The Water Main Contract. To the Editor of The Evening Telegraph.

We notice in your paper of the 2d instant a letter from Mesars. Bushong & Brother to Frederick Graeff, Chief Engineer Philadelphia Water Department, in Chief Engineer Philadelphia water Department, in reference to contract for pipes, and also a brief edi-torial from you calling on Mr. Graeff for explanation. Messrs, Bushong & Brother (publish the letter, they say, because Mr. Graeff returned it to them without reply. No one who reads the letter will have any difficulty in understanding why it was returned un-answered, nor do we see how either Mr. Graeff or the Water Board could take notice of such a communi-Water Board could take notice of such a communication. We were present at the opening of the bids, are acquainted with the facts, and think it right to correct the marvellous errors contained in Messrs, Bushongs' letter. They write that "the city loses some sixty thousand dollars by this rascality in awarding the contract." The bid of their friends amounted in all to only \$42,903 %5, certainly a diffi-cult matter to save \$60,000 out of this sum, and their bid was just \$700 37 higher than the bids of the parom the contract was awarded. In other words, the city saved this \$100.37 by not giving the contract to Messra. Mellert & Kinsey, and in fact could not have awarded it to them, as they were not the lowest bidders. It is a pity Messra. Bushong & Besthers did net find out the facts before writing their letter. As it is, they will doubtless feel bound in honor to make a complete retraction. S. FULTON & CO.

FIFTH EDITION THE LATEST NEWS.

FROM WASHINGTON.

The Mayoralty Contest-Split in the Republi-can Convention. Despatch to the Associated Press.

WASHINGTON, May 5 .- The Republican Mayoralty Nominating Convention met to-day at Union League Hall, where the Bowen party appeared to be largely in the ascendant. So far as numbers went, and as the various wards had nearly all two sets of delegates, the indications favored the renomination of Mr. Bowen.

After considerable discussion delegations representing both the Bowen and Richards interest were admitted, but subsequently the Richards men withdrew and organized at another hall, where Mr. A. C. Richards, the present Chief of Police of this district, was nominated.

The first convention nominated Mr. Bowen. It is understood that Richards will decline, in which case the convention which nominated him will support Matthew G. Emery, Esq., who is already in nomination as a reform candidate. There was considerable excitement about the halls were the conventions were held, party feeling being very high. The nominees are all identified with the Republican party, the Democrats having no one in the field.

CONGRESS.

Continued from the Fourth Edition.

Mr. Hawley proposed to offer an amendment requiring all the land granted to the company to be sold to actua settlers only and in quantities not greater than 160 acre to any one person, and for a price not exceeding \$250 an acre, and made an argument in support of that propo Mr. Wilson (Minn.) opposed the amendment, and advo oated the bill and the land grant system of which it is a

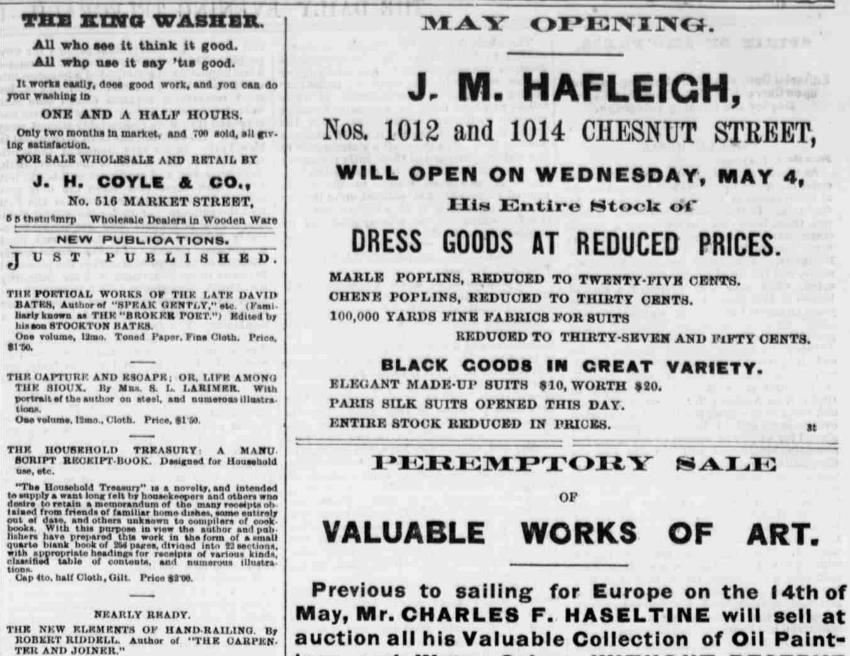

Mr. Wilson (Minn.) opposed the amendment, and advo-outed the bill and the land grant system of which it is a part. Mr. Weod opposed the bill and the land grant avstem as being wrong in principle and an outrage on the tax-payors. This read had already received forty five million acress of public lands, and this bill proposed to give it 2,225,000 more. He supposed, how ever, that it would pass, for he thought he saw in that provision of it which required American rails to be used in the road a combination be-tween the land speculators and the high protoctionists, and he antimated that Mr. Wheeler, the chairman of the Pacific Railroad Committee, had, in his other capacity as chairman of the Committee, in his other capacity as chairman of the Committee, in his other capacity bill, lent his aid to that combination. Mr. Conger advocated the bill, coatending that the land was valueles without railroads. Mr. Ris opposed to be in a plunder measure, which proposed to merigage to the unney-lenders of Europe more land than would make up half a dozen of their little kingdoms, which proposed to bring in millions of the Pagams of Asia to compete with the farmers and laborem of the West, and which proposed to enrich the Jay Cockes and money-lenders of the United States. Mr. Onsell supported the bill, defended the reputation of Jay Cooke 4 Co. as honorable capitalists, and claimed that the State of Pennsylvania was the ploneer of the system of interval improvements. Mr. Gardield, of Washington Territory, advocated the bill, and argued against the amendment proposed by Mr. Hawley, as calculated to throttle the company. Mr. Cox appealed to Mr. Wheeler for one minute of time to express his views. Mr. Wheeler declined, as he had but five minutes of his hour left. Mr. Cox-Then I put in my protest against this cruci-
