STEINWAY & SON'S UPRIGHT

To Planos.—It will be welcome news to the musical public that Steinways have succeeded, by the most gigantic improvements, in raising the Upright Plano from its well-known state of imperfection to that of the most perfect amongst the different shapes of planos. The Upright Plano of Steinway & Sons now is more durable, keeps better in tune and in order, has more power, a purer and more musical tone, and a better touch than the square plano, and rivals in most of these points even the Grand Plano. Its advantages are so plain and striking that the most prejudiced against this shape of a plano are converted by examining them; and out of twenty who want to buy a Square Plano, nineteen prefer now already an Upright one of S. & S. Purchasers will do well to examine them, at the warercom of BLASIUS BROS. No. 1006 CHESNUT Street.
