ANOTHER BELL-RINGING OUTRAGE,-Our remarks vesterday about the ringing of the Fairmount Engine bell on the departure of a party of excursionists ex-pressed the feelings and indignation of thousands o citizens who were annoyed by the outrage. Such a disregard for the feelings and comfort of the people of this city cannot be condemned in too severe terms, and such a public expression of disapprobation ought to deter others from a like offense. The affair vesterday morning mightbe attributed to mere thoughtlessness; nd occurrence of the kind after a protehas been entered can be set down as nothing but mere maliciousness. We find, however, in one of the morning papers the following announcement:-NOTICE. The bells of the Western Engine Company will be rung on the 20th inwant, between the hours of 6 and 5 o'clock, on the occasion of the Excursion. In behalf of the citizens of Philadelphia within searing distance of the Western Engine house bell we enter an emphatic protest against this performance, and if the members of the company have sense enough to refrain from carrying out their inten-tions, the authorities ought to interfere to prevent the nuisance. A NEW WOOD PAVEMENT,-By invitation, vesterday afternoon, a number of the members of City Coun-cuts repaired to the office of the Philadelphia Wood Paving Company, at the southwest corner of Broad was inspected. The new pavement, as exhibited, is to consist of certain wedge-shaped blocks, so put down as to cover the entire floor or plank founda-tion. These blocks are six inches high, four inches wide at the base, three inches at the top, and eight, ten, and twelve inches in length. The channels be-tween the blocks being also wedge-shaped, and run-ning transversely to the street, are to be filled in with The entire construction of the payemen concrete. is said to admit of being laid, taken up, and relaid as easy as any stone pavement, while it is said to be able to sustain as heavy loads, and can be put down at a reasonable cost. The exhibition made yesterday was for the purpose of obtaining authority from Councils for laying this pavement in the city. SURRENDERED HIMSELF .- William I. Blogmer, the man who fired off the cannon at Point Airy yester-day afternoon, by the wad from which Charles Lance was accidentally struck and fatally hurt-dying af-terwards at the Hospital-hearing of his death, went to the Mayor's residence this morning and gave him-self into custody. Mr. Bloomer resides at No. 619 South Front street. He feels the most poignant South Flow street. He leads the most polynamic grief at the accident, which is but slightly diminished by the knowledge that his connection with it is in no wise censurable. The Coroner will hold an in-quest upon the body of Lance, until which Bloomer will be detained. will be detained ON SUSPICION .- John Mackey and Samuel Smith, both colored, were arrested by Sergeant Lynch last night, between 10 and 11 o'clock, at Eleventh and night, between 10 and 11 o'clock, at Eleventh and Christian streets, on suspicion of burglary. A row of houses standing on Tweith street, between Spruce and Pine, run back to Dean street, and directly in their rear is a stable. At this latter place four persons were observed, suspicious in appearance. They were approached, when they ran. ## FROM NEW YORK.

#### The Money and Stock Market To-day. Special Despatch to The Evening Telegraph.

NEW YORK, July 29 .- The general Stock market is very firm but unusually dall to-day, with only a little variation in quotations. New York Central is quoted firmer at noon at 211. Hudson River is a little firmer at a slight advance, and is quoted 184%, and lower 18414. Harlein is dull and lower, having opened at 165; the present price is 162. The proposed consolidation of the Vanderbilt roads seems to hang fire and causes a quieter feeling in the above stocks. Gold opened at a decline of a half per cent., but subsequently reached 15, and is now quoted at 136.

The higher cable prices of bonds in Europe together with a light specie shipment by the steamer Rhine, which took out only \$150,000. caused the decline in gold. Government securities are irregular. At noon the prices were steady. Five-twenties show an advance of 3 per cent. Ten-forties are steady. The new issue of Five-twentles were off about 1% at 1 P. M. Money is quoted at 7 per cent., currency. Sterling Exchange is easier, and is quoted at 1093;@110 and 1101;@1109;. Private cable despatches foreshadow a further reduction of the Bank of England rate to 314 per cent. per annum

#### Destructive Fire Near Boston.

BOSTON, July 29 .- The lard works of Wright & Co., in Highland district, were nearly destroyed by fire last evening. The building was valued at \$10,000, and with the stock, much of which will prove an entire loss, the total loss will reach \$20,000, which is insured for \$10,000, The Massachusetts Temperance Movement.

