

NEW YORKISMS.

From Our Own Correspondent.

New York, April 7, 1870. Mayor Hall, whose disadvantage seems to be his supreme suitability for a small tea-party, is probably the subject of as many malicious newspaper paragraphs as any mayor that this city ever had.

There is a family in Fourteenth street which has been much annoyed by music, but within the last day or two the bane has turned to a blessing. A member of the family bought a couple of canaries which piped into each other sweetly.

Mr. Beecher in Court. Mr. Beecher's recent complimentary and commendatory letter to the truss-man, republished in the Sunday Mercury, has necessitated Mr. Beecher's appearance in court.

"Something for Himself." It is not often that a marriage ceremony is performed by Judge Cardozo in the new Court House or anywhere else.

"Oh, very well! Then I'll give you something for yourself," said the happy man, delightfully laying upon the desk a greenback, the denomination of which was concealed by the rolls of official documents that bubbled around and closed over it.

The clerk blushed with joy. It was not often that a ten-dollar perquisite came his way.

A singular case of collusion between a doctor and a druggist has come to light. A day or two ago a fireman named O'Neil, suffering from the effects of strong drink, called on Dr. Bronson for a prescription.

berry was discoverable. Then she swore the people at the house where she had boarded during the honeymoon would identify him. There they proceeded together, but no identification took place. The case was dismissed, but the woman still claims the young man, and follows him round in the vain hope that he will relent and play the part of "hubby." ALI BABA.

THE UNIVERSITY MEDICINES ARE THE FAVORITE PRESCRIPTIONS OF THE New York Medical University. Reliable Remedies of a high Scientific character, designed for the cure of all diseases. PREPARED STRICTLY ACCORDING TO THE LAWS OF MEDICAL CHEMISTRY. The University Medicines are prepared in accordance with the views of a number of distinguished living American Physicians, who believe that the time is come when effort to overthrow the health-destroying system of Quackery prevailing in every town and city, and substitute SCIENTIFIC RESPONSIBLE REMEDIES, in place of the worthless or dangerous Patent Medicines flooding the country. These remedies are prepared by the newly discovered Chemical process of Professor Scott, termed FRESH VITALIA, by which the entire Active Principle of any herb, drug, or chemical is thoroughly extracted, and its curative properties increased a hundred fold over those made in the ordinary manner. They are standard, and the ingredients constituting them having been used by the physicians of the University in their private practice, for more than twenty years. Although but recently brought before the public in their present form as FRESH VITALIA REMEDIES, they are rapidly superseding the old poisons, Patent Medicines and Nauseous Drugs. They are taken in small doses. They are pleasant to the taste. Their effects are almost instantaneous. They are harmless to all. We have no one OUIRE ALL for all diseases, but a regular system of MEDICINE for each distinct class of malady. A list of our Remedies and a valuable Medical Book sent free to any address.
