A Glergyman on the Twitchell Case. To the Editor of The Evening Telegraph:-

In reading your issue of this evening my eye was arrested by the article headed "Mawkish Sensibility for Murderers." In this article you say:-"We understand that a movement is on foot among the clergymen of Philadelphia to petition the Governor for the pardon of Twitcheil," etc. Who these clergymen are you profess not to know. I wish you did, and that you would publish their names. Such a publication, I am persuaded, would convince you and the citizens at large that few of the clergymen of the city are engaged in any such movement, and that these few are not among the leading elergymen of Philadelphia, I read your article with great pleasure, and I am satisfied that our clergymen, with few exceptions, would inderseit. The law and the officers of the law ought to be a terror to evil-doers and a praise to them that do well, and this can be secured only by a faithful and impartial execution of the law. Let the violator of law, whether he be rich or poor, whether dignified by an official position or an humble citizen, or whether he wield a wide social influence or be without a friend, suffer the penalty of his crime, and the law-abiding citizens will rejoice in the safety which such an administration of law will A CLERGYMAN. ART SALE.-On Thursday and Friday evenings

next, Thomas Birch & Sons will sell at their gallery, No. 1931 Chesnut street, a large number of valuable European and American Oil Palatings water colors etc., the private collection of R. H. Gratz Esq. The sollection comprises some choice works by some of the celebrated artists of the day. The paintings are n exhibition. At the close of the sale of paintings a number of engravings and photographs will be sold. The sale will be positively without reserve, HOW HOSTETTER'S BITTERS CURE DYSPEPAIA-

THE WHOLE STORY IN A NUTSHELL,-The office of the atomach is to convert the foed into a cream-like emi-fluid cailed CHYME. This is effected partly by the action of a solvent called the gastric juice, which exudes from the coating of the stomach, and partly by a mechanical movement of that organ, which rus, as it were, the dissolving ailment. The CHYME passes from the stomach into the duodenum, or entrance to the bowels, where it is subjected to the action of the bile and the nutritious portion of it converted into a finid onlied Chyle, which eventually

Now it is evident that if the great solvent, the gastric juice, is not produced in sufficient quantity, or if the mechanical action of the stomach is not suffi ciently brisk, the first process of digestion will be but ctly performed. It is also clear that if the liver, which plays such an important part in chang ing the nourishing portion of the chyme into the material of the blood, is congested, or in any unnatural condition, the second process will not be thoroughly accomplished. The result of the two failures is dyspepsia, complicated with billousness,

The mode in which HOSTETTER'S BITTERS operate in such cases is this:-They invigorate the cellulat nbrana of the stomach, which evolves the gas triciulce, thereby insuring an ample sufficiency of she fluid to completely dissolve the food. They also act upon the nerves of the stemach, causing an acceleration of the mechanical movement necessary to reduce the food to a homogeneous mass. They also act specifically upon the liver, airenginening it, and so enabling it to produce an ambie and regular supply of bile for the purpose of converting the nutritious particles of the Chyme into Chyle, and promote the passage through the nowels of the useless deorfs. In this way Hostertran's Bittess cures dyspepsia and liver complaint. The explanation is plain, simple, philosophical, and true, ton of the mechanical movement necessary to

A CARD -We have resolved this season to offer to our citizens attractions greater than ever before. Our stock will be found to be very full and choice. In our ready-made work we have made up only the very choicest of goods, and in the very height of the fashion. To our many customers we should state that they will find an unusual line of the finest and most stylish Clothes in the country, and would re specifully tender our advice to call and secure patterns, even though they should not desire their orders filled immediately.

CHARLES STORES & Co., Clothiers, No. 824 Chesnut street,

IT ISN'T always the want of forethought that prevents men from insuring their lives. Sometimes is a the want of a little self-denial. A man sees that s rolley on his life would be a good thing, but then he would have to give up some little indulgence in o: der to secure it, and so he will risk the comfort of his family rather than deny himself.

