Destruction of a Steam Naw-Mill in the Fifth Ward. At 19 minutes past 1 o'clock this morning an a'arm of fire was sounded from the State House, a'arm of fire was sounded from the State House, Second district, southeast. The cause of t'ard alarm was the discovery by a policeman 0. fire in the third-story brick building No. 142 Dock street. The fire originated in the f. at floor; and before the arrival of the fir men, had worked its way to the second story. Both floors were occupied by Messrs. Bart'ing & Schutte, scroll sawyers. The combust' ole nature of the contents served but to acce' erate the spread of the fames, and in a flor it space of time, the contents served but to accelerate the spread of the flames, and in a sheart space of time the property of the firm was reduced to ashes, en-tailing a loss of \$50,00, npon which they have \$3000 insurance, \$19,00 in the Royal and \$1200 in the Montreal. The third story is occupied by B. Pyne, turner, who sustains considerable loss, both by fire and water, the exact amount not being ascerts.inable.

Being accered in acte. Burning a Saw Mill in the Fifteenth Ward. About 4 o'clock this A. M. a fire broke out in the building known as the Enterprise Steam Saw and Planing Mill, No. 1421 Spring Garden street. The flames originated in the third story of the building, which counts four in height, and soon spread upwards and downwards, the centents of the building in this case, as in the above, only serving to further the progress of the fre. The firemen were soon on hand, but all their efforts proved unavailing, and in about one hour the building was a complete wreck; the whole intorior, with the exception of the first floor, was gutted out, and both the gable and castern walks soon came down with a grash. A member of the Lincoln Hose Compary was bally injured by being struck with some of the folling bricks.

The mill was occupied by Thomas Wathace, who estimates has less at \$20,000. He is insured for \$12,000.

The occupied dwelling No. 1419, on the east, was also damaged to the extent of \$2001by fire and water.

The firm of A. R. Pharo & Sons also lose abon" \$400 worth of lumber, which they had stored in close contiguity to the fire, and which was com pletely destroyed.

The upper pertion of the building was occupied by O. E. Gentsch, cabinet-warn manufac-turer, who sustains aloss of about \$6000. He has the following insurance:-

### PUGILISTIC.

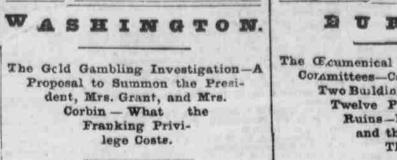

#### A Momber of the Logislature and a Fifth Ward Tavern-Keeper Engage in Fisticulls in Front of the State House

About noon no little excitement was created in front of the office of the Clerk of the Orphans' Court, one of the Row, by an altercation between John McGinnis, late Democratic member of the Legislature from this city, and one Michael Sullivan, & Democratic tavern-keeper at Fifth and Spruce streets.

The two engaged in a conversation over the Metropolitan Police bill, when, the talk waxing warm, McGinnis, in answer to some expression let go his "right" and brought Sullivan a blow on the left check bone that made him "see stars.

Round second. McGinnis came up smiling, and, sending in his left, brought Sullivan to mother earth. (Cries of "First knockdown for McGinnis). The row then assumed a rougher shape, McGinnis ad-ministering several kicks to the posterior of Sullivan. At length a Special Officer who had been looking on interfered and arrested the trio, who were moved around the corner to the Central Station, and charges of breach of the peace made against them. Of course they were not incarcerated, but were allowed to proceed up stairs, where we left them. Thus ended the grand Democratic prize-fight at Fifth and Chesmut streets.

IMPROVEMENTS .- Arch street is rapidly Se changing from its former quiet residences into elegant stores and warehouses, which are fast making it one of the most important streets of our now growing city. Among the new im-provements, nearly completed, is the fine, ex-Si: Se Ei tensive and substantial iron front stores and business buildings erected by E. Ketterlinus, upon the lots which were vacant so long on Arch street, above Third. These buildings are the finest in the city; every attention has been given in their erection to all conveniences, heating and lighting; the latter has proved a decided success, as each of the five stories, also the basement and vaults, are all fully lighted. The total floor surface is 54,000 square feet, an accommodation sufficient to meet the requirements of the largest business firms. The trontage on Arch street is 60 feet, constructed after an elaborate design by E. F. Burang, architect, of cast irona material confining so many peculiar advan-tages in an architectural point of view as to ren-der its adaptation to this description of building in every way desirable, as it is light, easily ren-dered effective and at the same time substantial. The stores are 30 feet in width by 164 feet deep on the west, opening on to a rear street. Each of the several floors have separate entrances, or the entire buildings can be used by a single party. This is the third iron front building build on that street by Mr. Ketterlinus within a few years. ANNIVERSARY .- At S o'clock to-morrow afternocn, the Salshath Schools connected with the West Arch Street Presbyterian Church, will hold their anniversary meeting. The Rev. Albert Barnas, Hon. Judge Strong, and Rev. A. A. Willits, pastor of West Arch, will deliver addresses on the occasion, and the venerable Dr. Barnes will present handsome Bibles to eighteen of the scholars who have committed to memory the entire catechism. The music selected the occasion is mostly new and attractive. W. recommend our friends to go to West Arch to-morrow. At 101/ A. M. Rev. Albert Barnes will preach in the same church.

