MUSICAL.

The English Opera. The announcement has been made of the consolidation of the Richings and the Parepa-Rosa English opera combinations under the joint management of Mrs. Caroline Richings-Bernard, who will fill the post of operatic directress, and C. D. Hess & Co., who will manage the business affairs.

The combination will be a strong one, although its strength will scarcely be increased by some of the singers included in it. The leading members of the new troupe will be: sopranos, Mrs. Bernard, Miss Rose Hersee, and Miss Emma Howson: contraltos, Miss Zelda Seguin and Mrs. Anna Kemp Bewler; tenors, Mr. W. Castle, Mr. Brookhouse Bowler, and Mr. John Chatterton; buffo, Mr. Edwin Seguin; baritone, Mr. Albert Lawrence; and bassos, Mr. S. C. Campbell, Mr. Henry Drayton, and Mr. Arthur Howell.

The repertoire will consist of the following operas:-The Marriage of Figure, Oberon, Der Freischutz, Don Giovanni, The Huguenots, Martha, Bohemian Girl, Fra Diavolo, Rose of Castile, Il Trovatore, Il Traviata, Norma, Faust, Crown Diamonds, Maritana, North Star, Postillon, Rigoletto, Dinorah, Masked Ball, Lurline, Ernani, Robert le Diable-all of which, and several others, will be ready for presentation at the beginning of the season.

The Sisters of Gottschalk. The American public have just cause to take pride in the great reputation which Gottschalk acquired. He was an American in all his ideas and feelings, and as the only strongly-marked musical genius that this country has produced, his memory and his works are entitled to be held in especial consideration.

The remains of the deceased planist are expected to arrive in New York shortly from Rio Janeuro, and his family, consisting of his brother Gaston and four sisters, Celestine, Augusta, Clara, and Blanche, are now awaiting to give them proper burial. These young ladies have been residing in Europe for some years, engaged in completing their musical education, and report speaks of them as possessing a considerable share the same decided musical talent as their lamented brother. Celestine is said by those who have heard her to be an unusually fine contralto, while Augusta is a brilliant planist, and the others, Clara and Blanche, to be musiclans of much ability. It is the intention of these young ladies to give a series of entertainments in the principal cities of the United States, after baving performed the sad duty that now engages them, and we bespeak for them a cordial and hearty welcome from the many friends and admirers of their distinguished brother.

THE WORRY OF AILING CHILDREN!-Their ill-humored fretting when too peevish to play and not sick enough to give up-how familiar is this phase of childhood to every parent! Frequently, too, there is apparent a want of appetite, a depression of spirits, an evident loss of strength and vitality, and still no development of specific disease; but with these symptoms to deal with, you may be sure a good, safe tonie, such as Dr. Jayne's Vermifuge, will, in a short time, bring the little patient around and restore the general health. This preparation, besides, relieves Dyspepsia in adults, and thoroughly eradicates Worms in old and young. Every mother would do well to keep a supply of so safe and practical a curative on hand. TEMPERANCE MEN ADMIT ITS UTILITY .- No attempt has ever been made, or ever will be made, to disguise the character of Plantation Bitters. It contains alcohol, and no Bitters that do not contain alcohol are worth a rush. Water will neither preserve the virtues of tonic vegetables nor render t hem active in the system. This is a chemical fact which no person competent to deliver an opinion on the subject will deny. Water tonics turn sour on the stomach, if they are not sour to begin with (which is frequently the case), and produce and promote indigestion, instead of curing it. Let it, therefore, be distinctly understood that Plantation BITTERS is an alcohol restorative. But mark this: it is strictly a medicine, not a beverage. It is to be taken in limited quantities and at stated times, like other remedies and antidotes, and therefore its use is in accordance with temperance law, as well as with that "higher law" which renders it incumbent upon every being gifted with reason to resort to the best possible means of accomplishing a salutary end.

