

NEWS SUMMARY.

City Affairs.

The commencement of the Lincoln Girls' Grammar School took place yesterday afternoon in the school building, Twentieth and Coates streets, and consisted of singing, music, recitations, etc. Mayor Fox, the members of Council and Board of School Control, Directors of the section, and parents and friends of the pupils were in attendance in large numbers. The exercises were of a varied and interesting character.

In view of the threatened repositition of the income tax, a number of the most respectable citizens of Philadelphia lately united in an agreement, in order that if Congress should not refrain from the re-enactment of the offensive tax (which was submitted to as a war measure, and with the understanding that it should expire at the expiration of 1869), a serious attack should be made upon it in the courts.

The members of the Plumbers' League met last evening at the northwest corner of Eighth and Locust streets, and adopted a new series of by-laws. One clause of their new constitution is to the effect that if any member of their league shall do any act detrimental to the well-being and good order of the public, it shall be the duty of the officers and members of the league to exert themselves to the utmost to bring the offender before the bar of justice to answer for his misconduct against society. It is the aim of the members of this organization not only to benefit themselves pecuniarily, but to establish a favorable reputation.

A meeting was held yesterday morning, and it organized by the appointment of Mr. A. J. Drexel as chairman, Mr. Joseph Wharton as secretary, and Mr. C. H. Clark as treasurer. It being ready for business, it was resolved that the organization should form the nucleus of an association to be called the "Anti-Income Tax Association." After discussion of the general question it was resolved that the Chair appoint an executive committee of three, who shall select counsel, etc., as provided in the agreement, and Henry C. Lea, John Sellers, Jr., and Joseph Wharton were so appointed. Citizens desiring to join the association will find a copy of the agreement at the room of the Commercial Exchange, No. 423 Walnut street, second floor, between 11 and 1 o'clock on Monday next, and on subsequent days.

Domestic Affairs.

—Gold closed yesterday at 11 1/2.

California, according to Census Marshal Morris, is entitled to another Congressman.

—England will leave sufficient force in the New Dominion to garrison Quebec and Halifax.

—Senator Wilson will move the substance of the Army bill, killed on Thursday night, as an amendment to the Army Appropriation bill.

—Early yesterday morning a fire broke out at Manchester, N. H., which resulted in a loss of \$250,000, and which rendered at least 200 families homeless.

—The Red River difficulty is practically at an end, the Legislative Assembly of Assiniboine having adopted the Manitoba bill and the articles of confederation with Canada.

—Proposals for the exclusive right to take fur seals upon the islands of St. Paul and St. George, Alaska, for the term of twenty years, will be received at the Treasury until July 20.

—Commissioner Parker received the Sioux delegation yesterday and had a long talk with them. The chiefs all seemed very friendly disposed, but wanted presents and more traders.

—In the United States Senate yesterday, after the close of our report, the Georgia bill was taken up, the House amendments were non-concurred in, and a conference committee was ordered. A conference report on the diplomatic appropriations was adopted. The bill to prohibit cocaine contracts was considered. In evening session, the House resolution making an appropriation to settle the claims of the Hudson Bay and Puget Sound companies was passed. Discussion of the bill to prohibit cocaine contracts was continued in evening session, pending which the Senate adjourned.

In the House, Mr. Bingham, from the Judiciary Committee, reported a bill making it penal to attempt a repeal by State authority of any ratification of a constitutional amendment, unless such repeal be proposed by Congress. The bill was passed under a suspension of the rules by a vote of 128 to 54. Mr. Bingham, from the same committee, also reported bills authorizing acceptance by the President of the resignation of any judge of a United States Court, and directing payment to lawful owners of the net proceeds of cotton seized since June 30, 1865. Adjourned.

Foreign Affairs.

—France is already making warlike preparations.

—Papal infallibility is to be proclaimed on the 17th of June.

—Mr. Bright has quite recovered his mental and bodily vigor.

—The Irish Land bill has been passed by the House of Lords.

—Montenapier, it is reported, will not oppose Prince Leopold.

—Prussia has not yet forwarded a definite reply to France on the Spanish question.

