-A meeting was held last evening in the Hall of the German Society, No. 24 South Seventh street, to consider the case of Dr. Paul Schoeppe, now under sentence of death, having been con-victed of murdering Miss Stennecke. William J. Horstmann was called to proside, and he stated that the object of the meeting was to devise and adopt such measures as may induce Governor Geary to exercise his executive cle-mency in favor of Dr. Schoeppe. George Nor-throp, Esq., General Louis Wagner, Dr. Wray, and Professor Reese were selected to act as Vice-Presidents, and Eugener Smith, Esq., as Secretary. Addresses, in which R was main-tained that the death of Miss Stennecke was to be attributed to natural courses and not to noibe attributed to natural causes, and not to poisons, and that there was no testimony in the case tending to prove the will of Miss Stennecke to be a forgery, were made by Messrs. George Northrop, Frederick Dittman, Professor Reese, Dr. Wray, and Francis Wells. On motion, it was resolved that a committee be created to make arrangements for a mass meeting, to be held on Monday night next. The following is the committee:-Messrs. When he got up he discovered that the strangers had attempted to get the package, and while failing in this, did succeed in getting about \$265, and then disappeared.

-Last evening, in the presence of members of Select Council, the experiment of lighting the gas-lamps by electricity was made, the lamps in Independence Square being used for the purpose. The battery was stationed in the Central Station, and the lamps were lighted and extinguished successfully several times, wires leading to each burner.
