PHILADELPHIA AND ERIE LEASE. Meeting of the Stockholders of the Philadel-phia and Eric Hailrond—The Provisions of the Medified Lease Adopted. At 11 o'clock this morning a meeting of the Stock-

holders of the Philadelphia and Eric Railroad Com-pany was held at the office of the company, No. 230 wainut street, for the purpose of acting upon the acceptance of the proposed modification in the lease which is now held by the Pennsylvania Railroad Company on the line and works of the Erie.

Hon. Daniel M. Fox, Mayor of Philadelphia, presided, and George P. Little, Esq., was selected Secretary.

Mr. Little read the call of the meeting, and followed that with the old lease, explaining the pro-posed modifications in the order in which they oc-

Edwin F. Gay, Esq., President of the Philadelphia and Erie, made a further explanation, prefacing his remarks with the statement that the Pennsyl-vania Railroad Company, under the existing lease, only allowed the Pennsylvania and Erie stockholders 30 per cent., whereas under the proposed lease the Pennsylvania runs the road at cost and pays the interest of the bonds, and then pays the surplus fund over to the stockholders. Edmund Smith, Vice-President of the Pennsylva-

nia Railroad Company, offered the following resolu

Resolved, That the stockholders of the company do nereby approve of the modified lease and contract with the Pennsylvania Railroad Company this day presented for their consideration, and do ratify and confirm the same, and instruct the Board of Managers to take all needful measures to carry the same into effect, and that the same shall be deemed and taken to be in full force and effect on and after

the 1st day of January, 1870.

A short discussion then ensued between Messrs.

D'Invilliers and Smith, during which the latter stated that the road could be better managed with the Penn-sjlvania Railroad as a stockholder than as lessee, The Mayor then appointed Messrs. George Griscom ad C. J. Shain as tellers to take the vote of the

stockholders. Prior to these gentlemen entering upon that duty, Horace F. Clark and Augustus F. Schell, represent-ing the Cleveland, Plainsville and Ashtabula Rail-road Company, entered, on behalf of that company, a protest against the Pennsylvania Railroad Company recording its vote on this measure, as it was a party to be benefited by the measure if adopted. Mr. Smith then proposed to vote the stock of the Pennsylvania Railroad Company, when, on motion of Messrs. Schell and Clark, the following protest

was directed to be entered:—
The Lake Shore and Michigan Southern Railway Company, the owners of the stock standing in the name of the Cleveland. Plainsville, and Ashtabula Rallroad Company, object and protest to the recep-tion of the vote of the Pennsylvania Railroad Com-pany as owners of stock of the Philadelphia and Erie Railroad Company, on the ground that the proposed modification of the lease of 1862 is in their favor, and that they ought not to be permitted by their own vote to discharge themselves from their liabilities and obligations contained in the lease of 1862. The vote was taken, and Mr. Smith, in voting the stock of the sinking fund of the Pennsylvania Rail-

road Company, was met with a similar protest from Messrs. Clark and Schell. That vote was also accepted.

Mr. Clark, President of the Cleveland, Plainsville Mr. Clark, President of the Cleveland, Plainsville and Ashtabula Railroad Company, offered to vote 5000 shares held by that company, but the Chair ruled that by an act of Assembly that company could not cast more than 1667 shares. Mr. Clark insisted upon his right to vote the 5000 shares, but under the ruling of the Chair cast only 1667 shares. There were 65,855 votes cast at the value of \$100 per plant of which 53 458 were in favor of the redding the control of the chair cast only 1667 shares. per share, of which 63,168 were in favor of the modification, as published in THE TELEGRAPH several days since, and 2717 against. Of those in favor, the Pennsylvania Railroad Company and its sinking fund cast 59,818 shares and the city of Philodelphia cost 69.

The tellers submitted this as their report and the meeting adjourned.

