CITY INTELLIGENCE. THE ASSEMBLY,

THIRTEENTH DAVIS SEASION.

This Morning's Proceedings of the Preabyterinn General Assembly -General Business-Reports of Committees - Report on the

Bourd of Missions, The reunited Presbyterian General Assombly convened this meeting at 9 o'clock, Rav. Dr. Beatty in the chair, in the absence of the Moderator.

The Preliminary Excremes.

The usual preliminary devotional exercises occa mied the first half hour of the seamon. Prayers and addresses were mode by several commissioners. These exercises closed at half-past 9 o'clock, with inging of the 23d hymn from the Assembly's pamphiet...

Business Resumed.

The Moderator having taken the chair, business Several unimportant reports were received from

The Committee on Mileage reported that they have kept separate accounts of the "old" and "New School" funds according to the request of the Assembly, and have disbursed the funds according to the former rules of the respective funds. In the "New School" fund the receipts have been \$11,705, and the disbursements \$10,637. In the "Old School" fund \$1154 have been received, and \$371 have been repaid to presbyteries. The mileage paid from this fund for 75,676 miles, at 1 cent per mile, was \$756. There is a deficiency, in the entire amount of \$395, which, though \$1500 less than the deficiency of last

year, is still far too great. The report closed with resolutions calling the at-tention of the churches to this fund for future meetings, that no deficiency may hereafter exist. These were adopted, and the committee was discharged with thanks.

The Enabling Act.

The first order of the day, the report of Judge Strong, was then taken up. It was moved that the report be accepted. This report is known as the report be accepted. This report is known as the Enabling act, because it enables the several presbyteries to organize. The consideration of the report was begun last evening. The following was offered as an amendment to

the last resolution of the report :- "That the syneds be enjoined in defining the

bounds of presbyteries to be careful to designate by name the presbytery by which the succession of any presbytery which may lose its present organization e perpetuated,

The amendment was agreed to, and the entire report was then approved. Dr. Hatfield moved that the blanks in the report

be now tilled. Agreed to.

Report on the Board of Missions.

The Standing Committee on the Board of Missions reported the names of the gentlemen who are to be elected members of the board. The list is that of the retiring class for 1570, which, by the adoption of an appropriate resolution by the Assembly, were re-elected for another ferm. The committee also reported several resolutions affecting the Board of Home Missions at New York, which were agreed to.

Report on the Assembly's Trustees.

The special committee on the Board of Trustees of the General Assembly submitted the following report:-

report:--The committee appointed to consider what changes, if any, are necessary in the "Board of Trustees of the Gon-ral Assembly of the Presbyterian Church in this United States of America," in connection with the present state of the remnited Church, respectfully report that of the eighteen members of the Board of Trustees, and was ap-pointed before 1857, and all the others since that time by the Old School Assemblies, at different periods. It seemed to the committee eminently proper that at this Assembly a change should be made, so that what was formerry known as the "New School" branch of the Church should be represented in the board. Hereafter no such distinc-tions need be made. — Inder the charter the Assembly has the power, at its discration, as it shall hold its assigns in the State of Fennsylvania, to change one third of the trustees is anah-manner as to it shall seem proper. In the exercise(of this

discration, as it shall hold the sessions in the State of Feansylvame, to change one-third of the trustees in such manner as to it shall seem proper. In the exercise(of this discration, it is a difficult task for the committee to recom-mend action in the premises. In view, however, of all the circumstances, it seemed best to suggest the removal of six of the trustees whe were only elected at the meeting of the Assembly in Pittsburg in November last. The regret of the committee is that thereby we lose the ser-vices of six genilemen of the highest character. But this conrect appeared least open to objection. Your committee therefore recommend the adoption of the following mediation:-*Resolved*, That from and after this date the Rev. D. A. Committee there on the first the date the Rev. D. A. Committee there on the first the date the Rev. D. A. Committee there on the set to be trustees, and in the places Flow. William Strong, Hon. Joseph Allison, Alexander Whildin, Fsq., Rev. Herrick Johnson, D. D., William G. Crowell, and John C. Farr, Eag, are apointed trustees of the corporation en itled "The Trustees of the General Assembly of the Presbyterian Church in the United States of America." All of which is respectfully reported by

