Yesterday afternoon the members assembled for devotional exercises, the President, Rev. Charles H. Stitt, presiding.

After singing, prayer, and the reading of the Scriptures, a sermon was preached by Rev. John Forsyth. The Sacrament of the Lord's Supper was then administered.

In the evening, after devotional exercises, the following business was transacted:— Rev. Mr. West, of the Domestic Missions, read the annual report, showing that 5358 persons had come under the care of the missionaries, who reported 668 persons admitted to church membership. During the year 72 missions have received the fostering care of the Board. The managers report that seven young men have been licensed to preach the Gospel. The report was referred to the Committee on Publication.

City Councils.

The regular meetings of these bodies were held yesterday afternoon. The attendance was unusually full, so far as the lobbies were concerned, a matter to be set down as surprising when we remember that the lone stool-seats in Independence Square are invitatory of occupancy to people of the class found in the gallery of the Quarter Sessions and in the galleries of the Council Chambers from January to December. The business done yesterday was this: SELECT BRANCH .- William S. Stokley,

President, was in the chair. A resolution was presented from Mr. Barlow asking for the paving, with Nicholson pavement, of Broad street, from Coates down to Wharton. This was referred to the Committee on Highways.

A large batch of petitions were presented from various sources. They ask for additional gas lamps, for an increased supply of water, for paving, grading, and the like.

They took the usual reference to the standing committees. By Mr. Shermer was presented a petition for the change to another locality of the

Seventh Division voting-place of the Seventh Ward. This was referred. A note, as annexed, was received from the

Mayor. It says: Gentlemen : I have the pleasure of transmitting to you the correspondence between myself and Hon. Andrew G. Curtin, in relation to the tender by the city authorities of Independence Hall to our Minister to Russia. for the purpose of giving an opportunity for the citizens of this city, and the friends of Mr. Curtin, to bid him farewell upon his departure from the United States,

He has fixed the 12th of June, between two 1 and four o'clock, P. M., as the time for the

reception. It only remains for me to say that I am confident that your honorable bodies will perfect all necessary arrangements for the occasion, and unite with the many friends of the late distinguished Chief Magistrate of this Commonwealth in giving him good cause to bear to the ice-bound and snow-clad empire, to which he goes, the warm and sunny recollection of a genial farewell.

Very respectfully,

DANIEL M. Fox, Mayor of Philadelphia. Mr. King offered a resolution appointing

joint special committee to carry into effect the resolution accepting the invitation of St. John's Commandery, of the Masonic Order, to participate in the exercises of their demonstration on June 15. This resolution was adopted.

A resolution was offered by Mr. Franciscus that when this Chamber adjourns on July 1, it shall stand adjourned until September 16. This was also adopted.

Mr. Cattell presented a petition, numerously signed by residents of the Twenty-fourth Ward, asking legislation to render illegal in future the blasting of stone in the quarries in the vicinity of Thirty-fourth and Gregg streets, Twenty-fourth Ward. This was referred to the standing com-

mittee. For directors of Girard College, Robert P. Gillingham, Cyrus Horne, and Joseph R. Rhoads were elected by the Republicans, over David W. Heppard, John O. James,

and James Page, nominees of the Democratic party. The vote was 15 to 12. Mr. Hodgdon, from the Committee on Water, reported a resolution to lay waterpipe in a drain on Dickerson, Sanderson, and

By the same committee was reported a resolution adverse to a request of the managers of Wills Hospital, requesting that no charge should be made to the managers for water-pipe, etc., furnished by the Water Department to the institution.

other streets in the vicinity. Adopted.

This was discussed at some length. The scale was turned by Mr. Plumly, and the report of the committee was accepted.

Mr. Smith submitted an ordinance appropriating \$51,000 to build new schoolhouses at Mount Airy and Chestnut Hill, and to enlarge the Bringhurst Schoolhouse in the Twenty-second Ward. This was referred to the Committee on Finance.

A resolution from Common Council to grade Long lane was concurred in. An invitation from the United Turners of Philadelphia, asking City Councils to par-

ticipate in their celebration, at Washington Retreat, on the 14th proximo, was accepted. The resolution from Common Council to suspend the Columbia and Schuylkill Hose Companies was adopted after a long debate The one suspending the South Penn Hose Company was amended by including the Independence Engine Company. In this shape the resolution was concurred in.

The resolution from Common Council to elect Police Magistrates at the next meeting of the Chamber was concurred in. Mr. Cattell submitted a report concerning

the Spafford or rubble pavement. It was ordered to be printed in the appendix to the journal.

The ordinance to put a fire-alarm box in the depot of the Citizens' Passenger Railroad (Tenth and Eleventh streets) was agreed to. The ordinance to apply \$1400 to place a clock and bell in the cupola of the Shiffler Hose house was passed over the veto of the Mayor.

The resolution authorizing the Pennsylvania Railroad Company to put up a corrugated iron awning at Ninth and Chestnut streets was referred to the Committee on Police, Adjourned.

COMMON BRANCH,-Joseph F. Marcer, President, called the Chamber to order at a quarter past three o'clock.

nber of petitions, asking for the laying of the Nicholson pavement on Broad street, south of Coates, were received and appropriately referred.