—Austria will not interfere in the pending difficulty between France, Prussia, and Spain.

—The Austrian, English, and Italian Ambassadors seem favorable to France in the Spanish complication.

—Olozaga, the Spanish Ambassador, has left Paris for Madrid, to endeavor satisfactorily to arrange the Hohenzollern affair.

—Fearing the anger of the populace, all the Chinese in Paris have kept carefully within doors since the news of the Peking massacre.

—Prince Leopold, it is said, twice refused Frim's offer of the crown, and only finally accepted it at the solicitation of his sister, the Duchess of Planders. This, if true, would involve Belgium.

SHERIFF'S SALES.

In addition to other properties sold at the July sale by Sheriff Lytle, heretofore published, were the following, for the prices named:—

Three-story brick distillery, one-story frame building and lot, southeast side Trenton avenue, 300 feet northeast of Clearfield street; 90 feet front, 150 feet 9 inches deep on northwest line, 148 feet 9 inches deep on southwest line. The distillery is 38 feet front by 36 feet deep—\$15,000.

Three-story brick house and lot, north side... street, 30 feet front, 100 feet 6 inches deep—\$1000.

Three-story brick house and lot, north side... street, 30 feet front, 100 feet 6 inches deep—\$1000.

Three-story brick house and lot, north side... street, 30 feet front, 100 feet 6 inches deep—\$1000.

MEMORANDA.

Ship Centaur, Foster, hence, at Anversport, N.Y. Steamer Pennsylvanian, Gray, for Philadelphia, sailed from Charleston yesterday. Steamer Abyssinia, from Liverpool, arrived at Boston yesterday. Steamer Pennsylvania, Hall, from New York, 20th ult. at Queenston st. wharf, for Liverpool. Steamer Dictator, McMillan, for Philadelphia, etc., went to sea from Charleston 23d inst. Steamer New York, Jones, hence, at Georgetown, D. C., 7th inst. Steamer Star, Hunter, for Philadelphia, sailed from Richmond 7th inst. Steamer Sherman, Crowell, at New Orleans, 4th inst. from New York. Steamer Erie, Berry, 19 days from Matanzas, at New York 7th inst. It has been reported both to Philadelphia and New York. Steamer Harris, Vermilion, Higgins, Charles Miller, Butler, and W. Griffin, hence, at Providence 4th inst. Steamer W. N. Gessner, Egbert, hence, at Richmond 7th inst. Steamer M. Weaver, Weaver, Charles A. Jones, Griffin, Farrago, Clark, Hamon, Johnson, William S. Douglas, Farris, M. Y. Cook, Salsman, Kate E. Bion, Doherty, A. M. Aldridge, Fisher, C. S. Smith, Hanson, Southern, Darling, Restless, Steamer W. H. Gould, Gould, hence, at Boston 7th inst. Steamer Frank and Nellie, Wheeler, hence, at Salem 6th inst. Steamer Alabama, Vauglior, for Philadelphia, sailed from Salem 6th inst. Steamer W. S. Thompson, Bayner, and Thomas W. Ware, Abell, hence, from Richmond 6th inst. Steamer Argo, Taylor, from Richmond 6th inst. for Philadelphia via lower James river. Steamer W. H. Harrison, 19 days from Jacksonville, at New York 7th inst. Steamer M. E. Griffin, Grilling, hence, at New Haven 7th inst. Steamer Anna E. Cramer, Cramer, hence, at Edgartown 5th inst. for Boston, and sailed again. Steamer C. E. Smith, hence, from Boston 4th inst. Steamer J. A. Baker, Baker, for Philadelphia or Baltimore, sailed from Providence 4th inst. Steamer Reading R. No. 3, from Elizabethport for Norfolk, 4th inst. Steamer Echo, with the three towing schrs. J. A. Crawford, Young, hence for Danversport; J. P. Rose, Paul, for Elizabethport; and B. Moran, Clark, from do. for Salem, went ashore 7th inst. on the point at North Berwick. The Crawford and Rose were towed off and proceeded on their way, leaving the Echo, which will return to New York, having had her windlass carried away.