inession, the consideration of the report of U an Com-

this subject. He wanted to be that a separate or-ganization was the only practicable way at this time. It will become obsolete finally. The committee were led to adopt this opinion from the experience of the past. The report which they brought forward departmented separate organizations. A separate department is absolutely necessary at the present time. We consulted several well informed gentledime. We consulted several well informed gentle-men in regard to the matter, and they all declared that the only way to work this system was by having a separate department. We regard this entirely reasonable. We all know there is a division of infor everywhere. One department requires particular adaptation, and the devision of information is its success. There are separate works to be done. The work of the freedmen at this moment is a special work, and a great work. There are four millions of these people within our limits. They are to live among it us. Ex-Governor Pollock said it was well to under-stand when we are on this subject. It is an im-

stand when we are on this subject. It is an im-portant one and we should give it just consideration. The amendment before the Assembly now is as I understand, that the work be transferred to the Board of Domestic Missions, Both the majority report and the amendment seem to want a change of existing circumstances. From the necessities of the case flat work cannot be a permanent work and cannot require a special board. They must soon come under the charge of our board. We must for the present recognize the difference between the colored and the white men, but the time, thank God, s coming, and that speedily, when there will be no difference whatever between ns, and we can then be united under one common board. I therefore move that the minority report and this resolution be laid on the table, with a view of taking up the majority

This was agreed to, and the majority report was aken up for consideration. It was read by the clerk.

Rev, P. A. Cunningham, of Philadelphia, moved that the Assembly substitute the word "committee" instead of the word "board." He also thought the committee should be continued in the city of Pittsburg, where it was well and judiciously carried on, and where they are better acquainted with its affairs. I hope the amendment will be adopted. We should keep up a distinction for a time, at least, in this matter. I think it necessary to keep up the two distinct collections in our Church. I do not believe, if we put these all in one, that we can raise as much as we did last year, and I think this committee will be appointed, and the work go forward(as it has done

Rev. Mr. Dorlan said he did not care what the name of the persons to preside over them was-whether it was called a board or a committee. We wanted the men. I have for the last four or five cears been the only white man in the field. have done a very good work among the freedmen in We can make Presbyterians out of the the South. colored men as well as any other class. If we can-not make them Presbyterians, then Presbyterianism is not worth anything. The greatest calamity we could entall upon our country would be to withdraw from the missionary field. The colored men stick o her bosom and love the Church. Give us a place o stand, and give as some men who have the heart to stand. We should develop the intellect and knowledge of the colored men. Raise up ministers and raise up young females to be their helpers, and in a short time we would open Africa to the Church and religion. Rev, Mr. Stockton said he was a member of the

committee who bronght in the minority report be-fore the Assembly. We do not wish to have a per-manent board. We want it conducted by a tempoary committee.

Mr. S. J. Thompson said he wanted the work to continue in the hands of the committee at Pittsburg, at least for the present. The majority and minority now coincide and agree on this ques-

on. The work must be done by somebody. Rev. Mr. Tally said he believed the time had come or merging this work in the home missions. Rev. Mr. Crosby said that in order to specify he fered the following amendment :-

Resolved, That to the Freedmen's Committee on Iome Mussions at New York, to whom is intrusted n place of the board the work of the freedmen, be trusted this work until such time as the General committee can act upon the plan of the Committee of Twenty-one. This was ruled out of order by the Moderator.

The question recurring on the amendment to insert "committee" instead of "board," it was then adopted by the Assembly. Pittsburg was then decided upon as the head-quarters of the committee. The board was made to consist of twelve members. After a faw slight disputions the accord

After a few slight alterations, the report as whole was adopted.

The Publication Committee's Report.

The report of the Joint Committee on Publication was read by the clerk. The report states that a

BURGLARY,

Heroic Conduct of a Woman-She Shoots a Bargiar.

About 11 o'clock last night the residence of Dr Getchell, No. 1436 Spruce street, was entered through a back window by a burglar, who succeeded in gathering together a number of silver forks, knives, spoons, wearing apparel, etc. Like "Little Oliver," not sat'sfied, he desired more, and coordiagly commenced ransacking the parior. At he time Dr. Getchell was absent on a visit to one of his patients, and no male adult, other than the burglar, was in the house. Mrs. Getchell, in her and at once surmised the cause, but not knowing how many or how few persons were in the house,

