General Statement of His Official Affairs. OFFICE OF ATTORNEY GENERAL, HARRISHURG, Oct. 6, 1869. To his Excellency Major-General John W. Geary, Governor of Pennsylvania-Sir:-In accordance with the statutory provisions which direct me from time to time to communicate to you the condition of the business of my department, I have the honor to lay before you a brief statement of my official actions. Upon entering upon my duty as Attorney-General, I found in the department, uncollected, claims amounting to two hundred and seventy-four thousand seven bondred and fiftytwo dollars and twenty-two cents (\$274,752-22). Of these I have collected two hundred and forty-five thousand seven hundred and fifty-five dollars and ninety-seven cents (#245,755-97). The balance, twenty-eight thousand nine hundred and ninety-six dollars and twenty-five cents (\$28,000:25), being mostly due from insolvent oil companies, will probably never be

I find, by comparison, that this balance of old claims, ancollected, is apprecedentedly small. During my term of office there has been certified to me for collection -up to July last, the Treasurer claims amounting to four hundred and thirty-two thousand live hundred and fiftyone dollars and sixty-seven conts (\$482,551.67); Of these I have collected three hundred and ninety-nine thousand seven handred and forty-five dollars and seven cents (\$3.9,745.07). The balance, amounting to thirry-two thousand eight hundred and six dollars and sixty cents (\$32,806.60) has been put in suit, but the money may not be made, either on account of the de fendants' insolvency or the fallure to obtain

During the last quarter there has been certified to me one hundred and thirty-eight thousand two hundred and fifty-seven dollars and sixty-five cents (\$138,257.65), nearly all having come to my hands within a month. These have either been paid or suits commenced, all of which are being prosecuted with the utmost speed. In fact, at the present time there is not in this department a single claim which is not as far advanced as the arrangement of the term days of the courts will allow. The entire collection made by me and paid into the State Treasury amounts to nine hundred and eighty-seven thousand nine hundred and nine dollars and seven cents (\$987,-909-07), of which there has been collected during the past quarter one hundred and two thousand four hundred and eighty-eight dollars and thirty-

five cents (\$102,488-35). In addition to the sums collected as above, I have recovered in the Court below suits amounting to fifty-seven thousand six hundred and

fifty dollars and ninety-five cents, but which have not yet been paid, because of the de-fendants having sued out writs of error. To collect these various sums, I have issued three hundred and forty-six writs (346). All of these cases have been concluded, with the exception I will hereafter mention, and all of them, except five, have been decided in favor of the Commonwealth at final judgment. At the recent session of the Supreme Court at Harrisburg, a decision was given in the tonnage tax cases, which have been pending since 1864. The decision was in favor of the Commonwealth, and secured a revenue of over two hundred thousand dollars per

The accumulated debt under this tax makes directly dependent upon the decision over six hundred thousand dollars (\$600,000). The cor-porations are about to take out writs of error to the United States Supreme Court. At the term of court the gross receipt cases would have been also aroned, had they not been postponed until January at the request of defendants' counsel who wanted time for preparation, and also as the decision of the tonnage tax cases, if favora-ble to the State, would carry with it these cases. Such a contingency having happened, the gross receipt cases may be considered as virtually deided in favor of the Commonwealth.

The amount involved is about the same as that

of the tonnage tax, vlz:-over two hundred thousand dollars per annum. The various cases which have occurred since the June term of the Dauphin county Common Pleas are in a condito be heard at the next term.

In conclusion, I would respectfully repeat my invitation to your Excellency to examine in person the books and records of my office. I have the honor to be, with great respect,

Your obedient servant. BENJAMIN HARRIS BREWSTER. Attorney-General.

sidy.

Here the defence closed their evidence.

Detective Tryon was called by the presention to the stand; I am aware that a proclamation was issued by the Mayor on Saturday, the 1sth of September: I saw that proclamation in the papers the next day; I made efforts to get the men described therein before that.

This closed the testimony. The counsel them proceeded with the argument, and at 11.36 at night, Judge Ludlow bastily charged the jury, who retired at 11.50, and at 11.25 Sanday morning returned, and rendered a verifict of guilty of the assault and battery with intent to kill.

My. Cassily notified the Court that he would file reasons for a new trial and in arrest of judgment. udgment.

Philadelphia Sub-Post Offices.

Postmaster Bingham came down on Saturday and submitted a plan to the Postmaster-General or the closing out of five of the large city subpost offices in Philadelphia, A. B. C. D and K. at-which there are employed eighty-five lettercarriers. Postmaster Bingham requested that these letter-carriers be transferred to the Cen-Post Office.

The expenditure required for keeping up the five stations he proposed to expend in street car lare, and each carrier to be transported from the central office to the commencement of his rout The result of closing out the sub-stations will secure greater honesty, and less liability to error an immediate correction of errors when dis-covered, and from one-half to three-quarters of an hour greater celerity in the running of each route. Direct route communication can be secured under the proposed arrangement throughout all the built-up portions of the city which is impossible under the present system.

This plan requires no increase of force or exense. The discontinuance of the sub-post offices will not be felt, and the improvement resulting from a consolidation of the force at the central office, in connection with the speedy street car transportation, will be appreciated the business community of Philadelphia.
