form of Government with enthusiasm. There is great agitation in favor of the Republic in Barcelona and Saragossa. LONDON, May 20 .- The election excitement in Marseilles is very great. A private meeting was held there yesterday, at which M. Gambetta

was present, and made a strong speech. The crowds in the streets sang the "Marselllaise" and made other unlawful demonstrations, and many were arrested by the police. At Thiers disorders are also reported, and at

the election meetings the people shouted, "Vice

LONDON, May 20 .- The elections in France continue to be attended with more or less disorder. Since the 12th inst. 149 persons have been arrested in Paris for inciting political disturbances, and of these only 17 have been dis-charged. A popular demonstration is reported at Nismes, where the people sang the "Mar-seillaise." At Bourges the prison was forced by a crowd of political agitators, and one of their leaders, who had been arrested, was released. In the department of Anbe, during the electioneering tour of M. Harvard Club, HAVANA, May 20.—The reports of the landing of filibusters which are in circulation cannot be traced to any anthentic source. No expedition has landed near Sagna, and the steamship Salvador has gone to some other point. It is impossible for expeditions to effect a landing at any point on the coast between Havana and Nuevitas, as the Spanish cruisers are numerous all along that line, and in any other part of the

island it would be difficult for expeditions to find a foothold, owing to the watchfulness of the Government. CITY COUNCILS.

Both branches of Councils met yesterday at the usual hour. SELECT BRANCH .- William S. Stokley,

presiding. A note was received from Mayor Fox informing the Chamber that the bridge crossing the stream known as Gunner's Run, in the Nineteenth and Twenty-fifth Wards, is in a condition, of dangerous dilapidation.

Accompanying the note was a report made to his Honor by the Chief of Police representing that within the city limits there are twenty bridges, all of which are either in a precarious condition of decay or in urgent need of preventive treatment. During the past two months the chief enumerates the loss of seventeen lives through casualties resulting from the bad condition of these bridges.

The documents were referred to the immediate consideration of the Department of Highways,

An invitation was received from General Prevest, commanding First Division P. M., for the presence of the body in their official capacity on Monday next, and a review by them of the expected parade. The invitation was accepted.

A resolution requesting the Mayor to tender to ex Governor Curtin the use of Independence Hall for the reception of his friends previous to his departure for Russia, was

adopted. Mr. Bumm presented the resignation of Mr. Richard Wildey from the Board of Port

Wardens of Philadelphia. Accepted. A petition for the restoration to service of the Independence Engine Company was presented by Mr. Barlow, and reterred to Committee on Fire and Trusts.

Mr. Fox reported an ordinance to change the boundaries of the first division, Twentyfifth Ward, and creating a new division therein. This was agreed to.

Mr. Hodgdon, of the Committee on Water, reported a resolution authorizing the laying of water pipe in Hedding, Bucknell, Jack scn, Sepviva, and other streets. Adopted. An ordinance by Mr. Cattell, authorizing additional leases of Girard lands in Schuyl-

kill and Columbia county, was passed. A resolution was adopted permitting the erection of a temporary editice at Twentieth and Montrose streets, for temporary use by the congregation of the new Catholic Church of St. Caarles Borromeo, for purposes of public worship.

The Committee on Finance reported favorably with regard to the appointments of John M. Melloy, Receiver of Taxes, and all were confirmed. Mr. Cramer reported an ordinance making

an appropriation of \$1000 to the Board of Health, for a steamtug for quarantine pur-Mr. Ritchie submitted an ordinance appropriating \$30,000 for the purpose of erecting a schoolhouse building in Noble street above

