A cross of flowers was placed upon the coffin by one of Haro'd's sisters, and the funeral services of the Episcopal Church were performed by Rev. Caleb Cushing's Treaty.

The treaty made by General Cashing with the Governmen of Colombia concedes to the United States the excitative right to construct an inter-oceanic canal across the Isthmus of Durien at any point which may be selected by the United S stes. The Colombian Government cedes six miles of land on each side of the canal, onehalf for its own benefit and the other for that of the party undertaking the construction of the work The Colombian Government to to receive Marbin, Feb 15. - Senor Olezaga has resigned | ten per cent, of the net income of the first ten

The treaty is to be ratified by the United States within ten months; surveys to be made within two years after ratification; the capal begin within two years and finished within fitteen years after ratification; otherwise, the charter fails. The charter runs for one handred years. The canal is to be un er the control of the United States, and Congress can fix the rate of tells. New York, under a charter of that State, with Peter Cooper as President. It is said, on dis-tinguished authority, that this company has the capital and is ready to commence the work. Congress, however, is at liberty to give the preference to this or any other private company, and the United States can itself under-take the construction of the canal.

of the act.

Seward's treaty, negotiated by Caleb Cushing, for the ship caual across the Isthmus of Darien, has not been sent to the Senate to-day. It is understood that it will meet with considerable opposition, and will probably not get through at this session.

Gold Contracts

The Supreme Court made an important decision to day relative to gold contracts. The Court maintains that coin contracts made prior to the war must be paid in coin, and also that similar contracts made now must be paid in coin, on the ground that the law making coin a legal tender has never been repealed.

The House has set apart all evening sessions after Wednes-day for the consideration of the appropriation bills. This is considered absolutely necessary in order to get the bills through.
