ing him." The painter, a gentleman by the name of Young, and Alfred Miller, a Santee, were carried by the force of the wind one hundred yards, or perhaps more, into a body of timber. Alfred Miller died very soon after being found. Young is doing well, and we hope will soon recover. The tornado swept over a space about two hun-dred yards wide, and as it passed through the tim-ber did not leave a tree standing. Respectfully, Asa M. JANNEY, United States Indian Agent.

THE INSPENSITY OF OUR TRADE.—The propriety of pub-lishing one's business may be doubted in some quarters, but as it has been done by some of the business houses of Philadeiphis, we take a sincere pleasure in joining the ranks of these who thus make publication.

During the past ten rears the amount of our business foots up to the cheerful extent of \$5,352,012 %. These figures are warranted accurately correct and strictly re-

All this immense business was transacted under the ample roof and within the spacious walls of "The Great Brown Hall."

This is a larger business than has been done by any other Clothing House in Philadelphia. Our capacity is ample. Our resources are abundant. Our facilities are sufficient to double on these figures in Coming years, or to increase them ten fold if necessary. Don't be afraid, then, to come and bring all your friends in full force for the finest raiment, at the lowest prices, to "The Great Brown Hall"

A FOOD TREASURE FROM THE SEA.-Editors, physictans, and newspaper correspondents in all parts of the country seem to have investigated the merits of the SEA MOSS FARINE (made from pure Irish Moss or Carrageon) pretty thoroughly. It has been subjected to the experipretty thoroughly. It has been subjected to the experi-mentum crucis in numberless kitchens, and to the criti-cism of numberless epicurean palates, and the result, as far as we can judge, is a universal verdict in its favor. If has been placed, so to speak, in the front rank of our food staples, and all that has been said of it by the patentee (Mr. Rand), and the Company interested in its sale, appears to be approved and confirmed by public optimes. opinion.

LOOK AT THE RUINS!-Aye, look at the ruins of what once were magnificent sets of testh, to be seen every-where in society. Look at them, and ask yourself if it is not marvellous that such destruction is permitted, when, by simply using SOZOBONT, ANY TEETH, HOWEVER FRAGILE, may be preserved from decay or blemish as long as life lasts?

AT THE WALNUT, in consequence of the un-dimished interest felt in his personation of "Rip Van Winkle," Mr. Jefferson has consented to prolong his engagement for another week. The continued success of this performance is cer-tainly remarkable, even when all its merits are acknowledged. Mr. Jefferson has never attracted larger houses in this city than during the last two weeks, and to fill a theatre to overflowing night after night at this season of the year by an entertainment that has long ceased to be a novelty is certaining that that few actors of the day would be able to accomplish. As it is, however, the public are as fond of "Rip Van Winkle" as ever, and he will accordingly appear

every evening during the present week. AT THE ARCH the Bryant troupe of minstrels AT THE ARCH the Bryant troupe of minstress will present an entirely new programme this evening. These Ethiopian delineators provide an excellent entertainment for the hot weather, and as they will conclude their engagement at the end of the present week, those who have not yet seen them should avail themselves of the few remaining opportunities.

PETER E. ABEL's benefit will come off at the Academy of Music on Thursday evening next, and the main attraction of the occasion will be Sheridan's comedy of The School for Scandal, with Miss Josie Orton as "Lady Teazle." A crowded house is expected, and those who wish to attend should secure seats at as, early a day as possible.

AT DUPREZ & BENEDICT'S OPERA HOUSE Mile. Marie Zoe will commence an engagement this evening, when she will sustain the leading role in the military drama of The French Spy. An interesting collection of anatomical curi-osities is on exhibition at No. 1205 Chesnut street.