#### FROM WASHINGTON. The Gold Investigation.

# Special Despatch to The Evening Telegraph, WASHINGTON, Feb. 5.—The Banking and Car-

rency Committee had a long session to-day, at which the question of summoving more witnesses was discussed with much earnestness. The Democratic members of the committee urged that Mrs. Corbin, Mrs. Grant, and the President should be requested to appear before the committee.

They were, it was said, mixed up in the testimony of other witnesses who had already appeared, and it was due to them also that they should make some explanation. The Republicans took a different view of the matter, contending that nothing had appeared in the testimony implicating the President or Mrs. Grant. Mr. Barksdale, a New York reporter, is here

to confirm some of Fisk's statements. Line and Staff.

#### The House Naval Committee is in session dis-

cussing the line and staff of the navy question, and trying to perfect a bill. The indications are that an agreement cannot be reached, as friends of both parties are exacting in their demands.

What Franking Costs. The Postmaster-General states that during the month of January there were 237,127 franked letters sent from the Washington Post Office, at a cost of \$14,259, and 150 tons of printed matter, at a cost of \$38,960 to the Government.

THE GREAT DIURETIC. The proprietor trusts that his remedies, from the fact of their being advertised, may not be classed as patent medicines. Helmbold's Fluid Extract Buchu Is a pharmaceutical preparation. The proper name is given, and it is the most active which can be made. It is indorsed as a cure by all medical works for such diseases as recommended by the proprietor. It is pleasant in its taste and odor, free from all injurious properties, and is taken by adults and children. It is tonic, diarctic, blood purifying and invigorating. Enfeebled and delicate constitutions of both sexes will find it far more strengthening than any of the

preparations of bark or iron. See medical properties contained in Dispensatory of the United States, of which the following is a correct copy :-

BUCHU .- Its odor is strong, diffusive, and some what aromatic, its taste is bitterish, and analogous to that of mint. It is given chiefly in complaints of the urinary organs, such as gravel, chronic catarrh of the bladder and urethra, diseases of the prostate giand, and retention or the incontinence of nrine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in dyspepsia, chronic rheumatism, cutaneous affectious, and gropsy.

CURE OF GRAVEL OF FIVE YEARS STANDING -STONE PASSED AND TO BE SEEN. SAVANNAH, Tenn., May 14, 1869.

Dr. H. T. Helmbold Dr. H. T. Helmbold:--DEAR SIN:--We introduced your "Fluid Extract Bacha" in this country about eight months ago, and me happy to state that it is meeting with universal favor. We wish to inform you of one instance (among many) where your "Buchu" has worked wonders. A man in our country named J. B. Estell had been suffering about five years with gravel. About six weeks ago he bought of us one bottle of your "Buchu," and before he was through with one bottle he passed a gravel that weighs eight grains, which we now have on exhibition in our drug store. which we now have on exhibition in our drag store. He says that he will never be without the "Buchu" in his house again. Your preparations are gaining favor every day. Very respectfully yours, etc., ECCLES & HINKLE, bruggists.

WESTFORT, Conn., Sept. 5, 1869.

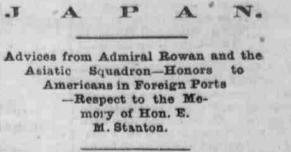

WESTFORT, Conn., Sept. 5, 1849. H. T. Helmbeld, Esq.:--DEAR SIR:--I commenced taking your "Extract of Buchu" about two weeks since for an affection of the bladder and kidneys. I have suffered by spells very much for a few days past. But yestefday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a large pea, and I now feel perfectly well and entirely free from the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely and youd re-400.00 my cure to your medicine entirely, and would re-commend all persons similarly affected to try it. I have great faith in its curative powers. Yours truly, THOMAS J. BENNETT. 14,040 00 \$203,506-00

#### FROM WASHINGTON.

The Aslatic Fleet -- Advices from Admiral Rowan. SpecialDespatch to The Beening Telegraph.

WASHINGTON, Feb. 5 .- The Navy Department has received despatches from Rear-Admiral S. C. Rowan, commanding the Asiatic fleet, dated as late as December 13. He was then in his flagship, the Delaware, at Hong Kong, having arrived there November 17, from the coast of Japan.

He reports the distribution of his fleet as follows:-Ouclda, Commander E. P. Williams, at Hiogo; Monocacy, Commander E. P. M. Cenea, at Nagasaki; Ashuelot, Commander B. B. Taylor, at Yokohama; and the Idaho, Lieutenant C. M. Anthony, at Yokohama. The Iroquois, Commander R. S. Lane, sailed from Hong Kong November 29th, for Norfolk, Virginia. She has -on board a part of the crew of the Unadilla, lately sold, some sick and prisoners, and as many officers returning home as the steerage could accommodate.