she for a time kept quict. At length she determined to brave the danger and make a reconnoissance. Accordingly she quictly made her way down stairs, and approaching the parlor door, which was partially open, discovered but the one person, candie in hand, searching for plunder. Now Mrs. Getchell, although a woman, does not lack courage, a quality some would have us believe no woman possesses, and finding but on-thief in the house she determined to give him battle Making her way up stairs again, as noisclessly as she had descended, she secured her husband's revolver, and once more proceeded down stairs. When near the bottom, the staltway made a squeaking poise, and the thief taking alarm, dashed out of the parlor and past Mrs. Getchell. Although the shock was sudden she remained firm, and coolly taking aim, fired at and wounded the burgiar, although where, or to what extent, is not now known. The rascal kept on, clambered through the window by which he had entered into the and escaped. An examination of the premises showed that the burginr had bled profusely, as splotches of the crimson were discernicle all along the hall-way, on the window still, in the yard, and on the fence. It is unnecessary to add that he secured no plunder other than the leaden pellet which he carried as a souvenir of Mrs. Getcheil's skill as a "ahootist.

THE NUMISMATIC AND ANTIQUARIAN SOCIETY OF PHILADELPHIA.—A stated meeting of this society was held at its hall last evening, President Price in the chair. The usual routine business was transacted. A number of interesting letters were received by the Corresponding Secretary, Mr. Henry Phülips, Jr., among which were one from Colonel Walker McBean, Georgia, enclosing for the inspec-tion of the society a heavy Spanish gold coin, dated 1742, worth instrinsically about \$15 or \$16, and olfer-ing to sell it to the society. The society, however, thanking Colonel Walker, declined to purchase, its inances not warranting the outlay. Also, one from the Smithsonian Institution, Washington, D. C., enclosing the drawing of a rire coin or medal, and asking the opinion of the society thereon. Many interesting communications were made to the society upon kindred matters. The report of the Committee on Rooms made at a special meeting on of the special committee revoked. This was done because the report was accepted by but a small number of the members, the meeting being simply an informatione. Under this action the rooms a Ninth and Walnut streets were rejected. Mr. Hibler from the Committee on Antiquities, reported a visit to the house of Patrick Coad, No. 1333 Race street, where were inspected some manuscripts of the late Prof. Matthew O'Conway. The manuscripts con-sisted of materials for a general scientific dictionary and for a dictionary and grammar of S0 differe anguages, 30 of which appeared to be complete and he balance fragmentary. A number of medals, coins, hooks, manuscripts, etc., were received, amongst others, the original manuscript of General Washington's resignation, dated 1797. A letter was read from Isaac C. Price, enclosing a copper coin of the time of Constantine the Great. Resolutions of respect to the memory of Gullan C. Verplanck, of N. Y., and Richard Stockton Fields, of N. J., were then passed, after which the meeting adjourned.

IMPROVEMENT .- The auction house of M. Thomas Sons has been enlarged to the extent of twentyfive feet in width by the addition of the store No. 139 South Fourth street. This extension gives the main floor a front of fifty feet and a depth of one hundred and eighty. This portion of the building is now devoted exclusively to the sale of farniture, now devoted exclusively to the sale of books, The second story is now used for the sale of books, oil paintings, and fancy goods. The whole of the five stories of the extensive edifice, which includes both buildings, No. 139 and No. 141 South Fourth street, s occupied by this firm, whose existence in our midst dates back to nearly a half of a century.

LEGAL INTELLIGENCE.

The Drought of 1869. District Court-Judge Thayer.

To-day the Court is engaged in the trial of a suit great importance, involving the question of the ity's responsibility for losses occasioned to persons engaged in water transportation by the closing of Schuylkill Canal during the dry season of 1869. The plaintiff in the suit is Henry W. Collins, the cap-tain and owner of a barge, who claims damages for the detention of his boat at Manayunk for nearly a whole month, and the loss resulting from his failure to reach the market with his cargo, all of which was caused by the closing of the locks in order to feed the water works at Fairmount. Much evidence is being taken to lay before the jury the precise condi-tion of the river and of the dam at Fairmount, which the public remember very well. As this is a test case, and will in its result regulate numberless others, a large array of counsel is engaged upon each side, and the case is being fought in earnest. On trial.

The Tilman Homicide.

Court of Oyer and Terminer-Judges Allison and Paxson.

This morning the court resumed the trial of William Atkinson, colored, for the murder of John Til-man, colored. The Indian Delegations.

