FINANCE AND COMMERCE,

EVENING TELEGRAPH OFFICE, Saturday, May 14, 1870.

The money market is somewhat unsettled this morning by the heavy demand for call loans resulting from the sudden reaction at the Stock Board, and the equally sudden rice in the prices of all classes of investments. Under a more stringent condition of the money market the heavy demand upon the banks for stock loans would have created a semi-panic, but as it is, the full supply of available eapital has enabled them to fill all orders without further effect upon the market than a slight advance in the former rates.

We quote loans easy but active and unsettled at 5@6 per cent, on call, and at 6@7 per cent, for choice business paper. The latter con-tinues scarce but in better supply than for

Gold is less active and weaker. Sales opened at 114% and fluctuated between that figure and 114% up to neon.

Government bonds are also quiet, and, in full sympathy with gold prices, are a fraction lower.
There was a sharp demand for Reading Railroad, which was sold up to 52½. There was nothing doing in Pennsylvania stock, but it was

On Sunday last, bout half past two, The gathering clouds of sombre hus Were flying past with quickened pace, As if pontending in a race. Loud peals of thunder burst; anon, The lightning finehed; and then the storin Burst in its fury o'er the land, Bringing destruction, death, on every hand. The frozen rain-drops, from the skies Fell to earth, of prodigious size, And man and beast in terror fled, While many in their fear fell dead. The bravest of the brave aghast ed, while the storm went howling past, And viewed the bavoo far and wide From temporary shelter tried. TO CONSUMPTIVES .- WILBOR'S COD LIVER OIL AND LIME has now been before the public for ten years, and has steadily grown into faver and appreciation. This could not be the case unless the preparation was of unundoubted and high intrinsic value. The combination of the Phosphate of Lime with pure Cod Liver Oil, as prepared by Dr. Wilbor, has produced a new phase in the treatment of Consumption and all diseases of the Lungs. This article can be taken by the most delicate invalid without creating the disgusting nausea which is such a prominent objection to the Cod Liver Oil when taken without Lime. This preparation is prescribed by the regular faculty, and sold by the proprieter, wholesale and retail, A. B. WILBOR, Unemist, No. 166 Court street. Boston, and by druggists generally.

The King Washer, although but recently introduced, has proved a remarkable success, but no more than its merits warrant. Housekeepers look upon washing machines with suspicion, owing to the many worthless kinds that have been offered within the past dozen years. No person has yet seen the King Washer in operation but what they have pronounced it the superior of anything yet invented for washing clothing, while the families who have them in use—and they are legion—speak of it in the highest praise, and are unanimous in saying that they would not be without one. By the use of the machine wash-day is made pleasant, and as much work can be accomplished with a single one in two hours as a woman can do in six with the washboard. The agents for the King Washer are J. H. Coyle & Co., No. 620 Market street.