Wouldn't the comfort of having a policy in the "American' compensate for a little self-denial"

JEWELRY.-Mr. William W. The genuine has the name blown in the bottles. while the counterfelt has not, And the contents are not at all similar to the gennine, but of lighter color. In fact, it is a most misera ble imitation in this respect and possesses no medi

James S. Everton, Fourth and Queen. THERE IS GOOD AUTHORITY for stating that in this country one adult out of every six dies of Consump'ion; and, indeed, so prevalent and so fatal has this disease become, that it is dreaded as the great scourge of the race; and yet, in the formative stages all Pulmonary Complaints may be readily controlled by resorting promptly to the EXPROTORANT of DR. D. JAYNE, which soothes and strengthens the bronchial tubes, allaying inflammation and cleansing them and the lungs of all impurities. It is a certain remedy for Coughs and Colds, which, when left to themselves, frequently bring on Pulmonary Complaints, and it cures Bronchitis effectually if taken in time, and the directions strictly followed. It has maintained its reputation as a curative for over a quarter of a century, and if those who are threatened with Lung Diseases, or any of the symptoms of Bronchitis or Asthma, will at once give this standard remedy a trial, they will never regret it.

A WORD TO PEDESTRIANS .- Before Weston started on his remarkable journey of 5000 miles in 100 days, he took the precaution to send to Goodyear's, No. 308 Chesput street, and secure a pair of his gum high boots. Knowing that his trip would extend into windy March, when he would be obliged to trudge !: through snow and slush and water, he insured exemption from cold and disaster by asking friend Dietrich to send him these gum boots. What so old The slush and general muckieness of to-day should remind us of the necessity of getting these oversnoes and thus protect and preserve our health, add to our comfort, and in so doing get rid of the blues, "live long and prosper."

SPEER'S "STANDARD WINE BITTERS,"-There is no charlatanism about Speer's "Wine Bitters." Their base is his pure wine, all of which is four years old before it is sold or used in any way. They only require to be used to recommend themselves to the most incredulous. They are pure and perfectly free from any kind of medication, and pleasant to the taste. Sold by Druggists.

TF YOU WANT A DELIGHTFUL SPRING

SCHENCK'S

PULMONIC SYRUP.

CONSUMPTION,

SEAWEED TONIC, and

MANDRAKE PILLS

WILL CURE

LIVER COMPLAINT,

AND DYSPEPSIA,

If taken according to the directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way

to cure Consumption. To these three medicines Dr. J. H. SCHENCK of Philadelphia, owes his

UNRIVALLED SUCCESS

In the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest, and the lungs begin to heal. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach

and liver, so that the Pulmonic Syrup and tood

will make good blood. SCHENCK'S MANDRAKE PILLS

Act upon the liver, removing all obstructions; relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the pills can do; nothing has ever been invented except calomel (a deadly poison, which is very daugerous to use unless with great care) that will unlock the gall bladder and start the secretion of the liver like Schenck's Mandrake Pilis.

Liver Complaint is one of the most Prominent Causes of Consumption.

SCHENCK'S SEAWEED TONIC

Is a gentle stimu.ant and alterative, and the alkali in the seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Palmonic Syrup, and it is made into good blood without fermentation or sowing the stomach.

THE CREAT REASON

Why physicians do not cure Consumption is, they try to do too much; they give medicines to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks

Dr. SCHENCK, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspeosia, Catarra, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs are in some way diseased, either tubercles, abscesses, bronchcal irritation, plueral adhesion, or the lungs are a mass of inflammation and fast de ying In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. SCHENCK'S three medicines, which will bring up a tone to the stomach. the patient will want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. Tais is the only way to cure Consumption.

WHEN THERE IS NO LUNG DISEASE,

And only Liver Complaint and Dyspepsia Schenck's Seawced Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious

cases, as they are

PERFECTLY HARMLESS.

Dr. SCHENCK, who has enjoyed uninterrupted health, was wasted away to a mere keleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similorly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office,

PHILADELPHIA, EVERY SATURDAY,

Where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Tuesday; and at No. 35 Hanover street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is \$5. Office hours at each city from 9 A. M. to 3 P. M. Price of the Pulmonic Syrup and Seaweea Tonic, each \$1.50 per bottle, or \$7 a half dozen Mandrake Pills, 25 cents a box.
