Foreign Affairs.

LONDON, May 3.—A public meeting was held at St. James' Hall to-night, under Tory management, to protest against the bill for the ditablishment of the Irish Church. The audience was large, and many conservative peers were present; also members of the House of Commons. Resolutions were adopted strongly con-demning Mr. Gladstone's bill, and calling on the House of Lords to reject or materially alter it.

LONDON, May 3-Midnight.-The House of

Commons, in committee to-night, resumed the consideration of the Irish Church bill, Clause 36, concerning the regium donum, was so amended as to include within the provision for compensation the ministers of all congregations entified eventually to a share of the grant. Mr. Gladstone admitted the compensation was

small, but the endowments were small compared with the services rendered by Presbyterians in Ireland, and according to the principle of the bill, the present endowment was the only basis for compensation.

Clause 37, providing for compensation to professors, and for payments in respect to the buildings of Belfast College, was stricken out, in comliance with the request of the Presbyterian Synod, and with the consent of the Government. Mr. Gladstone intimated that other provisions would be made for this college.

NEW YORK, May S .- A Havana special, dated the 30th ult., says the revolutionary party held a grand congress at Silvaricon on the 13th of April, at which Cespedes presided. Thirty representatives were present from all parts of the island. Resolutions declaring that the revolutionary party is fighting for independence from Spain and annexation to the United States were unanimously adopted.

Quesada was again elected generalissimo of the revolutionary armies. The delegates were enthusiastic, sanguine, and determined.

From Puerto Principe a report comes that Spanish troops have captured Betancourt and several other members of the revolutionary com-

mittee.

HAVANA, May S.—Havana journals announce that insurgents have appeared in the jurisdiction of Cinco Villas and the surrounding country. Many large plantations and estates have been seized in the country by Government officers, under the confiscation decree.

Yesterday, at 3 o'clock P. M., the Board of Examiners met in the Grand Jury room at the Court House. The Examiners were re juested to note that on behalf of those elected for the county offices the respondents proceeded with this case, reserving to themselves the right to contest the further jurisdiction of this court. nasmuch as the same was not determined at the next term after the petitions were filed, as vided by the fifth section of the act of July 2.

James Erickson, Lieutenant of the Second district, sworn-In October, 1868, resided on S. Second street, in the Second division of the First ward: voted at the October election; there was a disturbance at the polls that day while I was there; as a person approached to vote, he was driven away, and two shots were fired at him by the crowd; in the crowd there were about forty or fifty men: a pistol was drawn upon me. and I drew my revolver and fired in return; a half-dozen weapons were then drawn on me; stepped towards them, and they rushed back-wards and turned and fired again. The witness then recounted that a turbulent time was had at the poll, and that he was several times shot at and the fire returned.

Counsel for respondents here offered in evidence the judges returns of the First ward, in which no votes are returned for the Fifth, Eighth, and Ninth precincts.

Michael M. Goff testified that he did not vote in the Second division of the First ward in October last. (His name is on the list of voters and ssessed at Second and Marker streets.)

Charles McBride testified to the election being conducted in the Second division in a rough manner. He swore that Supreme Court papers were not recognized, and that no vouchers were

Mr. Goff recalled-I moved between the two elections, and voted in October at Bouvier's; had forgotten the matter, but now recollect that

in November I voted in the Third division. William Irvin testified to the election being conducted irregularly in the Second division, but could not name one illegal vote that was re-

Peter and Henry Easterday, and other witnesses, testified to disorder at the polls in the Second division, and the testimony closed for

the day.

The Indian War.

CHICAGO, May 3.—The following was received at General Sheridan's headquarters to-day:— Writing under date of March 28, from Fort Sully, General D. S. Stanley says everything that has been done to make peace with the Sloux, as a nation, is an entire failure, and the Indians are just as far from peace to-day as they were two years ago. The Indians boasted, while near this place, of having killed white men this winter over on the Platte, and stealing horses. I believe there are war out now to depredate on the line of the Pacific Ballroad. Their hostility may run on in some way without showing itself only by an occasional murder, though I fear it may develop in a worse form in the way of heavy attacks on the frontier. Unfortunately for the idens of our peace advocates, these Indians say they do not want peace; that the whites are afraid of them, which is the reason we send so much for them to eat: that they will make us leave this country, and will stop the boats on the Missouri river. That portion of the Sioux that were friendly two years ago, have continued so, and are friendly to-day. They have gained none in their number, and all reports to the contrary that have been circulated through the country and asserted at Washington are

MISCELLANY.

The clipper ship Chiaftain, of Philadelphia, was lowered from the great balance dry dock, near the foot of Pike slip. New York, on Saturday at noch. She had been cauked, new trussle trees were given her, the old metal was stripped off and a new suit of yellow metal sheathing jurnished her. This was the result of an underwriters survey, pending which it was discovered that she had on two kinds of metal, one of American, the other of English manufacture. The latter was entirely eaten away by some peculiar action of the sea water, while the former was quite as good as when put on her in California eighteen months ago. months ago.

The barque Lady Hilda, Mills, from London for Philadelphia, which put into Portland 5th ult., was making 7 inches water per hour, having met with heavy seas. She was surveyed on the 6th and ordered to be lightened, the leak being evidently in the upper works. A slight leak had been discovered near the sternpost shortly after the vessel sailed, and she was put on the mud below Gravesend for two hours, and a carpenter engaged, but the leak could not be found.

not be found.

The steam barge Susie, of and for Bordentown, with 65 tons pig from and 30 tons coal, suddenly sunk about three o'clock on Sunday marning, while lying at Walnut street wharf. The cause of her sinking is not known. W. Wood, fireman (colored), and Peter Leonard, deck hand (white), were on board at the time, and are supposed to have gone down with the barge, which now lays about 20 feet from the end of Cope's wharf. Arrangements have been made to raise her.

UNSUCCESSFUL BURGLARY. LETTER OF MESSRS, DAVID DOWS & CO. NEW YORK, April 10, 1869.

HERRING, FARREL & SHERMAN,

No. 251 Broadway. Gents:-On the night of the 29d uitimo, our store No. 20 South street, was entered, and a desperate attempt made by burglars upon one of your safes in our counting-room.

The key to the safe in which we kept our securities was looked inside of our fire-proof book safe, the doors of which were literally cut to pieces; from this they obtained the key to the other safe and opened it. Fortunately we had one of your Burgiar-Proof Banker's Chests inside, in which our valuables were deposited. This they went to work at with a will, and evidently used up all their time and tools in vain attempts to force it. The night was dark and stormy, and the fact of their knowing where our key was kept shows that their plans were well matured. They tried wedging the door and body of the Chest, and the faithful safe bears evidence of the labor and skill devoted to the work. All was useless, and it is with great satisfaction we report that upon opening it we found our securities all safe, and can therefore cheerfully indorse the Burglar-Proof work recommended

You will please send the new safe purchased by us to our counting-house, and take the old one, to show that some safes are still manufactured worthy of the name. DAVID DOWS & CO.