Both delegations of the Sioux Indians came to-

gether to the Indian Office this morning, where they had a preparatory council with the Secretary

of the Interior and Commissioner Parker. Long before the arrival of the Indians the passages of the

department were filled by a crowd anxious to in-

spect the red men as they passed, and this, besides being unpleasant to them, interfered very much

with their comfort, making it somewhat difficult for

them to wend their way into the council chamber. After a while, however, they were all admitted and

seated, Spotted Tail looking the personification of dignity, being with his three companions on one-

side of the room, while scated in two rows at right angles from him were Red Cloud and his larger number of chiefs and red men, together with the

squaws who accompany them. There were also present General Smith, who ac-

companied the Red Cloud party hither; Colonel Beannais, of St. Louis; Colonel Bullock, of Fort Laramie; John Richards, Vincent Colyer, and others. After the Indians were comfortably seated and nad passed the pipe around the circle a few times, Com-

passed the pipe around the circle a few times, Com-missioner Parker, accompanied by Secretary Cox, entered the council room and were introduced to each Indian of Red Cloud's band, having met the Spotted Tall party previously. After that ceremony the speeches of the occasion were made, the first being by the Commissioner, who said:--''I am very glad to see you to-day. I know that you have come a long way to see your Great. Father, the President of the United States. You have had no accident; have arrived here all well, and should be very thankful to the great Spirit who has kept you safe. Action on Board of Domestic Missions. Rev. Dr. Adams offered a resolution that there be two secretaries of the new Board of Domestic Mis-

stons now to be constituted, which was agreed to. Rev. Dr. Adams said he had one other motion to make, with the distinct understanding, of which he hoped the clerks would take notice as a matter of record, that this action would not be taken as a precedent for future action. It has been the custom of our several boards to take this action. It is neces-sary we should take extraordinary action. My motion now is that we proceed to elect Rev. Henry Kendall and Rev. Cyrus Dickson, D. D., as the Secretaries of the new board, and Rev. Samuel D. Powell, D. D., as the Treasurer of that board.

Rev. Dr. Breed offered the following amendment:-Resolved, That this General Assembly will cordially commend to the new board Rev. Henry Ken-dall and Rev. Cyrus Dickson, D. D., as first and second Secretaries, and Rev. Samuel D. Powell, D. D. as Treasurer. A motion was offered that this amendment be laid

on the table, which was agreed to. The resolution of Dr. Adams was then adopted.

Rev. William M. Paxton, of New York, from the Standing Committee on Domestic Missions, oilered the following resolution:-

Resolved, That in view of the retirement of the venerable Secretary of the Board of Domestic Missions, this Assembly recognizes his able and zealous services, and that we assure him of our sincere and cordial sympathy and of our carnest wish that his life may be spared for continued usefulness in the Church, and of our sincere prayer that a Christian peace and hope may cherish his declining years. From the narrative we extract the following :--The vitally important department of church erection work has received a new impetus during the past year. Many of the presbyteries report the commencement or the completion of houses of worship. In others the sanstan-raceful and elegant structures have been resard in large twise, and scores of substantial buildings have been "Church Kreetion Boards," there is still a lamentable head in the newer settlements by the timely aid of our "Church Kreetion Boards," there is still a lamentable head in the newer settlements by the timely aid of our "Church Kreetion Boards," there is still a lamentable head in the newer settlements by the timely aid of our "Church Kreetion Boards," there is still a lamentable head in the newer settlements by the timely aid of our "Church Kreetion Boards," there is still a lamentable because the still a lamentable places for divine worship in too many includes, our Western presbyterial narratives raiterate the constant cry, "Send us means to build churches and as a curious fact, that in one of our presbyteries Okatota here are seven organized churches and yot not a single church edifice. a rotary eidership. Agreed to. A motion was also made to strike out the words "an unpardonable sin" used in connection with the failure to raise funds for the Board of Missions, and insert the words "a gridvous sin." Agreed to. The narrative, on motion of Mr. Tally, was then received.

proper house of publication is greatly needed. The work of the board embraces the publishing of books, pamphlets, and tracts, of Sunday-School books, and of the home and foreign record; it also embraces book selling at the book stores and by col-

porteurs; also, gratuitous distribution. This last branch requires several committees—an Executive Committee, a Publishing Committee, and a Committee on Accounts. The Secretary's duties are various and onerous, embracing correspondence the editing of books, and the Record and Visitor, and the general business connected with the multifa is operations of the board.

The various items of the report provide in every particular for the consolidation of the board and th

Publication Committee. After considering several items of the report the Assembly adjourned with prayer by Dr. J. Alexander.
