tysburg Monument in July next. Accepted. From his Honor Mayor Fox was received the following:

To the President and Members of Com-mon Council of the City of Philadelphia : Gentlemen-I communicate herewith a copy of the order issued by the Chief of Police, under my direction, reorganizing the detect ive force and placing it entirely under the superintendence of that officer. Experience has demanded the necessity of a change, and it has seemed to me that the incorporation of the detective with the other police force and its subjection to one authority, together with specific regulations for the performance of duties, will promote the efficiency of all branches, while public opinion will be better satisfied than by a continuance of the pres-ent system, which has unquestionably fallen into some disrepute. As well for the purpose of carrying out advantageously the reform, as for other necessary purposes of the police system, there will be required more room and greater accommodations for that department. Entrusted with important duties for the discharge of which he will be held responsible, the Chief of Police on t to have an office for himself, together with such rooms adjacent or adjoining as may be required for his im-mediate assistants. Allow me to suggest that the rooms necessary for the purpose should be in close proximity to the Mayor's office, and, indeed, in the same building. I therefore respectfully commend the subject to your prompt consideration. Very respect-DANIEL M. FOX, fully, Mayor of Philadelphia. June 24, 1869.

Mr. Wagner moved to refer to the Committee on Law.

Mr. Hetzell moved to refer to the Committee on Police, with instructions to report as to the advisability of abolishing the Detective Department.