At a meeting of the Executive Committee of the State Temperance Alliance, the recent vote requesting Mr. William B. Spooner to resign the Presidency of the Alliance was unanimously rescinded. A resolution was adopted approving the call by the Prohibitory Committee for a State Temperance Convention, Mr. Spooner, Rev. Dr. Marvin, and Rev. Mr. Thayer were designated a co-operative committee.

Rev. Mr. Dwyer, of the Cerman Methodist Episcopal Church of Boston Highlands, who was present by invitation, made an address, in which he said he was opposed to the sale of lager beer, being satisfied that it was intoxicating and injurious to the German population. He thought that if a meeting was called of the Germans who favor the present law, much good would result.

Professor Webster, of Illinois, said temperance people were watching the cause in Massachuetts with great interest. The temperance men he said, formed an independent organization. and would stand their ground, and that all over the West they were massing, and it would be a question of national policy.

## The Special Cabinet Meeting.

Special Despatch to The Evening Telegraph

WASHINGTON, July 29 .- The President, accompanied by his Private Secretary, General Porter, and Secretary Fish, arrived here this morning. The members of the Cabinet had been notified by telegraph last night from Philadelphia that the Cabinet meeting would be held to-day, instead of to-morrow, the usual day. In accordance with this notice, all the members of the Cabinet, except the Postmaster General, were at the Executive Mansion by noon. with their portfolios full of business demanding the attention of the Executive. The session will be a protracted one. In addition to the routine department business, which has accumulated during the President's absence, the situation in Virginia and Mississippi will be considered.

The Delegation of Radical Mississippians which is now here is very severe upon Judge Dent as the proposed candidate for Governor. They are here for the purpose of urging the President to get Dent to withdraw, but they will not be able to get an interview until to-morrow, They denounce Dent as a carpet-bagger, and say he did not pay the negroes who worked for him on his plantation in Mississippi. There are rumors here of Dent's withdrawing his name, but he denies any intention of doing so.

Work for the President.

If the President can get through the mass of public business which has accumulated on his table, he will return to Long Branch to-morrow evening. It is doubtful, however, if he can do so, as there is a delegation from Texas and one from Mississippi anxious to take up a part of his time. I'e did not see any callers to-day.

The News from the Japanese Squadron. Despatch to the Associated Press.

WASHINGTON, July 29.-Rear-Admiral Rowan, commanding the Asiatic squadron, in a despatch dated Yokohama, June 26, says the Japanese Parliament is yet in session, but not open to foreigners. It is reported that many important measures are under consideration, mostly relating to foreigners, foreign intercourse, and finance.

It is probable the rebel forces on the island of Yeddo have been captured or dispersed. The country will then have peace. Many of the princes have surrendered their long-cherished rights for the general good.

Already have the Japanese far outstripped the Chinese in progress towards Western civilization. The Government has troops uniformed, and armed with the latest improved breech-loading guns. The naval vessels are still armed. A hospital has been built at Hiogo, and is in charge of an American surgeon and open to foreigners. Lighthouses are built and lighted, and a lightship is being equipped, to be stationed off Treaty Point.

The coal mines are successfully worked, and supply our squadron with coal, while the Chinese refuse to allow foreigners to mine coal, and will not mine themselves because of the Tung-Chur.

THE LATEST NEWS. FROM WASHINGTON. Customs Receipts.

WASHINGTON, July 29.-The Customs receipts from July 17 to 24 inclusive were as follows:-Boston, \$295,355'52; New York, \$2,582,818'41; Phila lelphia, \$167,868.55; Baltimore, \$177,834-70; San Francisco, July 3 to 10, \$244,721.08; total,

Commissioner Delano has decided that parties who buy old rails to reroll, and sell them to railroad companies, are makers of new rails, and liable to a tax of two dollars per thousand in excess of \$1250 per quarter, under section 4, act of March 31, 1868.

BOSTON, July 29,-The Convention of the Daughters of St. Crispin commenced in Lynn yesterday, and is continued to-day. A permanent organization was effected as follows:-

President, Miss Jones of Stoucham; Vice-Presidents, Nancy Whitmore of Rochester, New York, and Miss Bates of Auburn, Maine; Secretary, Miss Abbie Jacques of Lynn. The Committee on Credentials reported thirty delegates present, representing the following towns aud cities .- Lynn, South Abington, Stoneham, Danvers, North Easton, North Bridgewater, Auburn, Maine, Rochester, San Francisco, Chicago, and Philadelphia. The objects of the order are identical with those of the Knights of St. Crispin, and the purpose of this convention is to form a National Grand Lodge, so that the various lodges in the Order may be combined.

