ACCEPTS THE NOMINATION FOR GOVERNOR OF MASSACHUSETTS-HIS LETTER OF ACCEPT-NCE.

Boston, Sept. 12.-Wendell Phillips acats the nomination for Governor in the folving letter:

have no wish to be Governor of Massansetts, and flattering as is this confidence, horoughly dislike to have my name drawn o party politics, for I belong to no poli-d party; but I see nothing in your plat-m from which I dissent, and the struggle ich underlies your movement has my lest and heartiest sympathy. Capital and or are partners, not enemies. They stand to face in order to bring about a proper ision of common profit. I am fully conced that hitherto legislation has leaned too ab leaned most certainly toward assist. ch, leaned most certainly toward capital.

lereafter we should be impartial. The should do all it can to give the masses re leisure, more complete education, better cortunities, and a fair share of the profits. s a shame to our Christian city and civilion for our social system to provide and ect that one man at seventy years of age alld be lord of many thousands of dollars. le hundreds of other men, who have made good use of their talents and opportunities, a on charity for their daily bread. Of ree there must be irregularities, but the

minds and heads of the land should give selves to the work of changing this ss injustice, this appalling inequality. I sure that the readiest way to turn public ught and effort into this channel is for the kingmen to organize a political party.

social question never gets fearlessly ted here until we make politics turn on The real American college is the ballot-, and on questions like these a political has the surest and readiest way to stir sion and secure improvement. If my he will strengthen your movement you are come to it. Allow me to add, though king for a large vote, if we fail we should be discouraged by a small one. LAST NIGHT'S DESPATCHES.

THE PRUSSIANS NEAR THE WALLS OF PARIS-CONTRADICTORY REPORTS CONCERNING AN ARMISTICE-THE REVOLUTION IN ITALY-THE

ARMISTICE—THE REVOLUTION IN ITALY—THE BALTIC BLOCKADE INEFFECTIVE.

PARIS, Sept. 12—Mr. Washburne to-day, while on his way to the central telegraph office, to send a dispatch, was recognized in front of the building by the crowd. He was cheered, and the crowd increasing the minister received a most enthusiastic ovation. Mr. Washburne was much moved.

This evening the employes of the telegraph companies and many others assembled in front of the American legation and made another demonstration in honor of the government of the United States and its representative.

La France says that while the Republic is everywhere welcomed, the delay in the meeting of the Constitutional Assembly is a cause of dissatisfaction. The supreme tribunals of law have removed to Tours, where they are now in session.

PARIS, Sept. 12, 10 A. M.—The government has dispatched M. Thiers on a secret mission to London. Vienna and St. Petersburg.

The government declares that the right of printing and publishing is free.

At 1.30 this evening a heavy skirmish took place between eight squadrons of French dragoons, which garrisoned Chateau Thierry, and the Prussian ad-vanced guard, and the latter was repulsed. Thionville, Montmedy and Strasburg resist vig-

The Gaulois reports that England, in the name of the neutral Powers, asks the King of Prussia for a fifteen days, armistice. No reply has been received, but there are fair prospects of assent.

Paris, Sept. 12.—[Special to the New York Horald.]—It is asserted that McMahon asked to retreat from Sedan to Paris, but was prevented by orders of Palikao. He will justify himself to the public when he has recovered from his wounds.

Several of the Garde Mobile, belonging to wealthy families, have disappeared, and these deserters have been denounced before military tribunals. Trochu has called on them to return to their posts or take the consequences. their posts or take the consequences.

It is said that Bazaine has made a successful

sortie from Metz.

The Bourse is firmer and Rentes have advanced four francs. Four generals, one colonel and five commandants have been sent to a German fortress for refusing to

sign the capitulation at Sedan.

Among the new appointments are those of two young men employed on journals at 300 and 200 francs per month who have been named as prefects. Political meetings are announced for next week to bring forward candidates for the new Assembly. J RHEIMS, Sept. 6.—[Special to the New York Tribune.]—The King's headquarters were established here yesterday, and are to remain until the 9th, to give all the troops time to come up, and concentrate, including what can be spared from Metz. Seven northern German corps, besides two Bavarian and Wirtemberg corps, are on the road unhindered.

hindered.

According to the official reports six full cavalry divisions are expected to reach Paris on September 13 and 14. When the regiments now coming forward arrive, and the reserves, also on the way, join their regiments, the German army will cartainly reach and probably exceed 400,000 men. The people everywhe e reproach the Emperor, but do not favor the Republic. They are all anxious for peace, and they are mostly in favor of the Comt de Paris.

Berlin, Sept. 9.—[Special to the New York

de Paris.

