their thirty-first annual report.
The hospital under their care has been continuously open during the past year, and has been visited semi-weekly by committees of the board.
The plan of holding a daily clinic for the treatment of out-door patients, which was adopted just previous to the date of the last annual report, has been found to work admirably in practice, there having been an increase in this class of cases of more than forty per cent, over the number reported more than forty per cent, over the number reported

last year.

It has also been recently determined to hold two operative clinics weekly, instead of one as hereto-fore, which will facilitate the labors of the sur-geons as well as afford additional opportunities for elief to patients and instruction to physicians and

relief to patients and instruction to physicians and students.

The necessity of additional surgical force, owing to the largely increased clinical practice, having become apparent, the managers have during the year elected four assistant surgeons; and having been fortunate in securing the services of gentlemen well qualified for the position, the change has been of obvious advantage to the institution.

There have been received into the wards of the hospital, during the year, two hundred and five

hospital, during the year, two hundred and five patients, who, with thirteen who were in the house at the date of last report, make a total of two hundreff and eighteen in-door patients. The number discharged during the same time was two hundred and one, leaving seventeen in the house at present.
Of those discharged there were:

The expenses for the year were as follows:
House expenses, - - - 86124 22 Salaries and wages, - - - 1854 40 Medical department, 531 28 Real estate (repairs and improvements), 729 33

Real estate (repairs and improvements),

There has been received from board of patients and paid to the City Treasurer the sum of \$1480.06.

No appropriation to the funds of the hospital baving been made by the State Legislature, a deficiency for the year seemed imminent, but owing to the liberal action of Councils, which the managers desire gratefully to acknowledge, the current expenses have all been met.

The sale of building lots, which was some time ago authorized by Councils, has been partially consummated, and the buildings creeted on the part sold are in a forward condition. The securities received in payment, after having undergone

Also, an ordinance to make an appropriation to be Superintendent of Trusts for the year 1869. Mr. Hanna presented a report from a joint spe-

cial committee to investigate the management of the Highway Department, setting forth that no suspicion can rest upon the Commissioners of the Highway Department, but recommending that the clerks of that department be sworn to a stelet performance of their daty. A resolution embedying this and other recommendations was agreed to.

Our Gas Supply.

THE PHILADELPHIA GAS-WORKS.—The thirty curth annual report of the trustees of the Phila-elphia Gas-works was presented to Councils yesterday afternoon. The quantity of gas made was 1,166,670,000 cubic feet; an increase of 85,028,000 over the product of the year before. The largest consumption in any twenty-four hours during the year was on the night of the 21st of December, when there were burned 4,807,000 cubic feet, or 2,000 cubic 63,660 feet more than was burned on the corres

rending night of the previous year.

The length of street main laid in the same time was 25,521 feet. The entire length of main in this city is now 407 miles. There were 13,203 feet less of main laid last year, in consequence of a want of funds on the part of the trust appropriated for that purpose. The northeastern part of the city has

suffered on that account.

An inventory of the public lamps shows a total of 1968, of which 1926 get their gas from these works and 428 from the Northern Liberties works, while 14 still owe their effulgence to coal oil.
