32. That of Kansas extends over that State, Colorado, and New Mexico and the Indian Ter-

ritories. 33. That of the Pacific embraces all west of the Rocky Mountains. 34. That of India comprises all our missiona-

ries and churches in that country.

35. That of China comprises all our missionaries and churches in China, Siam, and Japan. In regard to fixing the boundaries of the various presbyteries, which seemed as distinctly assigned to us, we have felt, not only that it would be a most operous task, which we could hardly do, for all parts, with just discrimination, or to general satisfaction, but that it seemed to fall more properly under the province of the different synods, or their representatives, who could do it, when assembled, more understandingly and to the fuller content of those interested. For this purpose we shall propose a plan, which seems to combine the advantages of this mode with the expressed wish that this assembly establish the boundaries of presbyteries as well as of synods. At the same time, in order to secure some uniformity throughout the Church, we recommend your adoption of certain general principles, on which the presbyteries

should be constructed. 1. That each several presbytery, with the ministers and churches within its limits, be defined as to boundaries by geographical lines.

2. That presbyteries be enlarged, and the formation of small ones be discouraged; none formed hereafter to consist of less than five ministers, the quorum for business remaining

3. That in the present distribution of presby-teries, or their future formation or arrangement by the respective synods, it be recommended that no presbytery consist of less than ten ministers—except in outlying, frontier, and missionary districts, and then be constituted as large as possible.

4. That each city, when not too small, or too large, constitute one presbytery; which shall usually not include territory outside of the city limits, or at most of the county of which it is a part.
5. That when two or more congregations upon

different sides of a synodical or presbyterial line are under one pastoral charge, they shall all for the time belong to that presbytery with which the minister is connected, but only so long as such pastoral relation continues.

6. That ministers without charge are required

to unite with that presbytery within the geo-graphical limits of which they ordinarily reside, or nearest to, and to which they shall be ame-nable for the proper discharge of their ordination engagements

7. That the presbyteries and synods heretofore existing, which shall lose their present organization by consolidation under these ar-rangements, shall be considered and designated as continuing their succession in that synod or presbytery now constituted, which includes the largest portion, counting both ministers and churches of said body as existing May 19, 1870, to preserve its records, and attend as may be found necessary to its business and interests.

In order, then, to a judicious distribution, reconstruction, and defining of boundaries for presbyteries within the respective synods, when arranged, we recommend the following plan to be adopted by the assembly, viz.:—

1. That the commissioners within the bounds of each of their synods so established be appointed respectively a committee, to whom shall be referred the whole subject of presbyterial bounds within their own synod—the times and places of the first meeting both of the synod and the several presbyteries, and all other arrangements thereto pertaining.

2. That as soon as practicable after their action on this part of our report, the assembly adjourn over a whole day to give their several committees an opportunity to meet and perfect their arrangements and reports within that time. S. That these reports of such committees, when presented to the General Assembly, and

accepted by them, be referred to a special committee to be arranged, and embodied in the form of an act, to be submitted to the assembly for their determination.

The next general subject is that of representation in the General Assembly, and a proper ratio for the same.

Your committee, after full and repeated con-sideration of this important and difficult subject, are of the opinion that a change to synodical representation is necessary, in order to bring the numbers in the Asssembly within due limits, and secure equal rights to all parts of the Church. But so far as we can discover the Church generally is not yet prepared for such a change; and the committee desire to avoid all occasion of discord in our United Church, or needless discussions on this subject in this Generel Assembly. Therefore, no change from presbyterial representation is proposed, but only a change in the ratio and form of re-presentation, that the same great object may be secured to a great degree.

1. That the ratio of representation be so altered as to provide for one commissioner, a minister, or an elder, from each presbytery having twenty ministers, or less, and in like proportion for any number of ministers over

twenty.

2. That wherever the number of members in any presbytery allows a double delegation it be of ministers and elders equally.

That in order to equalize, as far as possible, the number of ministers and elders in the assembly, the presbyteries entitled to a single com-missioner, or an equal number, shall send alternately a minister or an elder, and it shall be the duty of the synods at their first meetings to arrange the order in which such presbyteries shall send ministers or elders, so that the two classes may be as nearly equal as possible each

For the relief of the General Assembly in the despatch of business, and to discourage pertinacious litigation in church courts, the committee recommend that all appeals, references, and complaints terminate at the synod, except in relation to questions of constitutional law or the trial of a minister for heresy in doctrine.