It is positively the only standard specific before the public, being composed of pure and harmless vegetable ingredients solely, containing no minerals, poisonous vegetables, or injurious drugs. It is warranted, under oath, to have permanently cured ninety-five in every hundred cases treated in the past four years, a result unparalleled in the annals of medicine. To protect sufferers against imposition, deception, quacks, and injurious nostrums prepared by unskilful, uneducated, and unscientific hands, a printed legal form of guarantee, containing name of patient and exact stated quantity to cure, properly signed and sealed, will be given to every patient desiring it, without extra charge, and in case of failure to cure the money refunded. All sufferers should examine the plan of guarantee, which insures a positive cure, or costs nothing for the trial. As to its curative properties in haumatism, gout, and neuralgia, no one, who is not wilfully blind, can entertain the shadow of a doubt. Thousands of the worst cases known to the medical faculty have been cured by it, and hundreds of the certificates given in its favor are from judges, lawyers, physiciaus rchants, tradesmen, etc., in our very midst, who are living evidences of its miraculous power. It is sold everywhere, and rhoumatic and neuralgic sufferers owe it to themselves to makes trial of its virtues.

MEDICAL.

The Era of Revolutions.

If the jog-trot slaves of precedent and routine who flourished a century ago could now revisit the scenes of their former labors, how completely they would be taken aback by the wholesome innovations which modern skill, knowledge, and enterprise have made upon their musty precepts and purblind practice! In medicine, especially, we have got entirely out of the old worn-out grooves, and taken a

new and more philosophical road to health. The German School of Medical Chemistry is perhaps the most progressive and successful. It has repudiated the stereotyped potions of the past, and substituted in their stead a new class of alteratives and restoratives capable, it would seem, of working wonders. Prominent, perhaps foremost, among these stand the well-known household remedies-

HOOFLAND'S GERMAN BITTERS,

HOOFLAND'S GERMAN TONIO,

PODOPHYLLIN PILLS.

They are the Greatest Known Remedies

HOOFLAND'S

For Liver Complaint, Dyspepsia, Nervous Debility, Jaundice, Disease of the Kidneys, Eruptions of the Skin, and all diseases arising from a Disordered Liver, Stomach, or IMPURITY

OF THE BLOOD. These medicines have acquired a reputation exceeded by none, and when we see such names as those of Chief Justice Thompson, ex-Chief Justice Woodward, Justice Sharswood, Mayor Rogers, of Buffalo, New York, together with those of the leading clergy of the country, and prominent statesmen and citizens, appended to strong testimonials in favor of these popular preparations, we recognize the evidence thus volunteered as unimpeachable and conclusive. Such men do not give their sanction and approval to articles which they do not KNOW to be of sterling excellence, and therefore when they state through the columns of the press that HOOF-LAND'S GERMAN BITTERS is a valuable medicine in cases of Indigestion and Dyspepsia, "of great benefit in cases of Debility and want of Nervous action," and "a safe and valuable preparation for General Debility and Liver Complaint," we feel assured that they speak from actual EXPERIENCE and OBSERVATION, and with a due sense of the weight of their influence and of the words they

employ. The testimony in relation to the TONIC, which contains a stimulating element emitted in the Bitters, is equally satisfactory.

Hoofland's German Tonic

Was compounded for those not inclined to extreme bitters, and is intended for use in cases when some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure Santa CRUZ RUM, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is \$1.50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients, and they who expect to obtain a cheap compound and be

benefited will most certainly be deceived. Hoofland's Podophyllin Pill

Is also highly extolled and pronounced to be the most efficient Cathartic known to the Medical World. Being composed of the ACTIVE PRINCIPLE of Mandrake, in combination with other effective ingredients, they act more powerfully upon the Liver and Secretive Organs than any other Pills. Their

operation is free from griping or nausea.

Two Pills a Dose. It does not require a handful of them to produce the desired effect. From personal experience and otherwise, we have no hesitation in saving that, taken in connection with the Bitters and Tonic, they will speedily cure the most severe and long-standing

cases of Liver Complaints, Constipation, or any other derangements of the organs of digestion, The Piffs will Purify the Blood, will thoroughly cleanse the Liver of all unhealthy impurities, and relieve the Stomach and Bowels, while the Bitters or Tonic strengthens and adds new life to the entire system, enables the Stomach to digest the food, and transforms the sickly, emaciated, weak, and feeble body into one of health, strength, and vigor.

WISHART'S OOLUMN

A Change without Alteration.

