MUSICAL AND DRAMATIC.

"Javotte" at the Theatre Comique. Last evening a new comic opera entitled Jarotte, by Duprata, a composer wholly anknown here, was oduced by the Galton treape at the Theatre omique to a large audience. Jacotte is a lively little musical farce, which depends as much for success upon the acting as on the singing. The music is light and pretty, not equal perhaps to the Offenbach standard, but pleasing, and the operatta, if well done, ought to become spopular. The performance last night was given under difficulties which prevented it from making as favorable an impression as it otherwise would have done. indisposition of Mr. Warren White obliged Mr. Kelleber, the new tenor singer, to assume the part of "Monsieur Parfait" at a few hours' notice. As this is a baritone vole, and Mr. Kelleher has a very light tenor voice, he necessarily appeared under rather disadvantageous circumstances, Previous to the operathis gentleman sang the ballad of "Come into the Garden, Maud," with considerable expression, and obtained an encore. His voice is a very light but sweet tenor, and we think he will be a valuable addition to the troupe, especially as he appears to have considerable ability as an actor,

Miss Galton, as "Javotte" sang and acted with her usual grace and spirit, and Mr. Whiffin gave a creitable performance as "Landry."

The opera last evening was preceded by a long and stupid farce, which tired out the audience before the real entertainment commenced. We hope that something more lively will be substituted for it

At the Arch Lotta will appear this evening in the drama of Fire Fly.

A new drama entitled Pepina is in preparation.

At the Theathe Conique the operate of Javott will be produced this evening, with the farce of Crost Purposes. Mr. Kelleher will sing a ballad.

PROF. E. P. CHASE will give a grand vocal and instrumental concert at Concert Hall this evening. Prof. Chase will be assisted by Madame H. Behrens, Miss C. McCaffrey, Mile C. Hindle, Mr. William Gilchrist, and the children artists, Johanna and Willie Hess. An attractive programme of selections from the best composers will be given, and a very superior entertainment may be expected.

A VOCAL AND INSTRUMENTAL CONCERT will take place at the Christ Reformed Church, Green street, below, Sixteenth, on Thursday evening next, Madame Roop, Mr. Charles H. Jarvis, and Mr. Massah Warner will perform selections from the works of Rossini, Mendelssohn, Gounod, Handel, Haydn, Pacini, and Costa. The entire proceeds of the concert will be given to the church.

THE PHILADELPHIA OPERA COMPANY .- AS OUT musical taste increases, so does the talent essential to maintain it. The above company has been formed for the purpose of advancing the musical character of our city, and, if possible, establish an American claim to a science which, like genius, "knows no country." The Amateur Drawing Room, a beautiful as well as classic temple, on Seventeenth street, above Chesnut, has been selected for the inauguration of the country. above Chesnut, has been selected for the inauguration of the company, on which occasion the comic opera of The Doctor of Alcantara will be given. Wednesday evening, April 28, will introduce the ladies and gentlemen of the Philadelphia Opera Company to the public in connection with this opera, and when we name a few of those who compose it, we feel assured that the musical citie of our city will be on the qui viet to witness it. The cast will be sustained by Misses Elene, Fredonia and Naomi Durang, and Mr. George Bishop, assisted by other talented artists. The opera and orchestra will be under the direction of Mr. W. G. Dietrich. Tickets may be obtained at Boner's Music Store, Chesnut street, above Eleventb.

The fine appearance of the Odd Fellows restorday is a subject of general comment. Apart from all banners and regalins and other adornments, the men themselves, in their black suits and white vests, made a bandsome display. This was owing of course, first of all to the fact that they are a body of good-looking men, but next, and contributing hardly less to their fine appearance, was the fact that the majority of them were olad in cloths from famous Oak Hall.

The key to the safe in which we kept our securities was locked inside of our fire-proof book safe, the doors of which were literally cut to pieces; from this they obtained the key to the other safe and opened it. Fortunately we had one of your Burglar-Proof Banker's Chests inside, in which our valuables were deposited. This they went to work at with a will, and evidently used up all their time and tools in vain attempts to force it. The night was dark and stormy and the fact of their knowing where our key was kept shows that their plans were well matured. They tried wedging the door and body of the Chest, and the faithful safe bears evidence of the labor and skill devoted to the work. All was useless, and it is with great satisfaction we report that upon opening it we found our securities all safe, and can therefore cheerfully indorse the Burglar-Proof work recommended