Mr. ship George H. Warren, from Boston for St. John, N. H., before reported ashore, has been got off and towed into the harbor. The ship has received considerable damage, but is not making way. Captain Nichols, of ship St. Lawrence, before reported burned and sunk at New Orleans, writes:— "The ship took fire in the fore-cabin, the deck being set on fire by a lantern which was overturned; where she had been stowed for nearly a week. I think the ceiling between decks from the fore-cabin to the main cabin was badly burned; half of the deck is burnt from the main cabin to the fore-cabin. The cargo of the ship was saved, and the vessel is being towed into the harbor and will be ready to start for New York in a few days.

The latest advices from the steamer Tennessee are that the fire started in the fore-cabin and spread down to the water's edge. Nothing was saved from the wreck with the exception of some baggage as the passengers had withdrawn at the time in their staterooms, and some few articles of cabin furniture that Capt. Chichester managed to secure.

NOTICE TO MARINERS. UNITED STATES OF AMERICA—VIRGINIA—York Ship Canal, Chesapeake Bay, of mouth of York river and West Trap Shoal, in Chesapeake Bay, between mouths of York and Rappahannock rivers, Va. Notice is hereby given that the erection of a screw-signal light-vessel to mark the West Trap Shoal, now marking the York Ship Shoal, of mouth of York river, is about to be commenced. Masters of vessels and pilots are warned to keep clear of the works, the position of which will be indicated by a light-vessel moved close to it to the eastward, and showing a red light to distinguish it from the York Ship light-vessel, which shows a white light. It will be well for pilots and others to note that the proposed screw-signal light-vessel will stand within 400 yards of the existing light-vessel which shows a white light, water, mean tide, distant about 1/2 mile west from York Ship light-vessel, and that vessels must keep to the eastward of it, giving it a berth of at least one-quarter of a mile. The temporary light-vessel to mark the exact position of West Trap screw-signal light-vessel having been moved to the position of the light-vessel, the light-vessel, the former will hereafter be indicated, until the lens is in operation, by a red light suspended immediately over the work. Due notice will be given of the completion of these light-houses and their characteristics. By order of the Lieutenant, Chairman, Treasury Department, Office Light-house Board, Washington, D. C., June 25, 1870.

TO FAMILIES GOING TO THE COUNTRY. We offer a full stock of the Finest Groceries to select from, and at the LOWEST CASH PRICES. Packed securely and delivered at all the Depots. COUSTY'S East End Grocery, No. 118 South SECOND ST., 217 next BELOW CHESNUT STREET.

WISHART'S COLUMN.

A Change without Alteration.