A resolution, offered by Mr. Martin, inviting Select Council to meet Common Council, in joint convention, for the purpose of electing eighteen Police Majistrates, one Guardian of the Poor, and one member of the Board of Health, was passed. A resolution authorizing the Pennsylvania

Railroad Company to erect a corrugated iron awning at Ninth and Chestnut streets was The Chair called up the bill appropriating

\$14,410 for furniture in new school buildings, rent, &c. This ordinance was under discussion at the

adjournment on Thursday last. The motion of Mr. Hetzell, to postpone for the present, was lost, and the bill passed.

A message from his Honor Mayor Fox,

vetoing the ordinance making an appropriation of \$1400 for a town-clerk and bell in the cupola of the Shiffler Hose house, was read. Mr. Hetzell moved to postpone the consideration of the subject, in order that the members might have time to examine the veto.

The bill then passed by a vote of 26 yeas to 9 nays over the Mayor's veto.

The Finance Committee, Mr. Shoemaker, chairman, presented a resolution asking for the discharge of the committee from the consideration of a communication from contractors Jenkins and Taylor, asking relief from the city because the property-owners on Broad street had refused to pay them for laying the Nicholson pavement on that street north of Coates street. The contractors claim that they entered

into a contract with the city for the work, and that they now hold in assessment bills the sum of \$94,465 68, which, by the decision of the Supreme Court, are of no value, the Court deciding that property-owners cannot be forced to pay for the paving of streets. After a long discussion the resolution was

passed, and the matter was then, on motion of Mr. Wagner, referred to the Committee on

The same committee reported an ordinance authorizing a loan of \$500,000 for the erection of new school buildings, additions, etc. Recommitted to the Committee on Finance.

The same committee reported an ordinance appropriating \$34,490 to carry out the provisions of the registry act-\$27,000 to be taken from the Treasury direct, and the remainder to be transferred from the appropriation to the City Commissioners. By the act eight aldermen are to be employed for ten days, at three dollars per day, nine hundred canvassers, at three dollars per day, for three days, and sixty assessors, at \$6800; \$8000 for printing, etc., etc.

Mr. Hetzell opposed the bill. He said that moneys raised by taxation and for public purposes should not be expended as proposed. He thought the act specified that a poll-tax was to be levied to carry out the provisions, and for this reason Councils should not pass the bill. It was a violation of the law, and a

wrong upon the tax-payers. Mr. Bardsley said that the law directed the Assessors and Board of Aldermen to commence their duties under the bill on the first

Monday in June, 1869. Mr. Hetzell said that the act does not state that they shall commence their duties this

The bill was then read, and Mr. Hetzell's remarks found correct, no year being specified in the act. Mr. Bardsley contended that the gentlemen

from the Sixteenth Ward was splitting hairs on a very fine point. Mr. Hetzell observed that he had no inten-

bion of splitting hairs, but wished to hear the till discussed. He called upon the chairman of the Finance Committee to explain why the money should be taken from the Treas-

ury when the act provided that a poll-tax should be levied to carry out its provisions. Mr. Shoemaker replied that no election can be held unless the act is recognized, and if no appropriation is made no election takes Although he did not endorse the action of the Legislature altogether, he did not believe that the members thereof intended to ignore the votes of the public.

Mr. Hetzell said his question had not been answered. Mr. Shoemaker replied that the bill would

have to be accepted as a whole; one point joint could not be arrainged against the other. Mr. Dillon claimed that the act was unjust, and that the intention of its passage was to disfranchise hundreds of Democratic voters.

Mr. Hetzell thought Councils ought not to pass the bill, as the constitutionality of the act is to be tested in a higher court, and no legislation should take place until a decision was obtained.

After some furter remarks, the year and nays were called, resulting yeas 31, nays 10; the ordinance passed.

From the Turners' Society, of Philadel-phia, was read an invitation to Councils to attend the reunion of the society on the 14th instant. The invitation was accepted.

A resolution for the appointment of a joint special committee to make arrangements for the reception of ex-Governor Curtin in Independence Hall, on June 12, was passed. Mr. Ray, from the Committee on High

vays, reported bills as follows: One to pave Hallman street; one to pave Philip street from Susquelianna avenue to Diamond street one to pave the sidewalks on Third street from Diamond to Norris; one for the opening of Meadow street; one repealing the provisions of the ordinance relative to the paving of streets, so for as it applies to Woodland and Chestnut streets in West Philadelphia; one tramway Crosby and other streets; and one to open William, Memphis and other streets. These were all passed.

The Committee on Election Divisions reported bills as follows: One rearranging and fixing the boundary lines of the election divisions in the Twenty-sixth Ward; one changing the place of voting in the Eleventh Division of the Twenty-sixth Ward; one fixing the boundary lines of the Ninth Division Twenty-sixth Ward; and one changing the place of voting of one of the divisions in the Twenty-fifth Ward. These were passed.

A resolution to rearrange and fix the boundary lines of the election divisions in the Nineteenth Ward was next offered. No quorum voting on its passage, the Chamber was declared adjourned.
