# MEWS SUMMARY.

## City Affairs.

-The journeymen gas-meter makers met last evening and formed a Protective Union. -There were 851 arrivals coastwise and foreign at the port of Philadelphia during

the past month. The Eighth and Twenty-fifth ward contested election cases were continued yester-

day afternoon. Testimony was taken. -The graduates and students of Dickinson College met last evening, and formed an association, to be known as the Philadelphia Dickinson College Club.

-The alarm of fire last evening about halfpast nine o'clock was caused by the burning of a stable attached to the Ashland House, Arch street, above Seventh.

-A meeting of the Notaries Public was was beld yesterday afternoon for the purpose of taking measures to oppose some legislation which it is asserted is about to be attempted at Harrisburg, depriving notaries public of the right to take acknowledgments of deeds, etc. etc.

-Mr. William G. Moorhead's large granite building, on Walnut street, above Sixteenth. formerly the Butler property, has been sold for \$80,000 to Mr. Henry C. Gibson. The late B. M. Jones' property, Walnut street, below Broad, adjoining the Dundas estate, and fronting 32 feet on Walnut street, has been sold for \$60,000 to H. M. Phillips, Esq. -Last evening the Finance Committee had

under consideration the police appropriation for 1870, and agreed to report it to Councils. The school bill was also considered, and the item of \$10,000 for musical instruction was retained. The committee refused to agree to the proposed increase of the salaries of teachers, and as thus amended the bill passed.

-The fourth annual meeting of the Managers of the "Boarding Home for Young Women," situated in Lombard street, above Broad, was held yesterday afternoon. The Home accommodates thirty-three boarders, which number has been in the Home during the past year. The demand for admission during the season has been so great that, although the managers feel encouraged in their work, yet they have been obliged to refuse admission to some who need the sacred surroundings of a home.

At the regular meeting of the Board of Guardians of the Poor held yesterday, the House Agent reported the census of the Almshouse for the past week at 3767, a decrease of 155 as compared with the same time last year. There were admitted to the institution within the last week 209 persons; 146 were discharged; 21 eloped; 31 died, and only one indentured. The number granted lodgings within the same time was 242, and number granted meals 538.

#### Domestic Affairs.

### -Gold closed yesterday at 1214.

-A woman perished in a fire in a house in Pittsburg on Saturday night.

-In the State Senate yesterday the Metropolitan Police bill passed the second reading. -John Deal was yesterday sentenced, at

Reading, to be hangad for the murder of Richard M. Harlan.

-Another bank robbery. This time the Consolidated Bank of Louisiana, in New Orleans, is the victim to the tune of \$50,000.

-Tuesday, February 8, is fixed for the funeral of the late George Peabody, the cere-mony to take place in the South Church, Boston.

-It seems that Mr. Brunt, Assistant Revenue Assessor at Blake's Peak, Ga., was not assassinated, but committed suicide.

-State Auditor Wyckliffe, of Louisiana, is to be impeached by the House upon charges of mal-administration, bribery, fraud, etc.

-The Spanish Consul at New York publishes a despatch stating that the Cubans were badly defeated at Guiamaro by General Puello.

-An act has been passed by the Tennessee Legislature granting aid to the Mediterranean and Oriental Steam Navigation Comnany, with a view to promote emigration from

Incidentals. -The graduates of Yale in Winona, Minn., met and had a gay time of it a few nights ago. It is true there were only four of them, but they made up in spirit what they lacked in numbers.

-Already the Fort Scott (Kansas) Monitor has found it necessary to increase its size. It has been published only two months, but the people of Southern Kansas have appreciated it.

-The Providence Journal says of General Schenck that he is so constituted that he could no more commit a dishonest act than he could read Confucius in the original, or play on the guitar with his wounded hand.

-Semmes made one of the minor mistakes of his life when he recently spoke derisively of the Southern press. A thoroughly-reconstructed editor in North Carolina hits him one of his own cowardly blows when it speaks of Captain Wad-dell, ex-commander of the Rebel privateer Shenandoah, thus:--"This gallant officer, who was the eagle bird of the seas during the late war, was on a visit to our sanctum a short while since. He is the same North Carolina 'tar-heel' sailor who fought 'Billy Yank' seven months on the scas after the war was over."

-A decision has been rendered by the United States Supreme Court in the case of Frank Blair, in which the sovereignty of a State in respect to the right of suffrage is affirmed. The court was not unanimous.

-Gonzalo Castanon, editor of La Voz de Cuba, Havana, who arrived in Key West the other day for the purpose of challenging the editor of the Republican, of that city, was assassinated yesterday by some Cubans.

-In the United States Senate yesterday, after the close of our report, the Currency bill was taken up, and Messrs. Morton and Sumner withdrew their amendments. An amendment was then adopted-yeas, 43; nays, 12-allowing a bank located in a State having more than its proportion of circulation to be removed to any State having less than its proportion, provided the amount of issue of said bank shall not be deducted from the amount of new issue provided in this act. Mr. Morton moved an amendment making the increase \$52,000,000, and Mr. Chandler one making it \$100,000,000, Mr. Chandler's amendment was rejected, and the Senate adjourned, with an understanding that the bill would be voted upon to-day. In the House Mr. Ingersoll offered a resolu-

tion, directing the Banking and Currency Committee to report within six days his \$44,000,000 additional legal-tenders bill. The House refusing to second the previous question, the yeas being 43 and the navs 71. the resolution went over. Mr. Marshall offered a resolution declaring that the constitutional authority to levy taxes does not include the power to impose duties except for the collection of revenue, and directing the Ways and Means Committee to report a bill accordingly. Mr. Kelley moved to table the bill, when the morning hour expiring, it went over. Mr. Fitch offered a resolution giving belligerent rights to Cuba, which was referred to the Foreign Committee. Mr. Cox desired to offer a resolution looking to the repeal of the tariff on coal. Objection being made by Mr. Cessna, he moved to suspend the rules, but the House, by a vote of 75 to 24, refused to suspend them. Messrs. Gonger and McKenzie, members elect from Virginia, were sworn in. Mr. Scofield introduced a bill authorizing transfers in navy appropriations to the Bureau of Construction, which was referred. The House at 5 o'clock adjourned.

-Queen Victoria will not be present at the opening of the British Parliament. -In the event of a collision with the Vati-

can, it is said the German bishops will have the support of their Government.

-Bishop Dollinger's protest against infallibility provokes much excitement and indignation at the Vatican. The Pope refuses to receive the protest of the one hundred and thirty-seven bishops.

-Mrs. Horace Cooke is profiting pecuniarily by her husband's wicked conduct, the ohurch subscribing liberal sums of money for her. An irreverent fellow suggests that she would do عدعنا الم المعتد المعدة الم المع المع المع المع
