HELMBOLD'S PREPARATIONS. CURE OF KIDNEY AND BLADDER AFFECTION OF A PATIENT SEVENTY-EIGHT YEARS OF AGE ONE HUNDRED DOLLARS WOULD BE GIVEN FOR A BOTTLE, IF NECESSARY. RAHWAY, N. J., Dec. 2, 1869. H. T. HELMBOLD'S THANKS TO MR. HELMBOLD. GIBARD, Penn., March 31, 1989. EDITOR "CORNOPOLITE":-I desire as an unsoli-cited tribute to the merits of Helmbold's Buchu, and for the benefit of those similarity afflicted as myself, to say that after consulting many eminent physi-cians, and trying nearly all the best advertised reme-dics, in the vain hope of finding relief from aggra-vated kidney and bladder diseases, from which I have suffered excessively for many years, good for-tune finally suggested to me Helmbold's Buchu, which I commenced using with little failth, and no apparent beneficial results, for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which en-couraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would, I have found such unspeak-able relief and permanent benefit from Mr. Heim-bold's valuable discovery, that I feel I ought to pub-licly record the fact, as an acknowledgment to him and a valuable suggestion to the public. Dr. Heimbold:--DEAR SIR:--II is with much pieasure that I write you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder." I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State, and taken pills, I may say by the quart, also liquored medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me, if I had not seen your advertisement in the Berkshire Courier, headed "Klidneys." I read it through, and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the dirst bottle I felt bad; but I finisned it and get another. By the time I took hall of the second I still got worse (apparentiy.) When I waked it seemed as if my right kidney was failing from its place, and I felt really bad. I felt so before I had function the bescher I had in the time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Hartford on Saturday to one of the best doctors in the city. I have seen and used, as before stated, every form of Buchu—the powdered leaves, tincture, fuld ex-tracts—and I am not cognizant of any preparation of that plant at all equal to yours. Having seen your preparations extensively adver-tised, I consulted my family physician in regard to using your Extract Buchu. I did this because I had used all kinds of adver-tised remedies and had found them worthless, and some quite injurions; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubeba, and junjer berries, it occurred to me and my phy-sician as an excellent combination, and, with his advice, after an examination of the article and con-suiting again with the druggist, I concluded to try it.