For the purpose of securing the necessary constitutional changes for the foregoing objects, the committee propose that this General Assembly send down to the presbyteries the fol-

lowing overtures, viz.:-1. In the Form of Government, chapter x, section 2, after the word ministers to insert—"in

number not less than five."

2. In the Form of Government, chapter xii, section 2 shall be altered to read as follows, viz.:—"The General Assembly shall consist, as nearly as practicable, of an equal delegation of ministers and elders from each presbytery in the following proportion, viz., each presbytery consisting of not more than twenty ministers shall send a minister or an elder each year alternately, and each presbytery consisting of more than twenty ministers shall send one minister and one elder, and in the like proportion one minister of one elder for every twenty ministers in any presbytery; and these delegates, so ap-pointed, shall be styled Commissioners to the General Assembly."

3. In the Form of Government, chapter xii,

section 4, add to the first sentence, at its close, the fellowing words, "and which relate exclusively to the construction of the constitution or the trial of a minister for heresy or doctrine.' 4. In the Form of Government, chapter xi. at the end of section 4, add the following sentence:- "Every case of the trial of a minister for heresy, and all questions relating exclusively

to the construction of the constitution, may be carried by appeal or complaint to the General Assembly; in all other cases or questions the decision of the synod shall be final."

5. In the Book of Discipline, chapter vii, section 2, to read as follows, viz.:—"Every kind of decision which is formed in any characters."

of decision which is formed in any church judicatory, except the highest, may be reviewed by a superior judicatory, subject to the limita-tion or appeals from the synod as provided in the Form of Government, and may be carried before it in one or the other of the four follow-

Moreover, it is recommended that the assembly instruct and order all its presbyteries at their first appointed meeting to vote directly 'aye" or 'nay' on these several overtures, and send forthwith an attested copy of their action to the stated clerk of the assembly, who shall keep accurate account of the same, and report it to the assembly.

Furthermore it is recommended that when this assembly adjourns, at the close of its regular business, it adjourns to meet in this place on the third Tuesday of September next, at 11 o'clock A. M., for the purpose of receiving from the presbyteries their responses to those over-tures for changes in the constitution, and de-claring the result, and for the transaction of no business whatsoever, except what necessarily pertains thereunto.

Finally, your committee will close their report with a suggestion, for the action of the assembly, which they think would secure greater efficiency and despatch in their business.

As much time is consumed, and the attention of the assembly distracted with overtures and questions of minor importance coming up from various quarters, impeding the transaction of business of more general interest, it is recom-mended that the Assembly order that hereafter bills and overtures come up only from synods or presbyteries; yet this may not prevent any committee of bills and overtures from bringing before the house, of its own motion, upon a two-thirds vote of the committee, any matter which they may deem of sufficient importance to engage the attention of the General As-

sembly.
All which is respectfully submitted. By order of the committee.

GEORGE W. MUSGRAVE, Chairman,
EDWIN F. HATFIELD, Secretary.

THE ASSEMBLY.

Proceedings at Yesterday Afternoon's Session The Presbyterian General Assembly reconvened yesterday afternoon at 3.30 o'clock. The session was opened with the reading of the minutes of the morning session.

The Committee on Foreign Correspondence presented a partial report, recommending the admission of the delegates from foreign bodies, and appointing a special session of the Assembly for next Wednesday evening at half-past 7 o'clock, for the purpose of hearing these gentlemen

The order of the day was then taken up, being the reports of synods, etc.
Dr. Adams, of New York, submitted a series of resolutions looking towards the reunion of the body known as the Southern Presbyterian

Church with this Assembly. The report of the Treasurer of the Assembly was read, showing a balance on hand of \$10,952-95.

A communication was received from the Presbyterian Historical Society, stating that the society were the proprietors of a large and valuable collection of books, newspapers, pic-tures, and other historical records and relics, and asking the Assembly to make an appropria-tion sufficient to erect a fire-proof building for

the use of the society.

Rev. Dr. Breed presented a series of resolutions providing for the collection of funds for the purpose of erecting such a building. A communication was received from the trustees of the Princeton Theological Seminary stating that the trustees are about to erect a new building, to be called "Reunion Hall," and requesting the assembly to make arrangements

for laying the corner-stone. On motion, a committee of twelve members was appointed to attend on behalf of the Assembly, on the 28th instant.

Dr. William Adams asked to be excused from serving as chairman of the Committee on Theo-logical Seminaries. The Assembly refused to accede to his request.

After the announcement of a number of ap pointments for preaching by the delegates in the city churches to-morrow, the Assembly adjourned until 9 o'clock this morning.