THE CENSUS-TAKERS.—The Deputy Marshals appointed for the purpose of taking the census of Philadelphia are still busily engaged in the task assigned them, and the probabilities are that the work of a majority of them will not be concluded before the latter part of August. One or two districts have been finished, but no information will be given until all the returns are in. It is impossible to give any results beyond the fact that the city shows a very large increase in people as well as in manufacturing industry, better in d show much spect if it were possible to get at the truth, since the manufacturers refuse or omit to give the real statistics of their business, as usual. Their obstinacy on this point is so great that it is feared it will be necessary to put the law down on some of them and compel them to tell the truth. This ought to be done in some conspicuous cases in order to make an example of them, as appeals of all other kinds have been repeatedly tried in vain. No complete returns have as yet been received from any of the counties in the Eastern district of Pennsylvania, and, indeed, the returns of the city are ahead of those from the country.

RECEPTION OF THE FIFTH MARYLAND .- At a meeting of the committee having in charge the reception of the 5th Maryland Regiment, held at noon to-day, the following programme for Friday was settled upon:—The line will form on Twelfth street, right resting on Arch, facing west, on Friday morning, the 22d inst., at 8% o'clock, and will move punctually over the following route: Out Arch street to Broad, to Walnut, to Nineteenth, to Chesnut, to Fourth, to Market, and down Market to the West Jersey Railroad Ferry. The column will be reviewed in front of the La Pierre House by Major-General Charles M. Prevost, commanding the 1st Division, and his staff. It will afterwards be reviewed by his Honor Daniel M. Fox. Mayor of the city, at the Mayor's office, Fifth and Chesnut streets.

A number of officers of regiments which do not

intend to participate in the parade have reported to Colonel Grey their desire to participate in the recep-tion. All officers who have not yet reported are re-quested to do so on Friday morning, in uniform, to Colonel Gray, at his neadquarters, on Twelfth street, above Arch, previous to the formation of the column. Company A, of the 4th Regiment, will appear in the escort in their "champion uniform," Colonel Sellers and the field, staff, and line officers of his regiment,

THE HEAT.—The "hot spell" continues almost unabated, and the Coroner is kept busy attending to the numerous fatal cases of sunstroke. This morning the following were reported:—
John Storey, residing at Twenty-ninth and
Fletcher streets, died at the Ridge Avenue Passen-

ger Railway depot. About one o'clock yesterday afternoon Bernard Kelley fell at Twenty-second and Sansom streets. He was removed to his home, Twenty-sixth and

About half-past three o'clock Thomas Fitzsimmons fell in Locust street, above Flerenth. Lieutenant Flaherty took him to a store near by, where

he died about nine o'clock.

A SNEAK THIEF.—James Shields recently stole a liver fire horn from the house of the Reliance Engine Company. Not satisfied with this, he, about 2 o'clock this morning, stole a lot of mantel orna-ments from the residence No. 6 Ashland street. The lady of the house was dozing on the step at the time, and hearing James passing over her supposed it was her husband, but recollecting that he was up stairs in bed she arose and asked James what he wanted. James replied that if she did not keep quiet he would break her neck. He then took the ornaments and left. Subsequently Lieutenant Smith castured him at Eleventh and Carpenter streets, and Alderman Bonsall sent him to Hotel de Moya-

PENSION FRAUD.-Before United Stater Commis-Pension Fraud.—Before United Stater Commissioner Philips this morning was arraigned one Mary B. Conway on the charge of having procured, through a pension agent, \$600 from the Government by means of perjury and forged vouchers. Mary it appears engaged the agent to procure the pension, which when secured he charged \$800 for services. Mary then sent a complaint to Washington, and a special officer was detailed to look after the matter. This official on examination found that Mary was not entitled to the pension money as she had remarried. She was held to answer at court.

Dawaging .- About 4 o'clock vesterday afternoon a pair of horses attached to a chaise owned by John Develin, and driven by his son, took flight at a locomotive at Twenty-third and Spring Garden streets, and started off at a gallop. At Hamilton street young Develin was thrown from his seat and slightly injured. After proceeding some distance the animals were captured by Officer McGehan. The carriage was somewhat damaged.

CAGER.—William R. Gentner, a sneak-thief, charged with being concerned in two or three robberies, of late, was yesterday arrested by Officer Haggerty, of the Tweifth district, at Apple street and Girard avenue. He will have a hearing to-day at the Central Station, before his Honor Judge Wilson Kerr.