Fifth, in the Twelfth Ward. The amount to be reimbursed out of and to be hereafter created. Agreed to. Common Council ordinance authorizing the sale of nineteen acres of the Almshouse

grounds for the sum of \$8000 an acre was

taken up. Mr. Hodgson favored the sale of the property, but advocated the doing so by the me-dium of an auctioneer's sale. He referred to the case of the lease of the Tobacco Warehouse at \$8500 more by public outcry than Select Councils had agreed to take for it. The Legislature has compelled the city to build a cestly bridge over the Schuylkilll. The completion of that bridge will enormously enhance the value of the Almshouse property. The nineteen acres thus to be given away would produce to the city \$800,000. This part is one of the choicest of the tract. It contains abundance of gravel, and that is what the city just now needs. To build the bridge will increase the debt of the city a million of dollars. The water works must have another loan of a on and a half; and with a debt of 600,000 the people are not in a position to endow a college at the expense of interests so important. Keep on as we are now doing and the taxes of the people will soon reach the figure of \$4.80 in the \$100. Mr. Hodgson

Fairmount park. Mr. Franciscus took directly opposite grounds: he pronounced the institution to be an honor to the country, and a matter rising far above the value of dollars and cents. The people of Philadelphia generally are interested in this matter. They will richly en dow this institution. One gentleman alons is ready to present to it a library of greater value than that owned by any corresponding institution in the country. Mr. Franciscus deprecated that spirit which begrudged to an institution gratuitously educating so many impecunious young men, the privilege de sired for increasing its usefulness. Franciscus dwelt upon the insignificance o the mere dollar, compared with the advan tages derivable from its transfer to such an institution of learning as the University of Pennsylvania.

favored the placing of the proposed college in

Mr. Hugh McIlvaine cited a long list of recent sales of real estate in the vicinity of the Almshouse with the prices that it brought; at the very lowest rate the Almshouse property proposed to be given to the University for \$8000 an acr, is worth \$35,000. Let the streets be opened, and in a very short time this property would realize to the city \$5,000,-Its location is commanding much more so than a collegiate institution need require.

Mr. Smith favored the proposed sale to the University because the present property of the institution would give a site for a row of stately stores, and paying into the City Treasury a sum in taxation that it will never receive while occupied as at present. The city can well afford to make this sale. No other city would be so chary in dealing with such an institution as the University of Pennsylvania.

An amendment was offered to limit the parcel to be sold to the University to an area of 400 feet square. Mr. Barlow moved that further consideration of the matter be postponed for three

weeks. Agreed to. A resolution directing official investigation into the statement that police warrants have been forged was adopted.

The ordinance to make an appropriation for a clock and alarm bell to be placed in the Shiffler Hose House, was concurred in. Adjourned.

COMMON COUNCIL,-President Joseph F. Marcer called the Chamber to order at a quarter past three o'clock.

The following business was transacted: From the Mayor was received a communication inviting members of Councils to be present at his office to participate in the salute and review of the First Division Pennsylvania Militia on Monday afternoon next. The Mayor states that Major General Charles M. Prevost has, on behalf of the Division, tendered him the compliment of a marching salute with the opportunity to review the command. The invitation was accepted.

A communication was received inviting Councils to attend the quarterly meeting of the Teachers' Institute at Musical Fund Hall to-day. The invitation was accepted.

From Dr. James McNichol was received a communication representing that the chalybeate spring in Fairmount Park possesses valuable properties in addition to iron, and asking for an analysis of the water. Referred to Committee on Health.

Mr. Martin offered a resolution requesting Select Council to meet Common Council in joint convention on the afternoon of May 27,

to elect eight Port Wardens and three Trustees of the Northern Liberties Gas Works.

Passed. A resolution was passed calling the attention of the Contractor to the filthy condition of the streets in the Eighth Ward.

Mr. Hetzell, from the Sixteenth Ward, offered a petition of business men in the Fifteenth Ward asking for the reinstating of the Independence Engine Company. Referred to Committee on Fire and Trusts. Mr. Stockham presented the resignation of Mr. Richard Wildey as member of the Board

of Port Wardens, Accepted, Mr. Wagner submitted a communication from Mr. Joseph Harrison who offers to sell to the city 325 acres of land in the Twentythird Ward, as a site for a house of correction. Referred. The Survey Committee, through Mr. Bards-

ey, chairman, reported a resolution for the discharge of the committee from the consideration of the resolution to change the name of a portion of Bedford street in the Fourth and Twenty-sixth Wards. Passed.

