state unfits many for the enjoyment of life, and

is caused by the impure blood furnished by im-

many persons commit suicide. There is a con-

owing to a diseased condition of the bowels produced by the undigested food, which is evacuated in the same condition as when eaten, and of

Public Favors Declined. To the Editor of The Evening Telegraph. GERMANTOWN, April 24, 1869.—My name having been freely mentioned in the various daily papers lately, in connection with the newly-formed Indian Department, I am obliged to state thus publicly what I had reasons for believing had some time since been accepted as valid ones, in a more private manner, that neither my health nor the cares of a somewhat extensive business would admit of my accepting any that neither my health hof the Carles of a contrast extensive business would admit of my accepting any position of public trust or otherwise at this time. Feeling deeply grateful for so many expressions of kindness and good-will, I am, with much esteem, HENRY BENTLEY.

MAYOR Fox yesterday appointed Henry Geniner on the police force for the Seventh district. The name being very familiar, we referred to our files, and found that one Henry Gentner had vouched no less than ten times for persons securing naturali-zation papers in the Supreme Court during last Sep-tember and October. Of course it is impossible to say that these names refer to the same individual, but

say that these names refer to the same individual, but it is a striking coincidence. John Gallagher has also been assigned a position on the police force. Some months ago one John Gallagher was tried and acquitted of a homicide, in the Court of Oyer and Terminer, and the same indi-vidual was in custody on the charge of being impli-cated in the shooting of Policeman Young, at Eighth and Lombard streets, on the night of the October election. As in the above case, it is not for us to say that these crimes are attached to the person just ap-pointed as a guardian of the properties and lives of pointed as a guardian of the properties and lives of our citizens.

THE FINALE TO THE BROAD STREET RAILS .- The THE FINALE TO THE BROAD STREET RAILS.—The closing scene connected with the tearing up of the rails on Broad street took place this morning at 10 o'clock, at the corner of Broad and Market streets, where they had been carefully piled by the workmen and watched over, since their removal from the cen-tre of the thoroughfare. A large crowd had collected in pursuance of an order for their sale, by John Bos-ler, Esq., Superintendent of the City Railroads. M. Thomas & Sons officiated as aneutoneers, and after starting the bids, the property, comprising about eighty tons, was readily disposed of. The prices brought were \$31.92 per ton for the cast iron and \$46.48 for the wrought iron.

13. It is impossible for us to give all the sympoms of Dyspepsia in so small a space, but the above are considered sufficient, if we add that the patient loses his memory and regard to surounding objects, and frequently becomes morose and sour in disposition. We should say, however, that pains in the joints and stiffness of the limbs, which go by the name of Rheumatism and Neuralgia, are produced by Dyspepsia. Also, a hardness of the muscles of the abdomen, which becomes contracted and hard, and in some cases the belly sinks, instead of being gently prominent.

A touch of the Dyspepsia has changed a man's whole life, and an irregularity of the bile has made many an angel almost a fiend. If the gastric juice is all right, and the blood in swimming order, the world is a nice, bright, pleasant place, from which nobody is in a hurry to move: but if in that queer, mysterious fluid there is an alloy, the sky of life is all cloud, the winds howl, and everything is dark and dismal. If you want to feel happy, look after your digestive and circulating systems.