The Maumee was sold at Hong Kong on the 15th of December. Just before leaving Japan R-ar-Admiral Rowan visited Osaka in the Belaware. On arriving off the river the fort wassaluted with twenty-one guns and promptly returned. A salute was also given and returned to the Vice-Governor, who was sent by the Govornor to call on the Admiral.

The next day (some time in November) heproceeded with his staff to Asaka, was saluted in passing the fort, received at the landing by a guard of honor, escorted to the residence of the United States Vice Consul, was called upon by the Governor and other high officials, and invited to a Japanese dinner.

Two Government barges were provided for his accommodation. In company with the Governor he visited the castle of the Tycoon, once a magnificent stronghold, but now in ruins fromthe effects of fire. Dinner was served in the Government Treasury building, the Governor and two Vice-Governors being present. The Governor having expressed a wish to visit Hiogo, passage was extended to him in the Delaware, and he was landed with the customary honors.

Rear-Admiral Rowan forwards with his despatches an interesting report from Commander Taylor, of the Ashuelot, from which the following is an extract .- On the 4th of November the Japanese autharities saluted Mr. D. E. Long, the United States Minister resident, with fifteen guns. From the fort at Kanagawa the American flag was displayed.

The salute was returned by the Ashuelot, the Japanese flag at the fore. On the 10th, by previous arrangement, the Minister, ex-Minister, and their suites were received on board the Ashuelot, and conveyed to Yeddo. The customary salutes were exchanged at Jeddo between the Ashuelot and the forts and a Japanese manof-war.

On the 11th the new minister had an audience with the Mikado, and General Van Valkenburg presented his letter of recall. On the 12th the Ashuelot returned to Yokohama. On the 20th of November the colors of the Ashuelot were at half-mast, and fifteen minute guns fired at noon in memory of the late Secretary of War.

to say that after consulting many eminent physi-cians, and trying nearly all the best advertised i eme-dies, in the vain hope of finding relief from aggra-vated kidney and bladder diseases, from which I have suffered excessively for many years, good for-tane finally suggested to me Helmbold's Bacha, which I commenced using with little faith, and no which I commenced using with little failh, and no apparent beneficial results, for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which en-couraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would. I have found such unspeak-able relief and permanent benefit from Mr. Heim-bold's valuable discovery, that I feel I ought to pub-licly record the fact, as an acknowledgment to him liciy record the fact, as an acknowledgment to him and a valuable suggestion to the public. Yours re-spectfully, D. M. LAREN.

you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder." I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could be in the sometimes from twelve to fourteen hours. have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State, and taken pills, I may say by the quart, also liquored medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me, if I had not seen your advertisement in the Berkshire Courier, headed "Kidneys," I read is through, and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost rate so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I finished it and get another. By the time I took half of the second I still got worse (apparently). When I walked it seemed as it my right kidney was failing from its place, and I felt really bad. I felt so before I had finished the second, that I had marke up my mind it was of no use trying any more—and alt this time the "Brechu" was oding its work, but I do not know it; so I gave it up and went to Hartford on Saturday to one of the best doctors in the city. He said t was the neck of the bladder, and I should have to undergo an operation. He gave me medicine, and J would bott home

Rioting in Missouri.

ST. LOUIS, Feb. 5 .- In a street quarrel in St. loseph, Mo., night before last, between several parties, Michael Culligan was shot by H. L. Church, and died soon after. Church, who is a conductor on the St. Joseph and Council Bluffs Railroad, gave himself up and was committed. An altercation occurred at a store between Sinclair and Jackson Hurst, and Joseph Fry, Clark Jones, and others. The Hursts walked out and were assaulted with stones, one of which struck Jackson Hurst on the head, knocking him insensible. Joseph Fry then struck Sinelair Hurst with a piece of scantling, crushing in his scull, and also dealt Jackson Hurst a similar blow, fracturing his skull. The testimony at the inquest showed that the Hursts were drunk and had really been the assailing party.

#### Murder in the Second Degree.

CINCINNATI, Feb. 5 .- The jury in the Wareham murder case have convicted Philip Wareham of murder in the second degree. He was tried for murder in the first degree for killing David Kirby in August last, in this city. A motion has been made for a new trial.

Dr. H. T. Helmbold:-Dr. H. T. Helmbold:--Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendent and our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child suf-fering more from weakness than from habit, may be spared punishment that is (not knowing it as a weakness instead of a bad habit) most unjustly in-fleted upon them. Thanking you or behalt of the children, and hoping others may be alike benefited, I am respectfully yours, Colonel YOUNG

ir. H. T. Helmbold: --DEAR SIR:-Your communication requesting our terms for advertising was duly received, but from a prejudice I had formed against advertising "cures for secret diseases," it was left unanswered. During for secret diseases," It was teft unanswered. During an accidental conversation in a drug store the other evening, my mind was changed on the character of your Buchu. It was then highly commended for other diseases by two physicians present. Inclosed please find our rates of advertising. Yours, etc, T. B. H.