Also, a resolution to plan Sanderson street from Sixteenth to Seventeenth; Harshaw street from Fitzwater to Catharine, and Walden street from Twenty-first to Twentysecond on the plan of the city. Passed.

Also, an ordinance directing the building of sewers on Twenty-fourth street from Walnut to a point eighty feet north of Locust, Thirty-eighth street from Sansom to Walnut, and Kessler street from Brown to Coates. Passed.

The same committee also submitted an ordinance approving the plan for the superstructure of a bridge over the Schuylkill at Fairmount. This was postponed. An ordinance to create a loan for the build.

ing of the bridge was referred. Mr. Stockham, from the Committee on Port Wardens, submitted an ordinance providing for the sale of the lease of Poplarstreet wharf for a term of one or three years, Agreed to.

Mr Willits, Chairman of the Committee on Markets, reported an ordinance making an appropriation of \$10,000 to the Commissioner of City Property for the rebuilding of two sections of market-houses on South Second street.

Mr. Hetzell opposed the ordinance on the ground that he was not in favor of making any extra appropriations. He moved to refer, Agreed to. The same committee submitted an ordi-

nance prohibiting persons other than farmers from occupying street stands. Referred. The resignation of Mr. Henry Huhn as a member of the Committee on Markets was submitted and accepted. Mr. Evans offered an ordinance rearranging

and fixing the boundary lines of the election divisions in the Second Ward. Passed. An ordinance creating a new division in the Twenty-sixth Ward was recommitted to the Committee on Election-Divisions.

The Highway Committee, through Mr. Ray, reported the following bills: Resolution to pave the intersections of Ash and Dickerson street. Passed. Resolution to open Toland, Fifth and Nine-

teenth streets. Passed. Ordinance to construct a sewer on Eighth street, from Willow to Green street. Passed. Ordinance making an appropriation of \$17,500 to pave Vine street from Delaware avenue to Third street, and Race street from Delaware avenue to Second street with Belgium blocks. Opposed by Mr. Hetzell, and referred.

Mr. Hanna presented a resolution inscuct. ing the Highway Department to construct the sewer on the line of Fifteenth street, from Filbert street to the south side of Market, as ordered by ordinance, provided the owners of the properties on the line of said sewer pay any excess of the cost of the same over and above the amount allowed by ordinance.

Resolutions to change the place of voting in the Eleventh Division of the Twenty-sixth Ward, and to change the name of Bedford street, west of Twelfth, to Kater, were referred, the former to the Committee on Election Districts and the latter to a special committee.

The following bills from Select Council were concurred in: Resolution to lay water pipe on certain

NOTICE TO MARINERS. NOTICE TO MARINERS.

The Portuguese Government has given notice that a red buoy has been placed on a wreck off Loo Rock, Fundal roads, Madeira.

The buoy lies in about 30 fathoms water S. M. W. from the Loo Rock. Mariners are cautioned not to anchor within half a cable of the buoy.

Captain Norton, of the ship Sandusky, at New York from Bordeaux, reports observing in north latitude 4 deg. 3 min. 30 sec., west kengitude 31 deg. 1 min. a rock apparently 15 feet above the level of the sea. The weather at the time was perfectly clear, the sea calm but discolored, and the ship being within one mile, the observation for latitude and longitude was excellent. The position of this rock, which is not laid down on the charts, is about eight hundred miles west from Cape Finistere, in the track of versels from the Bay of Biscay to the United States. An English steamship was recently lost on a rock off the coast of Portugal, which may have been a recent upheavai similar to the one mentioned above.