FATAL ACCIDENT .- About 4 o'clock this morning Theodore G. Goss, aged forty-five years, residing at No. 786 West street, a driver employed by the Knickerbocker Ice Company, fell from his wagon at Tenth and Lombard streets, and the wheels passing over his head, caused instant death.

WHISKY.

A \$100,000 Felzure. A \$100,000 Selzure.

Some months ago the State Inspector seized a lot of whisky, the property of David Giltinan, No. 145 Dock street, on the grounds that it had not the State brand upon it. The matter was, through the counsel of Mr. Giltinan, taken into District Court No. 2, where a verdict was gained in favor of Mr. Giltinan, and the State Inspector made to fully recompense Mr. Giltinan for the liquor seized, pay costs, etc. The grounds upon which the case was so decided was that the Inspector did not inspect the liquor, but rented out his stencils at so much a month, according to the amount of business done, and allowed the merchant to stamp or leave unand allowed the merchant to stamp or leave un

stamped the packages.

Nothing further was heard of the matter until yesterday, when Inspectors Overbeck and Kucass seized \$100,000 worth of liquor, not belonging to him seized \$100,060 worth of liquor, not belonging to him but stored in his warehouse, the grounds being want of State stamps. As Mr. Giltinan had allowed the officers of the law every facility to stamp the liquor, and as he had piedged his word that no liquor would be allowed to pass out unstamped that legally ought to be stamped, he naturally felt somewhat indignant. When the officers named called to leave the legal notices yesterday he ac-cented them and then ordered the officials of his cepted them and then ordered the officials off his premises. Words followed, but finally they left. The next proceeding was the arrest of Mr. Giltinan and two of his employes, named Michael Matthews and Daniel O'Connor, on the charge of assault and battery and interference with State officers in the discharge of their duties.

The case was heard before Recorder Givin yesterday, when it was stated that Mr. Giltinan had as-saulted the officers with a club or bung-driver. A further hearing this morning resulted in the with-drawal of the first charge and the holding of Mr. Giltinan in \$1000 and the others in \$800 bail each to

answer.

Mr. Giltinan looks upon the matter as a piece of mall clous persecution, and intends taking the matter to court. The whisky seized belongs to various parties, and this morning it was ascertained that a portion of it was made in Buffalo, N. Y., and therefore not liable to a Pennsylvania State stamp.

ARM LACERATED .- About 8 o'clock this morning John Myers, a workman employed in Gillespie & Taylor's sugar refinery, St. John and Buttonwood streets, had one of his arms caught in some ma-chinery and badly lacerated. He was taken to the

A REAL ROMANCE.

Two Brothers About to be Reunited After Twenty Years' Separation-One an Editor, the Other Red Cloud's Interpreter.

This is a romantic story, whose plot might have been laid in the days of the crusades, of knight errantry and of chivalry, when young men, inspired by martial ardor and longing to distinguish themselves by martial deeds, home and friends and often were never heard of more. But it is not an ancient story. The plot is laid in more modern and more matter-of-fact The scene is laid in France, where a family circle is broken up for the first time by the departure of one of the sons, who was allured by the dazzling stories that floated over the ocean, and left his home and friends and sunny France to seek fortune and fame in this Western world. This was twenty years ago. The name of the adventurous youth was Charles Guerolt.

Three years after he left home, a younger brother, named Theophile, also followed the set-ting sun, and landed on the shores of America. He sought everywhere after his lost brother, but twenty years of a nomadic life brought notidings of him. After many vicissitudes, Theophile came to this city, where he now resides, and where he edits the French paper published

In Chicago the second scene is laid. One morning a few weeks ago, Theophile, like the rest of the reading world, saw in this paper an account of the arrival in Chicago of Red Cloud and his cotnemporary savages, who were on their way from Washington to their homes in the wilderness. The arrival of the famous warrior was of no special interest to him, and he would have passed the paragraph by but that the name of the interpreter accompanying the party was that of his brother Charles. The thought struck him that it might indeed be his brother.