Most of the cities of our Union lisve pet namestitles of endearment which are almost as well known es their proper titles. Thus we have the Garden City, the Hub, the Crescent and the Twin. One among our larger capitals has a name which is merely a translation of its own into a more familiar and better understood language. We mean Philadelphia, the City of Brotherly Love. It is a city of which an American may well be proud, for here the Declaration of Independence was signed, and the heart of every patriot swells with a nobler emotion as he looks upon the bell which pealed forth with joy at a nation's deliverance. The philanthropist feels his heart throb with pleasure as he views the noble institutions which a magnificent charity has erected in that favored spot to relieve the distress of humanity. The friend of science rejoices to see the city of the great American printer and philosopher abounding in institutes for science and nurseries of art. Medical students resort to Philadelphia for their professional training. The young man intending to adopt the Bar as his occupation seeks her classic groves. The architect finds in her streets and squares, her solemn temples and gorgeous palaces, fit examples for his study and imitation. The merchant from other cities looks with wonder upon the commercial facilities of Philadelphia, her double port, ner mineral treasures poured into her lap from the exhaustless resources of the Commonwealth. and the mannfacturing energies which put the wheels of industry in motion and send the products of her artisans and the result of the energies of her capitalists to the farthest regions of the West and all points of the compass. From Philadelphia as from a modern Bethesda a healing pool for the diseases of humanity flow out the grand remedies which have stood the test of time, and are known and valued wherever mankind is liable to the ills of flesh or the accidents of climate. Why it is we know not, but probably from her magnificent central posttion of our country, those members of the healing art who furnish the whole world with remedies for every complaint seem to have made their headquarters in

We could enumerate, had we space and time, a large number of houses engaged in this noble work. Second to none, take, for instance, those well-known medicines, the Pine Tree Tar Cordial and Dyspepsia Pills. The results of long experience and the subject of many papers before the Philosophical Society of Great Britain, it was left to America to see their virtues fully tested, and to Philadelphia to become the great centre from which they traversed half the world. Originally introduced by L. O. C. WISHART, they rapidly became popular and brought fame and fortune to their proprietor, who some twelve months ago died, full of years and honors, respected and regretted by all who knew him. These medicines for that peculiarly American complaint-chronic indigestion or dyspepsia-together with his fortune, fell into good hands, and the worthy sons carry on their manufacture and distribution. HENRY R. WISHART, the principal manager, is recognized by the profession as a promising man, though scarcely thirty years old, possessed of the energy which is requisite in his calling, and which is so peculiarly characteristic of the Philadelphians. He, well knowing that they have something the world wants and the people will have, is extending the fame and knowledge of his father's sequest through the length and oreadth of the land by an extensive system of newspaper advertising; and the village must be remote, the drug store extremely rare, which is not supplied with a stock of the Tar Cordial and Dyspepsia Pilis, two preparations which, at the present day, stand foremost in the ranks of patent medicines, and which are the sheet-anchor of health when once that kitchen of the body, the human stomach, gives way under the distressing symptoms of confirmed indigestion. Young and enterprising, a future ites before the WISHARTS of which any man might be proud, and which they will, we predict, grasp and use with prudence and success. A trade immense to contemplate lies in the articles and the men. -Davenport Democrat.

Wishart's Pine Tree Tar Cordial? We snswer-First. It cures-not by stopping coughs, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, causing irritation and cough. Second. Most throat and lung remedies are com-

posed of anodynes, which allay the cough for awhile, but by their constringent effects the fibres become hardened, and the unhealthy fluids coagulate and are retained in the system, causing disease beyond the control of our most eminent physicians. Third. The Pine Tree Tar Cordial, with its assist-

ants, are preferable, because they remove the cause of irritation of the mucous membrane and bronchial tubes, assist the lungs to act and throw off the unhealthy secretions and purify the blood, thus scientifically making the cure perfect.

Dr. Wishart has on file at his office hundreds and thousands of certificates from men and women of unquestionable character, who were once hopelessly given up to die, but through the Providence of God were completely restored to health by the Pine Tree Tar Cordial. A physician in attendance, who can be consulted in person or by mail, free of charge. Price of Pine Tree Tordial, \$1:50 per bottle; \$11 per dozen. Sent by express on receipt of price. Address
