WASHINGTON, June 3.—The Secretary of the Treasury received a letter to-day from the Assistant Treasurer at San Francisco, dated May 24, giving the details of the operations of his office, and stating that six millions of gold were in the sub-treasury, subject to the order of the Government.

Bissell has been ordered to Washington, as a member of the Examining Board, of which Rear Admiral Smith is President. Also, Lieutenant-Commanding C. D. Gigsbee to duty at the Naval Academy; also, Lieutenant E. Longnecker to the receiving-ship Ostipee. Knights Templars. The President this morning issued an order directing that all Knights Templars employed in the Executive Departments of the Government who wish to attend the semi-centennial anniversary of St. John's Commandery, No. 4, be granted leave of absence for four days, commencing on the 15th instant, by making application to the heads of the departments.

FROM BALTIMORE. Confederate Dead.—An interesting suit decided. Special Despatch to The Evening Telegraph. BALTIMORE, June 3.—Next Saturday will be fixed for decorating the graves of the Confederate dead in the cemeteries around Baltimore. The suit of Foster against Claiborne, proprietor of the Fountain Hotel, for \$600 damages in consequence of having his money and watch stolen when a guest of the hotel, was decided, in the Superior Court, in favor of the defendant, on the grounds that plaintiff did not comply with the hotel rules in not putting valuables in the safe, etc.

Departure of United States Consuls. Dr. Erni, United States Consul to Basle, Switzerland, and R. M. Hanson, United States Consul to Bremen, sailed hence yesterday in the steamship Leipzig.

Confatration. The new Richmond Flour Mill, two miles south of Frederick, Md., was burned this morning. The engine-house and contents were saved. The mill was owned by Fangmeyer, Doll & Castle, of Baltimore, whose loss is estimated at \$10,000; insured for \$5000 in the National Fire Company of Baltimore.

FROM NEW YORK. Attempted Suicide. Despatch to The Evening Telegraph. NEW YORK, June 3.—Josephine Clifton, residing in Twenty-seventh street, attempted to commit suicide this morning by jumping off the pier at the foot of Spring street.

A Fire broke out about noon to-day, at the Russian baths, on Fourth street. The fire is now almost extinguished. Damages about \$5000, partly insured.

Financial Matters in the Metropolis. NEW YORK, June 3.—The money market to-day is unusually dull. Gold opened at 10 A. M. at 138 1/2, has fluctuated to 137 1/2 and 1/4, and has again declined to 138 1/2, with very little business doing. Dullness of foreign exchange is the principal cause of inactivity of the money market. In the stock market Michigan Southern, which yesterday reached as high as 119 1/2, has now declined to 114 1/2. New York Central and Hudson River still maintain yesterday's high prices, being quoted at 123 1/2 and 100 1/2 respectively. Pacific Mail is a little firmer to-day, being quoted at 82 1/2.

Post Office Robbed. FREMONT, Ohio, June 3.—The Fremont Post Office was broken into and robbed last night. The thieves also destroyed a large number of letters.

CUBA. Admission of Rebel Successes.—Defection among the Spanish Troops. A Spanish volunteer writes to a Cuban friend in New York under date of Havana, May 22:—I write you again to-day strongly impressed by the successes which have occurred during these last days. The insurgents, who, according to Government reports, and the notices and comments of the press, were regarded as the most complete impotency, show now that they are stronger and more numerous than ever. The battles of Alta Gracia, Las Minas, Tunas, Trinidad, etc., have been, according to reliable reports, routes for the Government, and we have, besides, expeditions coming from Nassau and other points in the States. These things have infused among us, and I should not be surprised if the volunteers, among whom I am counted one, under the pretext of certain veteran officers being placed over us in the ranks of deserting chiefs, tired and worn-out as they were by the swiftness, that the volunteers, I say, should all at once, make a bold stroke against this impotent Government, putting themselves under the control of the Cuban cause, and their freedom would be at hand upon us by the way of reprisals.

The insurrection is as the mangroves are in all directions—abundant. The mercantile situation is grave, inasmuch as no one trusts any one; neither is there any confidence felt, as between one man and another; nothing is sold, neither can anything be collected, because the insurrection is the most magnificent pretext in the world for a refusal to pay; and, moreover, he who has a dollar in hand never expects to make another one out of this unhappy land. Unfortunately, it is too true that this country is ruined for all of us for a long time to come.

The Cuban Envoy in Peru. A correspondent in Lima, under date of May 14, writes as follows respecting the Cuban envoy to Peru: Don Ambrósio Valente, Commissioner from the Revolutionary Government of Cuba, arrived here on the 6th inst. His mission was twofold—one to seek a recognition of Cuban independence, which has just been granted, and the other funds to carry on the war. The first object received the attention of a special Cabinet council. For the second object he is to be assisted by the friends of Cuba, and doubtless they will give abundantly. Don Ambrósio is a son of the celebrated Cuban lawyer, Don Porfirio Valente, who, at present is in England for the same purpose. The great wish of Lima has been the hospitality of their columns at his disposal.

From Great Inagua Island—Landing of Mutilations of War—A Steamer Taking on Mutilations of War—An American Schooner—Destination Unknown. The schooner Mary Kelly, just arrived at New York from Inagua, the following particulars have been received from the schooner's crew: On the 17th of May, the schooner, Inagua, and an American schooner, the "Champion," sailed from Boston, United States, for Inagua, well loaded with arms and munitions of war. The "Champion" and the steamer were lying side by side, and the crew of the schooner were transferred from the former to the latter vessel.

There were several cannon, a good number of small arms, and quantities of powder, which had been granted, and the funds to carry on the war.
