The following table presents a summary of the arrests for the first six months of the year, compared with the same periods of previous years:—

THE LATE CHARGE OF ROBBERY AGAINST THE POLICEMEN AT THE FIRE AT LEONARD, BARRE & CO. N.—At noon to-day, the investigation into the charge made against certain policemen of robbing the store of Leonard, Baker & Co., during the fire on Wednesday night, was commenced by Mayor Fox.

The Mayor stated that his attention had been called to the various reports with reference to the conduct of some of the police at the fire at Leonard, Baker & Co., on Chesnut street, above Second, on Wednesday night last. He desired a full investigation, and had taken this occasion to call together everybody who knew anything of the circumstances with reference to the alleged robbery by the policemen. 

men,
Samuel Leonard, of the firm, related the circumstances attending the fire, all of which he had derived since the occurrence; the firm knew that goods had been stolen during the progress of the fire; on a careful examination the firm had lost about \$5000 in this way; had not formed any positive judgment as to who had taken the goods; not being present, and not knowing who were in the building during the fire, he could not say who had stolen the goods.

A. G. Baker, a member of the firm, stated that he had no knowledge of who stole the goods, but he was satisfied, from the books, that goods had been taken on the night of the fire, and by those was were in the building at the time.

THE ACADEMY OF MUSIC-ANNUAL REPORT OF THE ACADEMY OF MUSIC—ANNUAL REPORT OF THE DIRECTORS.—The annual report for the fiscal year ending June 30, 1889, has just been issued. It gives a most gratifying exhibit of the affairs of that institution. During the year the revenue from rent of the Academy for public purposes was \$37,185, and the aggregate available amount in the treasury is \$49,859.06. Of this sum, the amount paid for fixtures, ground rents, wages, gas, fuel, and other regular working expenses was \$18,145.36; and \$5345.93 was paid for scenery, additions, alterations, and repairs. Some of this new scenery is remarkably good, and maintains the high standard established at the Academy in the beginning. The house is insured for \$126,500, which is not half its actual value. Two demy in the beginning. The house is insured for \$125,500, which is not half its actual value. Two ground rents on the ground occupied by the building were paid off and extinguished during the year, amounting to \$17,622.70, leaving one ground rent, the principal of which is \$7500, remaining, which will be paid off this year. The lettings of the house during the year were 252, of which 105 were for operatic and dramatic representations. When the last ground rent shall have been paid off the institution will be free from debt. As regards prospects shead, the rerent shall have been paid off the institution will be free from debt. As regards prospects ahead, the report says:—"The house has been let for two weeks in September to the Richings troupe, for two weeks in October to the Parepa-Rosa troupe, and for four weeks in November to a French company for the production of grand and light operas, making in all eight weeks of opera prior to the first of December next, and the prospects are favorable for a good supply of operatic and dramatic representations during the winter and spring months.

THE WASHINGTON MONUMENT.—The granite pedestal for the Washington monument was hauled to the front of Independence Hall yesterday afternoon. The largest piece weighs about ten tons, and, with the marble statue on the top, will stand 2! feet high. The pedestal is of the finest Richmond granite, like the costly and beautiful Washington monument in that city. The pieces which arrived from Richmond, Va., were landed at the Pennsylvania Central Railroad wharf, and hauled from thence to the State House. The pedestal is from the quarries at Richmond, Va., owned by the Richmond Granite Company, composed of several enterprising Philadelphia gentlemen, who are working the quarries on a large scale, and we understand that the company have thus far been quite successful. The cheapness have thus far been quite successful. The cheapness of labor in that locality, with the fine quality of their stone, gives them great advantages. The markets at Norfolk, Washington, and Baltimore are naturally very convenient for these quarries, and this market is being supplied with large quantities also. This commany have made extensive improvements on is being supplied with large quantities also. This company have made extensive improvements on their large and valuable wharf, at the foot of South street, Schuylkill, and it gives evidence of increasing business in that direction along the river front. The company have recently closed a contract with the Illinois and St. Louis Bridge Company, for the supply of all the granite that will be needed for that important work. We are pleased to see this additional evidence of the enterprise of our fellow-citizens,

PRINSIONERS OF THE WAR OF 1872.—Under the construction of the law relative to the payment of State pensions, the State Treasurer has decided that all those entitled shall make affidavit, supported by two persons, that they are the identical person to whom the pension was issued. This is similar to the regulation of the Pension Department of the United States Government. As this payment is the annual one, persons entitled can obtain blanks at the City Treasurer's office, for the purpose of having them made out before receiving the July payment.

EXCURSION OF THE LITTLE OWN. To MORTOW.

EXCURSION OF THE LITTLE ONES.-To-morrow EXCURSION OF THE LITTLE ONES.—To-morrow there will be a grand excursion to Paoli by the inmates of the Little Wanderers' Home and the Bethany Mission, given under the auspices of a number of gentlemen of this city. A number of other Sunday-school children will accompany the party. The line forms in the morning at Twenty-first and Shippen street, and will march to the depot at Thirty-first and Market streets, where they will take the cars on the Pennsylvania Railroal for Paoli, During the day there will be interesting exercises of singing and addresses.

The women got to wrangling, when Mrs. Blee head with a porter bottle. Mrs. Lee over the head with a porter bottle. Mrs. Lee was taken to the Hospital. Mrs. Blee escaped.

A FIRE-PROOF FORCED OPEN.—Some time during last night the counting-house attached to the marble yard of Edwin Greble, No. 1708 Chesnut street, was broken into by thieves, who went to work on the safe, which they had the satisfaction of forcing open, but from which they succeeded in obtaining nothing of value.
