THE TRUE MEDICAL DOCTRINE .- Nature, when struggling with disease, indicates unmistakably the kind of assistance she requires. In cases of nervou weakness and general depility, the feeble pulse, the lack-lustre eye, the attenuated frame, the flaccid muscles, the melancholy visage, inform us as plainly as if each organ had a tongue, that a medicated stimulant is needed. It does not require the aid of a medical education to understand this dumb appeal for new vigor from an exhausted system. Every reader of these lines can comprehend it just as well as the graduate of a physicians' codege. Let not this demand of enfeebled nature be neglected. Respond to it promptly by commencing a course of Hoster TER'S STOMACH BITTERS a preparation uniting, in their highest excellence, the properties of a STIMU. LANT, AD INVIGORANT, and BE ALTERATIVE. Before three days have elapsed from the taking of the first dose, a marked beneficial change will be manifest in the bodily and mental condition of the patient. The pulse will be atronger and more regular, the eye will begin to lose its dull expression, the muscular and nervous systems to recover their tension, and the spirits to improve. Persevere, and a complete revification of the depressed animal and mental powers is certain. In cases of dyspepsia and billousness, the same salutary results will be obtained. The appetite will revive, the sallowness of the skin disappear, and all the distressing symptoms which accompany disorders of the atomach and liver will rapidly subside The sudden changes of spring often intensify these complaints by checking the perspiratory action by which so much morbid matter is evaporated through

BECAUSE & PERSON HAS A BAD COUGH It should not be interred that Consumption has set in, although a case of Consumption is rarely met with unaccompanied by a distressing Cough. Where, however, a predisposition to Pulmonary Disease exists, a Cough, if left to itself, strains and racks the Lunga and wastes the general strength, and soon establishes an incurable complaint. In all cases, then, it is the safer plan to get rid of a Cough, Cold, or Hoarseness without delay; and for this purpose no remedy acts

more promptly or surely, or with more benefit to the organs of the Chest, than DR. D. JAYNE'S Ex-PROTORANT, an article scientifically compounded from carefully selected drugs, and which, on trial, will always be found worthy of its wor.d-wide repu-

tation. Sold by all Druggists. JEWELBY,-Mr. William W.
