THE ITALIAN OFERA .- Last evening a very fair house witnessed, at the Academy of Music, a perfermance of the droll lyric comedy, Crispino s in Commare, by the Brothers Ricci. Signor Ronconi appeared in his inimitable role of "The Cobbler," and acted, with his accustomed vivacity. In the part of "Annetts," a face new to Philadelphia ", as presented. Mad'ile. Catarina Lami, who ess" ged it, is an attractive young lady of slender " oportions, and with a voice to match. It has cor\_stderable compass, however, and is d' sagreeabl', only in the upper register, where her notes include to harshness. The greater part of her score she executed with much cleverness ar,d maish, and by her sprightly acting and perfect freedom achieved altogether a creditable seconss. Signor Barill had his customary role of "Mirabolano," and Signor Reyna that of "Fabrizie," in which he appeared to much better advanusge than as the "Count di Luna" on the previous evening. Throughout the opera was suag and acted in an entirely satisfactory manner, and the performance was a thoroughly enjoyable one. This evening Rossini's opera of Wi liam Tell will be presented, with Signor Lefranc as "Arnoldo." It is promised that this opera shall be brought out with increased orchestra and chorus, and with a grand ballet.

THE TELEGRAPH OPERATORS ON A STRIKE.—The operators of the Western Union Telegraph Company in this city have struck in support of their brethren in San Francisco. 1, George Peabody, gentleman, do make this my last will and testament:— Firstly. I direct that my remains shall be sent to my native town of Danvers, now incorporated by the name of Peabody, in the county of Essex and Commonwealth of Massachusetts, in that part of the United States of America called New England, and be deposited in the ground appropriated to that purpose in the cemetery of Harmony Grove, in Salem, in said county (near the Peabody town line), under the direction of my executors, hereinafter named.

tor Morton had an interview with the President yesterday, during which the condition of Virginia was discussed by them, and, as heretofore, they agreed perfectly on the justice of admitting that State at once with the guarantees her Legissture has given. The President informed the Sepator that the resolution of admission offered by him in the Senate received his hearty endorsement, and he regretted that action on it had been postponed. Senator Morton stated that he would revive the resolution next week.

It does not appear to be true that members of the Reconstruction Committee have informally agreed on any compromise regarding the admission of Virginia by which the modified testoath is to be exacted. It is the general opinion among the best informed regarding the Virginia question, that Whittemore's bill will not be adopted, but that eight of fourteen members of the committee will vote to report a bill simply declaring the State entitled to admission without applying further tests. These eight members are Messrs. Farnsworth, Palne, Lawrence, Upson, Morgan, Beck, Woodward, and Wood.

The Tarif Bill. The Ways and Means Committee is in session to-day, finishing the revision of the Tariff bill. Judge Kelley arrived from Philadelphia this morning, and was in attendance upon the committee.

The Telegraphic Strike at the Capital. The Hause Postal Committee, which has been to New York and Boston to investigate certain charges preferred against those having charge of the erection of the new post office buildings in those cities, will return this evening. It is said he is more partial to Democrats than Republicans in the selection of his subordinates.

Taxation of Farmers.

General Schenck is having a turn with Commissioner Delano on account of the latter's decision taxing farmers as produce dealers when they attempt to sell their own produce. Mr. Schenck told the Commissioner that in his opinion it was a violent construction of the law. Committee The following card is the appeal adopted last evening for publication and distribution among the members of the organization throughout the country: evening for publication and distribution among the members of the organization throughout the country: TO ALL MEMBERS OF THE TELEGRAPHERS' PRO-TECTIVE LEAGUE. — The hour has arrived when prompt and united action is to decide the future welfare of the fraternity. The reduction of salarces which has been attempted at San Francisco is, we believe, but the foreinnner of similar action to be taken throughout the country, should it be found that we were willing to submit. The organization which has inaugurated this resistance extends from the Atlantic to the Pacific, from the great Lakes to the Gui?. We have used every honorable effort with the Executive Committee to end the strife by reinstating our brethren at their old salaries. The authorities, by refusing to crush us. The issue row is the life of the League, as well as to suitain our San Francisco brethren. We accept the challenge cheerfully, believing that success will follow this first effort to maintain our rights. We control all the important telegraphic points in the United States. We only ask of our brother operators outside of the organization not to come in and fill our places. It will merely prolong the confidence in the Justice of our cause, the ope-rators for the North. East, and South to-day join hands with their brethren of the West, determined that we will be men, even while laboring for a giganite corporation. T. W. Pore, Chief Operator. R. J.
