This letter purperts to come from a village near Boston, and the writer, besides writing a very fine hand, indulges in a few pleasantries. From what we can gather from the endorsement, a picture of some "creature" accompanied the letter, and "Lothario" affects to throw ridicule on the fact that the head (as pictured on the tintype) was the author of the letter :-N. B.-Look out for the Untype. N. B.-Look out for the Untype. Mass., October 25, 1869.

I hope you don't think that I am unsophisticated enough to imagine for a moment that you would advertise for imagine for a moment that you would advertise for a wife. I think you are too smart for that. Don't you hear the matrimonial chains clanking in your dreams? Perhaps you may be in earnest; if you are, just wait a moment until I give you some old maid's advice. Don't get married young man at present while female apparel is so high, and they tell me that corn beef and cabbage is not very cheap. You will please address

The next one is of the racy, piquant style, and comes from one of our Philadelphia belles :--

PHILADELPHIA, Oct. 16, 1869. Sir: —I, with a party of a dozen others, have con-tiuded to answer your advertisement in the — for a wife. You must be a strange specimen of the geneou homo when you find it necessary to advertise for a wife when so many girls are desiring husbands. I don't want you or your attention, for I already have enough gallants to render me half wild. Each one imagines that he is the favored guest, nor do I take the trouble to correct any one of them; so you see I am not writing to you for the purpose of entering into any compact or agreement with you. I want to see you. My curiosity in this particular is un-bounded, for I can't imagine what kind of an indivi-dual you are. Wont you do me the favor to walk on PHILADELPHIA, Oct. 16, 1869. dual you are. Wont you do me the favor to walk on Walnut street to-morrow at 12? Walk on the square (Rittenhouse) pavement, having a white handker-chief in your hand, and I will see you. If I like your appearance I may let you know me. Recollect I don't say that I will, but that I may. I assure you that I am handsome, rich (\$175,000 in my own right),

and pleasant. Should I not see you, address a note to Sub-Post Office, Eighteenth and Chesnut streets, to

What kind of a looking gentleman are you ? Please let me see you. Please give me the names of the other girls who write to you; it shall be sacredly confidential. I only want to know which of my friends write to you. Excuse the liberty I have taken, and believe me, until you know better,

The next letter is as follows, and is written in a fair round hand :--

I presume you will receive a number of answers to your advertisement in the —, but pre-haps you will also receive other ones that you like haps you will also receive other ones that you like better than mine. My age is eighteen. I am a bru-nette, and if you correspond with me I shall be happy to send you my picture; that is, if you will acept it. I will write a brief note for the first one, but shall write more if this is answered as a wise man speaks (Shakespere). I will now say adicu. Please address, — — New York City.

"Lothario" answers this one, and swears in the strongest language that he really loves her for her style alone.

Noticing your personal in the ——of Oct. 91, and wishing sincerely to form the acquaintance of a gen-lieman with a view to matrimony, 1 address this to you. Like you I am fine-looking, and have money. Hair the fashionable color, but not dyed or washed in Champagne; good teeth; eyes hazel; worth about \$75,000. Will you not walk in the western part of the city on Sunday the 24th. I often go to the Cathedral in the afternoon to hear the music. Logan Square is opposite. Weik around the square on the Nine-teenth street side about 4 or half-past 4. I say Nine-teenth, because I have friends on the Eighteenth street side, and do not care to have them see me. I will come down from Vine towards Race; will be dressed in black slik short dress, flounced and trimmed with astin; a black veivet hat, a blue feather on one side, and a white wing the other, black gloves, and will carry my blue veivet prayer-book, and a long blue veivet ribbon around my neck very long in the back, and will fasten a small charm on the end, so you will know me. If this meets with your approba-tion put a personal in the ______ of Saturday, with a description of yourself; let me know how I shall re-cognize you, so there will be no mistake. Merely say, Mande, I will meet you, and say how you may be known, and I will not fail to meet you, rain or shine, if I see the personal in Saturday's ________ Maas.

MAUDE. , Mass. (Prince of Mycenm!)

After that fearful war against Troy your illustrious inmesake was cruelly slain by his "unnatural pouse," as Virgil relates, therefore your title looks usly ominous for a "Personal." But "what's in a name?

in a same?" I like your advertisement very much, for it sounds as if you were not expecting to become acquainted with any paragon of perfection, but simply desired "A creature sof too fair or good, For human nature's daily food."-you are

right, and may rest assured that the qualifications you desire will bring no "Clytemnestra" with her unholy love, but perhaps a "Fulria" will take her

lace. I dare not sign myself by that holy name, for have never known the trials it implies. Now who am I? Well, I'm a girl of just twenty years of age, and think that I possess one of your requirements, for if my diplomas speak truly. I have a "good education" having just been graduated from the "senior" and "alvanced" courses of one of about myself, for, if you desire to do so, you may become acquainted with me at some future time become acquainted with me at some future time, and "actions speak loader than words," you know. As to my personal appearance, you can judge of that by my picture, which I will send in my next letter, if you see fit to answer this one. New I have disposed of "self"—a subject I hate to discuss. I will ask a few questions about "my Prince," What is your true pape? How old are you? and would your true barne? How old are you? and would you like to correspond with me, in order to "cultivate the acquaintance" &c. ? All that I have told you about myself is strictly true, for George Washington & I are incapable of telling a falsehood.

This letter bears the endorsement that it has been answered the same as others, and wants the lady to send her picture, together with a long letter on interesting subjects. "Lothario" suggests "Matri-

mony" as a good subject. The following short, sharp, and decisive ones we lump for convenience, leaving out Lothario's endorsements: -

The first one reads thus :--
