The special committee of Councils and a committee of the Park Commissioners, having in charge the arrangements for the International Exhibition, have held several meetings for the purpose of adopting a programme for the entertainment of the committees of Congress on their arrival and during their stay in Philadelphia. The Committee on Manufactures and on Foreign Relations of Congress, the Senators from Pennsylvania, and the members of Congress from this city, will arrive in Philadelphia by special train to-morrow night, and stop at the Continental Hotel. On Friday morning, in company with the Council Committee, the distinguished visitors will visit Independence Hall, where they will be formally welcomed

by the Mayor of the city.
On leaving the hall, they will be conveyed to Baldwin's locomotive works, on Broad street, and from there to the Girard College, From this point the party will be conducted to Fairmount Park by a committee of the Commissioners, for the purpose of examining the ground selected for the proposed international exhibition.

On Saturday morning the visitors will take the steamboat Twilight for a trip along the Delaware front, stopping to examine the mills at Gloucester, and the manufacturing establishments at Bridesburg. A salute will be fired at the Navy Yard as the boat passes at that point. In the evening the Union League will be visited. It has been suggested that the committees visit the coal regions on Sunday, starting from this city early in the morning and returning the same day in time to enable the members of Congress to start for Washington Sunday night, if they so desire.

The report was accepted by the board. Mr. Steinmetz, from the Committee on Girls' Normal School, reported that the committee are compelled to ask some change in the apportronment of admissions to the school. The number in the school at present is 480, the number graduating is 46, leaving at the beginning of next term 409. The number to be admitted under the apportion-ment of last admission would be 133, a number much beyond the capacity of the building to accommodate.

The committee presented the following:-Resolved, That the following be the apportionment for admission of pupils to the Normal School for the next term:—First ward, 4; Second ward, 4; Third ward, 4; Fourth ward, 4; Fifth ward, 4; Sixth ward, Seventh ward, 4; Eighth ward, 4; Ninth ward, 4: Tenth ward, 4: Eleventh ward, 4: Twelfth ward, 4: Thirteenth ward, 4; Fourteenth ward, 8; Fifteenth ward, 4; Sixteenth ward, Seventeenth ward, 4; Eighteenth ward, 4; Nineteenth ward, 4; Twentieth ward (east),

Two-thirds of the members refusing to suspend the rules, the resolution fell. Adjourned.

Incidentals.

-Baltimore has painted its garbage carts a bright blue, with the running gear and shafts red, and had a grand procession of them through the principal streets a day or two ago. -Cincinnati is aghast at the discovery that a drunken clerk of a druggist has frequently

compounded the medicines prescribed by one of the city physicians for the poor of his district. —Johnny Clem, the drummer boy of Chickamauga, expresses the opinion in a letter from West Point to a Pittsburg paper, that Michael Howard, the colored cadet from Mississippi, is 'not bright at all."

-A Texas paper asserts that the bitterest radical in the Legislature of that State is an ex-Confederate general who went to Brazil at the close of the war because he would not live under the hated Government of the Yankees. He is wiser now than he was at the close of the war.

—A Montreal paper announced on Thursday

last that Prince Arthur would finally leave that city on Tuesday morning, the 14th instant, and added the appalling announcement that he would give dinners every night till then. "May good digestion," etc.

-In several counties in Maryland infrates of almshouses who are disorderly or refuse to obey the rules may be punished by flogging, the number of stripes authorized in one county being thirty-nine. In another county the number is limited to ten, and in others to fifteen, twenty, and twenty-five.

-Indignant at the false reports which have been published, a New Hampshire man, who evidently ought to have been born in Ireland, declares that he will give a dollar for the autograph of every member of the New Hampshire Legislature who is unable to write his own

-Canadian papers complain that some of the patriotic young men who gallantly went to the front to repel the armed Fenian invaders found, on returning to their employers, after successfully discharging their perilous duty, that they had been discharged and their places filled by

sneaking stay-at-homes. —After having bragged so loudly of its mag-nificent new hearse, Nashville, Tenn., com-plains that it was never more healthful than now; that there are no epidemies, and scarcely any sickness worthy of note, prevailing in any part of the city or the surrounding country. Consequently, the large investment in the hearse is nearly a dead loss.

-There are many afflicted readers who will drop a sympathizing tear with the Columbus (Ohio) State Journal when it says:-"We began to have hopes that Washington's body servant was really finally dead, and we should hear no

more of him, but the newspapers have commenced with his children now. Four of them have died during the past week."

—Judge Pomroy Jones urges in the Utica Observer that a monument be erected to General Herkimer, who commanded at the battle of Oriskany, giving his orders to his German sol-diers in the German tongue, even after he had received his death-wound. Ten days after the battle he died at his home near Little Falls, and in a neglected graveyard there his dust lies almost unmarked.
