BUSICAL AND DRAMATIC.

"Il Barbiere di Seviglia." The light, sparkling, and florid music of Rossini's opera of Il Barbiere di Seviglia will always make it a favorite, and, if even moderately well performed, it is sure of being received with applause. A very good-sized audience was in attendance at the Acaderay of Music last evening, on the occasion of Miss Kellogg's last appearance, and the prima donna floral tributes and other evidences of popular favor. The performance was tolerably good, but certainly not first-rate. Miss Kellogg sang in the role of "Rosina" with taste, elegance, and fine expression, but she was unsympathetic, and appeared to think that any display of dramatic ability was entirely unnecessary. In the singing lesson scene a waltz, written by Signor Arditi for Miss Kellogg, was introduced and was encored. Signor Reina performed creditably the part of "Figaro," but he was by no means equal to many other singers who have attempted it. Signor Boetti appeared as "Count Almaviva;" Signor Susini as "Dr. Bartolo; and Signor Barili as "Don Basilio,"

MR. JOHN S. CLARKE is now playing a very successful engagement at the Strand Theatre, London, where he has established himself as a favorite with a public not over-eager to recognize dramatic talent that comes from this side of the Atlantic. Mr. talent that comes from this side of the Atlantic. Mr. Clarke's "Mayor Wellington de Boots" made a great hit, and he played the part to crowded houses for a number of months without interruption. He has been equally successful in a new piece, entitled Fox vs. Goose, by Mr. John D. Stockton, of this city, which has recently been produced. Mr. Clarke's acting is warmly praised by all the London critics, and the piece is described as a lively and laughable farce of more than usual merit. We are glad to record this success. In the uncongenial atmosphere record this success, in the uncongenial atmosphere of London, of two Philadelphians.

A BURGLAR PROOF SAFE .- The First National Bank, or Tuesday, placed in their vault one of MARVIN & Co.'s Chrome from Spherical Burglar Proof Safes, which was pur-chased from their agent, Mr. Hervy Herman, formerly of

The safe was sold to the Bank subject to such test as the Directors saw fit to put it to. They invited machinists and others to try their hands at safe breaking and boring The Bank employed Major Epley, one of the best machinist in this section of the country, to "drill the safe if possible." The Major, with the assistance of his son, spent hours in preparing his drills and tools, and having secured a strong leverage, went to work, and after entirely using up his drills, and hardly making an impression on the safe, gave his opinion that drilling through, inside of two weeks,

was out of the question.

The safe was then attacked with heavy sledges. Messre Small, Billmeyer & Co. were called upon for three of their best Blacksmith Strikers, who were furnished with heavy sledges. After placing the safe in the middle of the side walk, where they commenced whacking away in regular forge style, dealing blows that were heard for squares, but with no effect on the safe. It may be imagined with what strength they dealt their blows, when they were sufficient to crack the sledge and render it useless. The trial created quite an excitement, and all were satisfied that a Bur plar-Proof Safe had at last been found .- York Democrati

SCIENCE ADVANCES.-As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion, unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Some time since, mercury, in the disguise of pills, powders, etc., was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length Hosrer-TER'S STOMACH BITTERS made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknow ledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has consigned them. There have been many spurious Bitters palmed upon the community, which, after trial, have been found perfectly worthless, while HOSTETTER'S has proved a blessing to thousands, who owe to it their restoration to health; and for many years we have watched the steady progress of HOSTETTER'S STOMACH BITTERS in public estimation, and its beneficent effects as a cure for all complaints arising from the stomach of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation, after years of careful study and sitting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only preparation of the kind that is reliable in all cases, and it therefore demands the attention of the afflicted.