He went to the Tremont House and asked to see him, but was disappointed in finding that Charles had gone before the Indians to the West. He then saw Red Cloud, and that gentlemanly and discriminating savage was struck with his resemblance to the interpreter, and several of the party expressed surprise at the wonderful likeness. He came away confident that he was

on his brother's trail at last. The final scene will be laid somewhere out on the prairies in an Indian camp, where the brothers will probably meet in a few days. Today Theophile starts for the West, going to Red

Cloud's dominions, where Charles is stationed. The supposition is that the interpreter made his way from Mexico to the Indian country, and then, surrounded by savages, became enamored of their wild mode of existence, and took up his abode among them, forgetting the home and friends of his youth. Truly, life is varied and full of vicissitudes .- Chicago Tribune, July 16.

N. Y. MONEY MARKET YESTERDAY.

From the N. Y. Herald.

From the N. Y. Herald.

"Wall street in the earlier hours of business to-day, and in fact up to the close of banking hours, settled into a steadiness and dulness which were in strong contrast to the busy scenes of the previous day. After three o'clock, however, and in the subsequent hour or two, the markets became suddenly active and took on animation enough to last many days in ordinary times.

"The speculative movements of the day again shinged upon the war news from Europe. In the forenoon the gold market was heavy in the absence of sensational telegrams from the other side, and especially as considerable realization took place on the part of those who were under the impression that there was still a chance for peace, as no blood had been yet shed on either side. Towards noon it was reported that the specie shipments to morrow would exceed five millions, while a bogus newspaper extra was circulated through the street announcing that the United States Minister at the control one of the hostile countries had been insulted—a circumstance highly calculated to complicate the complications of the present complicated situation. Gold in consequence ran up to 122. From this point it receded to 121%, and fluctuated between the two points until late in the afternoon, when the rumor spread that the Bank of France'shad suspended, and that angland was likely to be drawn fato the war. Cable telegrams at the same time reported a fresh panic on the London Stock Exchange and United States bonds at 80, the lowest point of the crisis. The effect on the gold market was another excited scene, in which the price ran up to 123%. At this point, however, the foreign bankers attempted to realize, one one the sale of only a few hundred thousand dollars broke the price to 122 within fifteen minutes. The market closed feversh at a reaction to 121.

"The money market was more active, and borrowers after one o'clock i aid seven per cent. on stocks. Before that hour the rate had been six per cent. on stocks. Before that hour the rate had be

double name acceptances.

"The dealings in foreign exchange were confined to sterling bills, which the leading bankers advanced to full specie shipping rates—viz., 110½ for 60 days and 110½ for sight. A few of the bankers were willing to draw france, but rates were extrawagent and nominal

"Late in the day it was announced that the specie shipment to morrow by the English steamer would be less than four millions."

LEGAL INTELLIGENCE.

A Hair Dye Difficulty.

Court of Quarter Sessions-Judge Paxson This morning Judge Paxson heard an argument for an injunction in the case of Charles A. Gillis, trading as R. P. Hall & Co., vs. Reuben P. Hall and Kendali F. Worcester, trading as R. P. Hall & Co. The complaint sets forth that the plaintiff and the defendant Hall were in June, 1865, partners in the business of making and selling a hair tonic, the plaintiff's interest being five-eighths; on the 15th day of that month Hall, for the consideration of \$30,000, sold to plaintin all his interest in the business, and since then the plaintiff has embarked a large capital in the business and has operated at home and abroad under the trade name of R. P. Hall & Co., naving the exclusive right to said name. For some time past the defendants have been engaged se-cretely in the preparation of a trade-mark, which is a fac simile of the plaintiff's, and have shipped a number of cases of this dye away under said imitation, much to the injury of plaintiff,s exclusive right, wherefore he prays an injunction to restrain them.

The answer of the defendants averred that a stipu-

lation in the sale was that, after plaintiff had made \$160,000 from the manufacture and sale of the stuff, Hall's right should revert to him, and he be at liberty to resume the business; that plaintiff has realized such sum, and therefore is entitled to no equitable

THE LATEST NEWS.