## A Banking Difficulty.

PROVIDENCE,, R. I., July 29 .- The Commercial Bank of Bristol, in this State, was temporarily closed to-day for an investigation of its affairs. The cashier confesses he has allowed certain parties to overdraw to a considerable extent; but they deny the charge of making overdrafts, and say that if any defalcation exists it is attributable to other causes. The bank is a State institution, with a capital of only \$50,000.

#### Literary Convention.

POUGHKEEPSIE, July 29 .- The Philological Convention adjourned sine die at 12 o'clock today, and the members thereupon immediately organized the American Philological Association, with the following permanent officers:-Presisident, Dr. Taylor, of Phillips Academy; Secretary, Professor Silber; Treasurer, Hon. J. H. Trumbull.

## The "Three" Liberators.

Despatch to The Evening Telegraph. NEW YORK, July 29 .- The three Cuba filibusters, Thomas O'Neill, James C. Burns, and Albert Irwin, who refused to be liberated from Fort Lafayette, have, it is reported, reconsidered their determination, and will be released to-day by Commissioner Shields.

# FROM EUROPE.

# Complimentary Message to the Governor of Massachusetts and Mayor of Boston.

By French Cable,

BOSTON, July 25-10:40 A. M.-Office No. 112 State street.

LONDON, July 28 .- His Excellency the Governor of Massachusetts and Mayor of Boston:he Board of the French Atlantic Telegraph Company return warmest thanks for the splendid reception accorded in the United States to their undertaking. The goodwill thus exhibited is sincerely reciprocated by the board, who con-fidently look to their cable proving the means of uniting still more closely in friendly feeling the people of the two countries. The cable will now be opened to the public with the least possible delay compatible with the termination of the European land line. (Signed) R. SLATER, Jr., Secretary.

became stronger, the sixty-twos advancing from 82% to 82%. While the real scarcity of the five-twenties in the home market chables operators for a rise to sustain the market the current speculation has been largely directed to the Ten-forties, the coupon issues of which sold to-day at the remarka-ble figure of 11%. The demand for the currency sixes hesitated in consequence of the weaker feeling in gold. To-morrow the Government will buy a million of Five-twenties for the sinking fund." THE NEUTRAL LANDS.

The Trouble Between the Leaguers and Rall-road Men in Kansas. A correspondent of the Leavenworth Times writes as follows from Cato, Crawford county, Kansas, under date of July 18:--

It becomes my painful duty to inform you of renewed acts of lawlessness committed on the Neutral Lands. On Friday night, July 16, a body of armed Leaguers attacked a party of railroad hands on Drywood creek, seven miles south of Fort Scott, and two miles north of this place. They ordered the hands to pile all their tools, including wheelbarrows, picks, shevels, etc., and all their tents and surveying instruments, into a huge pile, which the railroad hands were forced to do; they then gave them fifteen minutes to leave the ground, and set fire to the property of the railroad company, and all that would burn was soon reduced to ashes.

No personal violence was used except in one instance. A laborer whom they had ordered off on a previous occasion was stripped of all his clothing, as they said, for the purpose of applying the lash; but while they were engaged at-tending to the destruction of property, he made is escape to a farm-house on Buck run, where e was cared for and clothes furnished him.

Another band of Leaguers attacked a party of aborers farther south and west, who came from the Pawnee and Walnut creek districts, on the same night. They also destroyed everything in the shape of tools, tents, etc., that was combustible, and stole two mules from a teamster who was in the employ of the railroad company. Particular pains were taken by both these bands of outlaws to screen themselves by covering their heads with handkerehiefs and light pieces of cloth, to avoid being recognized. None of the railroad employes were allowed to approach nearer than thirty feet to the mob.

There is a strip of neutral land, six miles by twenty-four, in the southern part of Bourbon county, and on this strip of land these acts of awlessness were committed, not, I am glad to add, by the citizens of Bourbon county. The parties who participated in this shameful proceeding were all from Crawford and Cherokee counties.

