#### NEWS SUMMARY.

-A convention of delegates from thirty-three fire companies of this city was held at the ball of the Mechanic Engine Company, Fifteenth and Brown streets, last evening, for the purpose of making arrangements for tendering a suitable reception to the Mechanic and Hope Engine Companies of New Orleans, which will visit this city on the 30th.

-At a meeting of the Police Committee of Councils, held yesterday afternoon, Mr. H. Hubn presiding, a plan for the proposed new public baths was submitted and approved of. This plan represents the building to be of frame, 48 feet 2 inches by 38 feet 2 inches, 10 feet high from floor to plate; and above the plate to roof lattice work to admit air; the tank, or bathing tub, 20 by 30 feet. The specifications call for the tank floor to be of joists, 7 inches sound timber; the sides of tank, 11 inch plank, put in upright, with inch openings.

-Yesterday, at Logan Square, the annual review of the Police force took place. About six hundred men were in line, and the evolutions were executed in the presence of the Mayor, Committee of Police and members of Councils, and a number of invited guests, including Chief Justice Chase, who closely watched the manœuvres of the force and Chief Mulholland.

-The Democratic City Executive Committee, on Tuesday, nominated the following gentlemen to preside over the various conventions, in accordance with the new rules: -Register of Wills .- Thomas A. Fahey, Eleventh ward.

-In the United States Senate yesterday, after the close of our report, on Mr. Ferry's memorial, an exciting debate followed, and finally the subject was referred to a special committee of seven, Mr. Nye being chairman. The Indian Appropriation bill was passed, and the Apportionment bill taken up, pending which the Senate adjourned.

In the House, Mr. Garfield's \$95,000,000 bill came up, and various amendments were offered. Finally, the question being on the third reading of the bill, a motion to adjourn prevailed-yeas 79, nays 75. This virtually kills the bill by placing it at the foot of all the bills upon the Speaker's table.

City Trusts.

A meeting of the Board of City Trusts was held yesterday afternoon, William Welsh, Esq., presiding. The Committee on Wills Hospital was authorized to receive a legacy of \$800, bequeathed by Sarah Phipps, and also if approved by the Solicitor of the Trust to hand over to the Union Benevolent Association the income of certain minor bequests for fuel, soup, and bread, the Association being required to make a specific report each year of their distribution. Messrs. William Welsh and J. L. Claghorn were authorized to act on behalf of the City Trusts at a meeting of the Schuylkill Navigation Company, to be held on the 20th inst., with reference to leasing the property of the company to the Reading Railroad. The Trust is largely interested in the first-mortgage bonds and the common stock of the Navigation Company. The bid of Benjamin Ketchum for the construction of eight new three-stery brick dwellings on the property of the Girard Estate, at Sixth and Brown streets, was accepted. The buildings will be erected immediately. Authority was given to lease 25 feet of additional ground to the Wyoming Public School, at Fifth and Brown streets, when authority is obtained from the proper court. It was ordered that a slate or flag pavement be laid in front of the Girard Bank; and also that application be made to court to sell building lots in Girardville in fee; leases for five years of such property being found to

Yesterday Afternoon's Session. The State Medical Society met at 4 o'clock yesterday afternoon. The report of the Committee on Charters was taken up. Dr. Gallagher moved to recommit the report to the committee, with instructions to obtain a charter from the State Legislature. Lost.

On motion of Dr. W. L. Atlee, the charter, as prepared by the committee for the consideration of the Supreme Court, was adopted as the constitution of the society, to supersede the old constitution.

The report of the Censors was read by Dr. Turnbull, and, after considerable debate, was finally approved by the society. This report reinstates Dr. Halberstadt to membership in the Schuylkill County Medical Society.

Professor William H. Gobrecht, of the Medical College of Cincinnati, was invited to a seat on the floor of this Convention.

On motion the Convention adjourned until 10 o'clock this morning.

The Naturalization Treaty Between the United States and England - Letter of President

WASHINGTON, June 8. The President's Letter.

To the Senate of the United States:-I have the satisfaction of transmitting to the Senate for consideration, with a view to its ratification, a convention between the United States and her Britannic Majesty, relative to naturalization, signed in London on the 13th instant.

The convention is substantially the same as the protocol on the subject signed by Mr. Reverdy Johnson and Lord Stanley, on the 9th of October, 1868, and approved by the Senate on the 18th of April, 1869. If the instrument should go into effect it will relieve the parties from a grievance which has hitherto been a cause of frequent annovance, and sometimes of dangerous irritation. A copy of Mr. Motley's despatch on the subject, and of the act of the Parliament of May 12,

1870, are also transmitted. U. S. Grant.

The President of the United States of America and her Majesty the Queen of Great Britain and Ireland, being desirous to regulate the citizenship of citizens of the United States of America who have emigrated or may emigrate from the United States of America to the British dominions, and of British subjects who have emigrated or who may emigrate from the British dominions to the United States of America, have resolved to conclude a convention for that purpose, and have named as their plenipotentiaries, that is to say, the President of the United States of America, John Lothrop Motley, Esq., Envoy Extraordinary and Minister Plenipotentiary of the United States of America to her Britannic Majesty, and Her Majesty the Queen of Great Britain and Ireland, the Right Honorable George William Frederick, Earl of Clarendon, Baron Hyde, of Hindom, a peer of the United Kingdom, a member of Her Britannie Majesty's most honorable Order of the Garter, knight of the Grand Cross of the Bath, Her Britannic Majesty's principal Secretary of State for Foreign Affairs, who, after having communicated to each other their respective full powers, found to be in good and due form, have agreed upon and concluded the following

Article 1. Citizens of the United States of America who have become, or shall become, and are naturalized according to the law within the British dominions as subjects, shall, subject to the provisions of article two, be held by the United States to be in all respects and for all purposes British subjects, and shall be treated as such by the United States. Reciprocally, British subjects who have become or shall become, and are naturalized according to law within the United States of America as citizens thereof, shall, subject to the provisions of article first, be held by Great Britain to be in all respects and for all purposes citizens of the United States, and

shall be treated as such by Great Britain. Article 2. Such citizens of the United States, as aforesaid, who have become and are naturalized citizens within the dominions of her Britannic Majesty as British subjects, shall be at liberty to renounce their naturalization and resume their nationality as citizens of the United States, provided that such renunciation be publicly declared within two years after the exchange of the ratification of the present convention. Such British subjects as aforesaid who have become and are naturalized citizens within the United States shall be at liberty to renounce their naturalization, and to resume their British nationality, provided that such renunciation be publicly declared within two years after the 15th day of May, 1870. The manner in which the renunciation may be made and publicly declared shall be agreed upon by the

governments of the respective countries. Article 3. If any such citizen of the United States as aforesaid, naturalized within the dominions of her Britannic Majesty, should renew his residence in the United States, the United States Government may, on his own application and on such conditions as that Government may think fit to impose, readmit him to the character and privileges of a citizen of the United States, and Great Britain shall not in that case claim him as a British subject on account of his former naturaliza-

In the same manner, if any British subject, as aforesaid, naturalized in the United States, should remove his residence within the dominions of her Britannic Majester's government, may, on his own application, and on such conditions as that Government may think fit to impose, readmit him to the character and privileges of a British subject, and the United States shall not claim him as as citizen of the United States on account of his former naturalization.

Article 4. The present convention shall be ratified by the President of the United States, by and with the consent of the Senate thereof, and by her Britannic Majesty, and the ratification shall be exchanged at London as soon as may be within twelve months from

In witness whereof the respective plenipotentiaries have signed the same and have affixed thereto their respective seals. Done at London the 13th day of May, in the year