Most of the cities of our Union have pet names—titles of endearment which are almost as well known as their proper titles. Thus we have the Garden City, the Hub, the Crescent and the Twin. One among our larger capitals has a name which is merely a translation of its own into a more familiar and better understood language. We mean Philadelphia, the City of Brotherly Love. It is a city of which an American may well be proud, for here the Declaration of Independence was signed, and the heart of every patriot swells with a nobler emotion as he looks upon the bell which pealed forth with joy at a nation's deliverance. The philanthropist feels his heart throbb with pleasure as he views the noble institutions which a magnificent charity has erected in that favored spot to relieve the distress of humanity. The friend of science rejoices to see the city of the great American printer and philosopher abounding in institutes for science and nurseries of art. Medical students resort to Philadelphia for their professional training. The young man intending to adopt the bar as his occupation seeks her classic groves. The architect finds in her streets and squares, her solemn temples and gorgeous palaces, examples for his study and imitation. The merchant from other cities looks with wonder upon the commercial facilities of Philadelphia, her double wharves, her numerous wharves, her docks, and the exhaustless resources of the Common Pleas, and the manufacturing energies which put the wheels of industry in motion and send the products of her artizans and the results of her energies to the farthest regions of the West and all points of the compass. From Philadelphia as from a most abundant healing pool for the diseases of humanity flow out the grand remedies which have stood the test of time, and are known and valued wherever mankind is liable to the ill of death or the accidents of climate. Why is it we know not, but probably from her magnificent central position of our country, those members of the healing art who furnish the whole world with remedies for every complaint seem to have made their headquarters in the City of Brotherly Love. We could enumerate, had we space and time, a large number of houses engaged in this noble trade, second to none, take, for instance, those well-known medicines, the Pine Tree Tar Cordial and Dypssopia Pills. The results of long experience and the subject of many papers before the Philosophical Society of Great Britain it was left to America to see their virtues fully tested, and to Philadelphia to become the great centre from which they traversed half the world. Originally introduced by L. Q. C. WISHART, they rapidly became popular and brought fame and fortune to their proprietor, who some twelve months ago died, full of years and honors, respected and regretted by all who knew him. These medicines for out the grand remedies which have stood the test of time, and are known and valued wherever mankind is liable to the ill of death or the accidents of climate. DR. WISHART'S FINE TREE TAR CORDIAL. Nature's Great Remedy. It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. It is the only safe and reliable remedy which has ever been prepared from the juice of the Pine Tree. It invigorates the digestive organs and restores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which scrofula breeds on the lungs. It dissolves the mucus or phlegm which stops the air passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing inflammation. It is the result of years of study and experiment, and it is offered to the afflicted with the positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure:— Consumption of the Lungs, Cough, Sore Throat and Breast, Bronchitis, Liver Complaint, Blind and Bleeding Piles, Asthma Whooping Cough, Dropsy, etc., etc. We are often asked why are not other remedies in the market for Consumption, Coughs, Colds, and other Pulmonary affections, equal to Dr. L. Q. C. Wishart's Pine Tree Tar Cordial? We answer— First, it cures—not by stopping coughs, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, causing irritation and cough. Second, Most throat and lung remedies are composed of anodynes, which allay the cough for awhile, but by their constringent effects the fibres become hardened, and the unhealthy fluids coagulate and are retained in the system, causing disease beyond the control of our most eminent physicians. Third, The Pine Tree Tar Cordial, with its assistants, are preferable, because they remove the cause of irritation of the mucous membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions and purify the blood, thus scientifically making the cure perfect. Dr. Wishart has on file at his office hundreds and thousands of certificates from men and women of unquestionable character, who were once hopelessly given up to die, but through the Providence of God were completely restored to health by the Pine Tree Tar Cordial. A physician in attendance, who can be consulted in person or by mail, free of charge. Price of Pine Tree Tar Cordial, 50¢ per bottle; \$11 per dozen. Sent by express on receipt of price. Address

It dissolves the mucus or phlegm which stops the air passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing inflammation. It is the result of years of study and experiment, and it is offered to the afflicted with the positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure:— Consumption of the Lungs, Cough, Sore Throat and Breast, Bronchitis, Liver Complaint, Blind and Bleeding Piles, Asthma Whooping Cough, Dropsy, etc., etc. We are often asked why are not other remedies in the market for Consumption, Coughs, Colds, and other Pulmonary affections, equal to Dr. L. Q. C. Wishart's Pine Tree Tar Cordial? We answer— First, it cures—not by stopping coughs, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, causing irritation and cough. Second, Most throat and lung remedies are composed of anodynes, which allay the cough for awhile, but by their constringent effects the fibres become hardened, and the unhealthy fluids coagulate and are retained in the system, causing disease beyond the control of our most eminent physicians. Third, The Pine Tree Tar Cordial, with its assistants, are preferable, because they remove the cause of irritation of the mucous membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions and purify the blood, thus scientifically making the cure perfect. Dr. Wishart has on file at his office hundreds and thousands of certificates from men and women of unquestionable character, who were once hopelessly given up to die, but through the Providence of God were completely restored to health by the Pine Tree Tar Cordial. A physician in attendance, who can be consulted in person or by mail, free of charge. Price of Pine Tree Tar Cordial, 50¢ per bottle; \$11 per dozen. Sent by express on receipt of price. Address

DR. WISHART'S FINE TREE TAR CORDIAL. Nature's Great Remedy. It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. It is the only safe and reliable remedy which has ever been prepared from the juice of the Pine Tree. It invigorates the digestive organs and restores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which scrofula breeds on the lungs. It dissolves the mucus or phlegm which stops the air passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing inflammation.