Berlin, Sept. 9.—[Special to the New York Tribune.]—The Duke of Mecklenberg with the last and 7th divisions of the 9th corps heretofor in Schleswig-Holstein, and two divisions of reserves and landwehr, being the army formed at Hamburg on the Palatinate, is on the way to Paris. Here and elsewhere, all the line troops and reserve battalions have gone, and the guard and garrison service is performed by landwehr. Mustering here and at Torgan, in Silesia, continues. The landwehr officers absolved from military obligations years ago, are notified to hold themselves for eventual service.

Bismarck has said that he will have such a trenendous force in France as must crush resistance, and especially prevent everywhere the organiza-tion of new forces. But for the national clamor for Alsace and Lorraine, it is certain that Bismarck would be content with Metz and Strasburg held as

would be content with Metz and Strasburg held as national fortresses.

It is reported that Bazaine not only refused capitulation, when informed that the Emperor and McMahon's army were prisoners and when the Emperor advised the surrender of Metz, but declared, in a towering passion, that he would not respect Nareleavily wishes, and would shoot any French Sapoleon's wishes, and would shoot any French officer advising surrender.

It is believed that Russia and Austria have re-

jected all overtures, and will not stir for republican France. The Journal de St. Peterzburg (semi-official), tells France substantially that she had better yield Alsace, and so much of Lorraine as Germany

The recognition of the French Republic by America was to be expected, but the Berlin Foreign Office thinks that the extreme warmth of America's declaration implies a partial withdrawal of sympathy from Prussia, following so closely after Secretary Fish's refusal to protest against the expulsion of the Germans from France.

The Baltic blockade is ineffective, and vessels enter and leave Dantzig and Konigsburg freely. The French fleet has great difficulty in getting coal The expenses are enormous, and the blockade will probably soon be abandoned.

BRUSSELS, Sept. 12, 4 P. M., via LONDON.—Italy, Austria and Russia are agreed in principle, and have authorized Russia to ask Prussia for an armistice. A dispatch to that effect has been sent by telegraph to Berlin, but no answer has yet been received.

A convoy of French wounded has arrived here.
London, Sept. 12—An outbreak is reported in the province of Viterbo. The people surrounded the Papal zouaves in their intrenchments at Viterbo, Mountfissorie, and Valentano, and threatened to attack them. Order was restored in the name of the King of Italy.

The Daily Telegraph has a special dispatch stating that an arrangement for the occupation of the Papal territory has been agreed to. A plebiacium is to be taken by which the inh bitants are to decide for the Pope or King as their civil ruler, the decide for the Pope or King as their civil ruler, the decide for the pope of King as their civil ruler, the decide for the Pope of King as their civil ruler, the the Italian troops will hold the Roman territory until the voting is over, and if the result is adverse to the King he will withdraw.

The journal hopes the Pontiff will accept the guardianship of the Italian government.

The Inconstant brings news of the loss of the ironclad Captain. She reports that the Captain before sailing narrowly escaped destruction by fire. The packing of her feed-pipe ignited, and had made considerable progress before it was discovered. It was extinguished with difficulty. During the gale one of her heavy guns got loose from its fastenings, in consequence of the tremendous rolling of the ship, and, suddenly carcening, struck a gunner and killed him instantly.

The Shipping Gazette demands a strict investigation. The British public should know how one of the staunchest vessels afloat foundered in weather which a collier might have outlived.

Rome, Sept. 12.—[Special to New York Tribune.] The troops have crossed the frontier. General Cadona has issued a proclamation to the Roman people. There is great enthusiasm and excitement among the troops and people. France has recalled all the French soldiers under the Papal flag, 2000 in number. Many towns in the Papal States have already proclaimed provisional governments.

London, Sept. 12.—[Special to the New York World.]—Paris will fight to the last, and Trochu is satisfied that he can hold out. A part of the enemy's forces are to be near the walls on Tuesday, and the rest will follow rapidly. The people are speculating as to where the bombs will fail. The walls are one and a half miles from the outer boulevards, and the outlying forts are a mile from the walls. So the enemy's guns must take a position three miles from the outer boulevards. This allays the flears of the citizens.

In the meantime negotiations are very actively going on.

The statement of the Gaulois that England demands an armistice is not true.

## WAR'S DOINGS.

Important to Dry Goods Buyers.

Owing to the unfortunate state of affairs on the Continent of Europe, there is a moral certainty of ALL EUROPEAN GOODS being advanced in price; in fact, already importers of SILKS are asking a large percentage over last season's prices, and goods are scarce at that. We have qu'te a good stock on hand of

Silks, Shawls, and Dress Goods, Which we propose FOR THE PRESENT to sell at old prices, not putting on one cent advance. Also,

FRENCH AND LLAMA LACES. Which it will pay well to buy now at old prices, even to keep for next summer. Also, BLACK CRAPES AND CRAPE VEILS, and BLACK ALPACAS, MOHAIRS, and DELAINES, and KID GLOVES, CORSETS, and LINEN GOODS, We would advise our friends to lay in their stock of the above goods for family use.