FROM WASHINGTON.

Despatch to the Associated Press.

WASHINGTON, July 20.—Secretary Boutwell to-day at noon opened the bids in his office for the exclusive privilege of catching fur seal on the islands of St. George and St. Paul, in Alaska, for twenty years from May 1, 1870. The follow-

S. E. Morgan & Co., of Morristown, Pa., \$75,000 per annum; J. W. Raymond, of San Francisco, \$96,000 per annum; J. Adams & Son, Philadelphia, \$105,500 per annum; Louis Goldston, of San Francisco, for Finchel & Co., American-Russian Commercial Co., and Taylor & Beadle, all of San Francisco, \$55,000 per annum for the rental and 6234 cents beyond the sum fixed by law for the skins, and 55 cents per gallon for all the oil obtained from their carcasses, the total of which, estimating that 100,000 seals would be killed every year, and two gallons of oil obtained from each carcass, would amount to \$227,500 per annum. C. M. Lockwood, of Oregon, at \$127,000 per annum: John Barnet, of Washington, \$156,000 per annum; J. Clinton Hastings, of San Francisco, \$168,000; John H. Bradford, of New York city, \$76,550; Alaska Commercial Company, \$65,000; Talbot F. Fowler, of Washington, \$77,000; Zellman K. Hannigan, of Terre Haute, Ind., \$73,000; John M. Davidson, of Washington, D. C., \$87,000; Thomas W. Sweney, of Philadelphia, \$111,000, and Lewis C. Welton, of New York, \$96,000.

The decision will be made at a future day. The following memorandum in reference to bids for the exclusive right to take for seals upon the islands of 8t. Paul and St. George was read before the persons present at the opening of the bids at noon to-day:-

First, The successful bidder will be required to deposit security within three days to the amount of \$50,000 in lawful money or bonds of the United States for the due execution of a contract agreeably to "Au act to prevent the extermination of fur-bearing animals in Alaska," approved July 1, 1870.

Second. It being apparent from the language employed in the act aforesaid that it was the intention of Congress to give a preference to the Alaska Commercial Co. in awarding the contract, I think it proper to state, before the bids are opened, that the contract will be awarded to said company if their proposal shall be not more than ten per cent. below that of the highest bidder.

Third. No bid will be accepted unless made by a responsible party acquainted with the business or skilled in kindred pursuits to such an extent as to render it probable that the contract will be so executed as to secure the results contemplated by the laws.

DROPOSALS FOR CONSTRUCTION OF A SIDE-WHEEL STEAMER OF WOOD FOR REVENUE MARINE SERVICE.

TREASURY DEPARTMENT, } WASHINGTON, D. C., June 1, 1870. Separate Sealed Proposals will be received at this Department until 12 o'clock FRIDAY, July 29, 1870, for building one side-wheel steamer, of wood, of 259 tons (O. M.), for the revenue marine service

for the Pacific coast, to be delivered at the port of San Francisco. Measurements for tennage to be according to the old Custom House rule, taking the length on load line from forward part of stem to after part of sternnost, breadth of beam moulded, and depth from

under part of deck to top of ceiling. General specifications for the above vessel will be furnished bidders on application at Custom House at Boston, New York, Philadelphia, Baltimore, and San Francisco.

A guaranteed speed of twelve knots on a trial course of a mile, and eleven knots for six consecutive hours, will be required. Favorable consideration will be given to bids in

accordance with the rate of speed guaranteed in excess of the rate above stip dated. The work will be carried on under the personal supervision of an agent the Treasury Department, and all facilities m ast be afforded him for inspecting the material and workmanship. Such parts of either as are not in accordance with the drawings and specifications will be rejected, and

must be made good by the contractor. No bid will be considered for this vessel except from parties regularly engaged in ship-building. The Department reserves the right to reject any

and all bids. Each bid must be accompanied by a written guarantee signed by the bidder and competent surety (certified to be such by some officer known to the Department), in the sum of twenty thousand dollars (\$20,000), that in the event of the acceptance of such old the necessary contract will be entered into within ten days after notice is given by the Department that the bid has been accepted.

