THE TRYING SEASON .- The searching winds, the cold, drizzling rains, the heavy fogs, and occasional warm and moist days of March, tender it, upon the whole, the most unhealthy mon h of the year. Its depressing influences are especially unfavorable to invalids and thousands of persons with feeble constitutions, who have borne the winter bravely, break down in the first month of spring. The variations of temperature and cold east winds are a serious trial to the dyspeptic and billous, whose symptoms they invariably aggravate. Intermittent fever is also rife herever there is evolvable poison in the water or the soil. To enable the system to combat these evils, there is nothing like a good vegetable tonic, and among this class of medicines HOSTETTER'S STOMACH BIT-TERS stand supreme. Medical men prescribis in preference to any of the tonic preparations of the pharmacopola. They are aware that the ordinary tures and extracts are all based upon cheap alcohol, which is surcharged with an acrid essential oil, and absolutely poisonous. They know, on the other hand, that the rectified essence of the fluest rye grown in this country is the sole spirituous ingredient of ROSTRITER'S BITTERS, and that the vegetable medicinal elements of which it is composed are of rare cacy. Hence It has the confidence of physicians, and finds its way into hospitals where no other proprictary medicine is sanctioned. A course of the BITTERS is especially recommended

to persons of delicate habit, of both sexes, at this on. In the fever and ague districts of the West and South, guining has been almost universally discarded as a chologogue, and this invaluable antidote to malari, us disorders adopted in its stead. A double gain is realized by the change, for the Bitters, u alike that dangerous alkaloid, are agreeable to the palate, and their curative effect is much more permanent.

HEADACHE, LANGUOR, AND MELANCHOLY genrally spring from a Bisordered Stomach, Costiveness, or a Torpid Liver. Each may readily be removed by Dr. D. JAYNE'S SANATIVE PILLS; & few doses of which will be found to stimulate the Liver and Stemach to healthy action, removing all bi lousness. and producing regular evacuations of the bowels. # SCHENCK'S

VALLE O. STEET

PULMONIC SYRUP,

SEAWEED TONIC, and

MANDRAKE PILLS

WILL CURE

LIVER COMPLAINT,

CONSUMPTION.

AND DYSPEPSIA.

If taken according to the directions. They are all three to be taken at the same time. They cleanse the atomach, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure Consumption.

To these three medicines Dr. J. H. SCHENCK of Philadelphia, owes his

#### UNRIVALLED SUCCESS

In the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest, and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and food will make good blood.

#### SCHENCK'S MANDRAKE PILLS

Act upon the liver, removing all obstructions; relax the ducts of the gali bladder, the bite starts freely, and the liver is soon relieved; the stools will show what the pills can do; notning has ever been invented except calomel (a deadly poison, which is very dangerous to use unless with great care) that will unlock the gall bladder and start the secretion of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most Promiment Causes of Consumption.

## SCHENCK'S SEAWEED TONIC

Is a gentle stimu ant and alterative, and the alkali in the seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Palmonic Syrup, and it is made into good blood without fermentation or souring the stomach.

## THE GREAT REASON

Why physiciaus do not cure Consumption is, they try to do too much; they give medicines to stop the cough, to stop chilis, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks

and dies. Dr. SCHENCK, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cared of Consumption, Liver Complaint, Dyspepsia, Catarra, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs are in some way discased, either tubercles, abscesses, broncheal trrita lon, plugral adhesion, or the lungs are a mass of inflammation and fast decaying In such cases what must be done? It is no: only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. SCHENCK'S three medicines, which will bring up a tone to the stomach. the patient will want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heat up, and the patient gets fleshy and well. This is the only way to cure Consumption.

## WHEN THERE IS NO LUNG DISEASE.

And only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Man-

drake Pills freely in all bilious cases, as they are

PERFECTLY HARMLESS. Dr. SCHENCK, who has enjoyed uninterrepted health, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and