### Affairs at Atlantic City.

ATLANTIC CITY, July 29 .- An immense excursion train, filling nineteen cars, came down this morning, and bathing, dancing, and feasting are the order of the day at the new Excursion House. The hop at this house last evening was well attended by the residents of the cottages and the guests of the various hotels. This evening is set apart for an invitation hop at the Suri House. To-morrow evening there will be a choice selection of tableaux vivants at the United States Hotel, and for Saturday evening there will be a variety of entertainments. The amateur dramatists of the Surf House

will perform the Rough Diamond and the Loan of a Lover, and at Congress Hall there will be a grand reception hop for the Fire Zouaves. The weather is delightful, but the bathing has been rendered rather chilly by the frequent showers, or the drifting of an iceberg to some locality in this neighborhood.

There are now in this port an iron-clad frigate, a line-of-battle ship, three gunboats, and two transports, of the English squadron: one frigate and two gwnboats of the French, one Prussian and one Dutch corvette, and the Monocacy and the Piscataqua. The health of the squadron is excellent.

Details of the Struggle in Japan. Despatch to The Evening Telegraph.

WASHINGTON, July 29 .- The following is from an extract of the account given by Commander Williams, of the steamer Oneida, of the engagement between the forces of the Mikado and those of Enomoto in the harbor of Yeddo:-On the 20th of June the Mikado's fleet attacked the ships and fortifications of the Northern party under Enomoto. After being engaged for twenty-six hours, they had possession of the town and destroyed the Eagle and Emperor, belonging to the Northern party-having one of their own vessels, the Don Juan, blown up by a shell which entered her magazine.

On the 21st, Commander Williams communicated with the Mikado, and was informed that the situation was as follows:-The forces of Enomoto had possession of Kamida fort, situated on a creek of that name, and a line of earthworks extending across the peninsula to what is called Sand Hills; they also had possession of Fort Benter. As near as Comm ander Williams ould learn, Enomoto had about 3000 men, and the Mikado 8000. The earthworks and forts were invested, and a line of entrenchments were thrown up, preparatory to a regular siege of al works held by Enomoto's party. It was not possible to ascertain what Enomoto's forces would do, because there was no telling what amount of ammunition or provisions they had.

## NEW YORK MONEY MARKET.

The following extracts show the state of the New York money market yesterday :---From the Herald.

"Outside of the stock market and of the few lead ing shares in that department of business affairs were dull in Wall street to-day. The money market has almost totally lost interest, for it is so generally understood that the supply is up to the demand that borrowers show no uneasiness and produce no ac-tivity. The rate on call loans is variously reported in different portions of the street. While the excep-tions at five have been very rare, the transactions were about equally divided at six and seven per cent, Seven per cent, is so trifling in comparison with the profit or loss of a stock operation that borrowers seldom feel inclined to dispute paying it, so that in all transactions which are made to assist spiculation lenders have no difficulty in getting the full legal rate. Commercial paper was sold at nine to ten per cent, discount, and the extreme range of rate was from eight to twelve per cent. Foreign ex-change was dull and steady, and inclined to weak-ness. Quotations were made on the basis of 110æ 110% for prime bankers' sixty day and 110% for sight sterring bills. A great deal of interest was taken in the movements of gold, which rowers seldom feel inclined to dispute paying it, so interest was taken in the movements of gold, which sold as high as 136% in a flurry before the opening of the Long Room, but rapidly declined to 136%, and subsequently to 135% on the discovery that the Cunard steamer to day had only the nominal amount of specie on board. In fact, the market was oute panic stricken by a fear that the gold shinwas quite panic stricken by a fear that the gold ship-ments were going to cease, but was reassured on learning that the steamer of to-morrow was quite pand stricken by a tear duta the gon and-nents were going to cease, but was reasoured on learning that the steamer of to-morrow had a large amount engaged this alter-boon. The fact, is the recent advance in gold set free a large quantity of produce and cotton awaiting a favorable opportunity for shipment. The bales of cotton sent during the week were about twelve hundred—an excess over the previous week's shipment of about eight hundred. The total ex-ports, exclusive of specie, were \$4,544,557 for the same period. The supply of bills which these ship-n ents produced has largely diminished the amount of gold requisite to go abroad. The disbursements of coin interest to-day were \$183,249. "Cash gold was in moderate demand and the rate for carrying ranged from seven to five per cent., with the bulk of the transactions at six. In the af-ternoon an exceptional transaction was recorded at "fat' for borrowing.

"The Government bought three millions of bonds

"That for borrowing." "The Government bought three millions of bonds to-day, in accordance with the programme of pur-chases outside of those for the sinking fund. The amount offered at the Sub-Treasury was about zeven millions.