The bid should state the sum for which such vessel will be completed and delivered as aforesaid. Seven months from the time of signing the contract will be allowed for the completion of the

vessel. A copy of the plans and specifications must be enlosed with the bid as evidence as to the object of the proposal. All proposals must be signed, sealed, and endorsed

Proposals for Revenue Steamer," and enclosed in an envelope addressed to Secretary of the Treasury, Washington, D. C. Any bidder may be present and witness the opening of the blds. Bidders will be required to furnish with their bids a general plan and elevation showing the internal

sition of the several parts. Parties whose bids are accepted will be required to furnish acceptable models with detailed specificaions before closing contracts.

The Era of Revolutions.

MEDICAL

If the jog-trot slaves of precedent and routine who flourished a century ago could now revisit the scenes of their former labors, how completely they would be taken aback by the wholesome innovations which modern skill, knowledge, and enterprise have made upon their musty precepts and purblind practice! In medicine, especially, we have got en-tirely out of the old worn-out grooves, and taken a

new and more philosophical road to health. The German School of Medical Chemistry is perhaps the most progressive and successful. It has repudiated the stereotyped potions of the past, and substituted in their stead a new class of alteratives and restoratives capable, it would seem, of working wonders. Prominent, perhaps foremost, among these stand the well-known household remedies-

HOOFLAND'S GERMAN BITTERS.

HOOFLAND'S GERMAN TONIO.

AND

HOOFLAND'S PODOPHYLLIN PILLS.

They are the Greatest Known Remedies For Liver Complaint, Dyspepsia, Nervous Debitity, Jaundice, Disease of the Kidneys, Eruptions of the Skin, and all diseases arising from a Disordered Liver, Stomach, or IMPURITY

OF THE BLOOD. These medicines have acquired a reputation exceeded by none, and when we see such names as those of Chief Justice Thompson, ex-Chief Justice Woodward, Justice Sharswood, Mayor Rogers, of Buffalo, New York, together with those of the leading clergy of the country, and prominent statesmen and citizens, appended to strong testimonials in favor of these popular preparations, we recognize the evidence thus volunteered as unimpeachable and conclusive. Such men do not give their sanction and approval to articles which they do not KNOW to be of sterling excellence, and therefore when they state through the columns of the press that HOOF-LAND'S GERMAN BITTERS is a valuable medicine in cases of Indigestion and Dyspepsia, "of great benefit in cases of Debility and want of Nervous action," and "a safe and valuable preparation for General Debility and Liver Complaint," we feel assured that they speak from actual EXPERIENCE and OBSERVATION, and with a due sense of the weight of their influence and of the words they

employ. The testimony in relation to the TONIC, which contains a stimulating element smitted in the Bitters, is equally satisfactory.

Hoofland's German Tonic

Was compounded for those not inclined to extreme bitters, and is intended for use in cases when some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure Santa CRUZ RUM, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is \$1.50 per bottle, which many persons think too high. They must take into consideration. that the stimulant used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients, and they who expect to obtain a cheap compound and be-

benefited will most certainly be deceived.

Is also highly extelled and pronounced to be the most efficient Cathartic known to the Medical World. Being composed of the ACTIVE PRINCIPLE of Mandrake, in combination with other effective ingredients, they act more powerfully upon the Liverand Secretive Organs than any other Pills. Their

operation is free from griping or nausea. Two Pilis a Dose.

It does not require a handful of them to produce the desired effect. From personal experience and otherwise, we have no hesitation in saying that, taken in connection with the Bitters and Tonic, they will speedily cure the most severe and long-standing cases of Liver Complaints, Constipation, or any other

derangements of the organs of digestion. The Phis will Purify the Blood, will thoroughly cleanse the Liver of all unhealthy impurities, and relieve the Stomach and Bowels, while the Bitters or Tonic strengthens and adds new life to the entire system, enables the Stomach to digest the food, and transforms the sickly, emaciated, weak, and feeblehody into one of health, strength, and vigor.
