CITY INTERDIGENCE, LEGISLATION AT HARRISBURG.

The Manner in which Members Grow Rich. The following interesting letter has been forwarded to THE EVENING TELEGRAPH in consequence of certain articles which have at various times appeared in its columns, and it serves to show the manner'in which the names of gentlemen are used at Harrisburg, for the pecuniary benefit of members. In reply to Mr. Gregory, The Tele-unarn defires to inform him that his name appeared as a corporator in the City Sewage Bill and the Phinadelphia Telegraph Bill, and that the corporators is both of these institutions, neither of which has as yet got into working order, have organized and signed off the stock. He must have been present at both of these meetings, or his name forged to the quence of ceresin articles which have at various signed off the stock. He must have been present at both of these meetings, or his name forged to the necessary documents. In the latter event, Mr. Gregory might do the city a great service, as it is fair to infer that a forgery in such a case would render the charters null and void.

BOARD OF ALDERMEN.

The October Election-Appointment of Judges and Inspectors.

The Board of Aldermen met in Common Council

Chamber this morning for the purpose of appointing Judges and Inspectors to conduct the October elec-tion. There was a full attendance of members. Alderman David Beitler presided, Alderman McMullin inquired if a motion would be

in order to reconsider the action of the Board at the last meeting in reference to the appointment of election officers. Alderman Beitler said he did not think such a mo-

tion was in order.

Alderman McMullin then suggested and moved that the appointments be made ward by ward, no ward to be commenced until the preceding one is Alderman Dougherty called for a division of the question, and Alderman McMul in requested that

tellers be appointed.
The motion was lost—yeas 29, nays 32. Alderman Samuel Jones offered a resolution naming the election officers for every division in

the city.

The list of names was then read by the clerk. Alderman Kerr moved to amend by striking out the name of Edward Lynch in the Sixth Division of the Eleventh ward, and inserting William Colcher. He gave as a reason for his amendment that Lynca voted the whole Republican ticket at the last elec-tion, and he should not be fastened on the minority as a Democrat.

The motion to amend was lost,
Alderman McMullin moved to amend the resolution by striking out the names of all persons named by the majority as Democratic officers and insert a long list of names selected by the minority. Tals list the Alderman read, and took his time to it. Alderman McMullin's motion was lost—yeas, 23;

Alderman McMullin said that the majority were acting in a manner which would require the mino-rity to appoint watchers, and thus saddle the city with an expense of thousands of dollars. The original resolution, naming the election offi-cers for all of the divisions of the city, was adopted _veas. 42: navs. 24.

Alderman Kerr moved that the Clerk of the Board be directed to furnish the original list of election officers to the reporters of the afternoon papers.

To this Alderman Jones, Alderman Johnson, and Alderman Sutphin objected.

Alderman Jones moved an amendment to the effect that the Clerk be instructed to make a copy for the reporters, and furnish the same at his earli Alderman Kerr-Are you afraid to trust the reporters? Is it your intention to retain possession of the list and alter it to suit your own party ends? Alderman Jones—You would like it to go into the

reporters' possession. I think that is your object.
Alderman McMullin—They are all of your way of thinking.
Alderman Kerr moved a substitute for Alderman
Jones' motion that the Clerk be instructed to make

forthwith a copy for the newspapers.

This motion was carried.

After the transaction of some unimportant business the meeting was declared adjourned. ROW AMONG DEMOCRATIC ALDERMEN.

As members were leaving the Chamber a disturbance occurred near the door between several of the Democratic Aldermen. It first originated in the Chamber between Alderman Riddle of the Sixteenth ward and Alderman McMullin of the Fourth ward. When the vote was taken on the motion to recon-sider the action of the board in reference to the appointment of election officers, Alderman Riddle was found to be absent. This excited the ire of the Democrats present, and when he appeared harsh words were said concerning his disappearance.

Just previous to the adjournment Alderman Mc-

Mullin remarked that the voters in the Sixteenth ward would look after their faithful representative in the board, whereupon Alderman Riddle reponded in rather a sarcastic way.
At the door of the chamber a fight was commenced, but between whom it was impossible to

Soon after order was restored, Alderman Riddle put in an appearance in the Chamber with his face and clothing covered with blood. He represented that he had been attacked by his Democratic brethren in the entry way. He was struck several times and knocked down. Alderman Jones and Republican members interfered and put a stop to the disgraceful proceedings.

Mr. Meyer, recalling the subject of the communi-cation from Mr. Evans, asked if the papers were not too personal to be allowed on the minutes of the association. He did not wish to reject the communication but only prevent it from being published. It is a personal attack on Mr. Fairlie, and if that is published we must publish also whatever Mr. Fairlie might see fit to send at another time.

On motion the vote of the convention accepting he communication was reconsidered. It was moved that the communication be received but not placed on the minutes, and that the tabular statement accompanying it be published.

Attacking the Prussian Advance.

Paris, Sept. 16 .- (Special to the New York Telegram.)-This morning a corps of the army of occupation left this city for the purpose of attacking the advance guard of the Prussian army, who are known to be in the immediate suburbs of the city. This movement was made in consequence of positive information having been obtained by General Trochu, by means of the subterraneous communication with the suburbs of Paris, that the outposts of the Prussiah army were located on the northeast and southeast of the capital. The Terrible Uhlans in Paris.

Several Uhlans were arrested this morning in Paris disguised as citizens, and were immediately taken to the office of the Minister of the Interior. It is expected they will meet the same fate that has been awarded to all other spies captured in the city. The Work of Devastation.

The Prussian army still continues its work of devastation and destruction. To-day they took possession of the railroad station at Chantilly, where they captured a train, detained the passengers, and confiscated their baggage. Another train, which was in motion as the Prussian advance entered the station, was fired upon by the troops, but succeeded in escaping from the enemy.

The Boy Stood on the Burning Deck. The enthusiasm of the inhabitants of Paris and their determination to defend the city may be realized somewhat by the fact that one of the Rothschilds, a young member of that eminent banking firm, has shouldered a chassepot and is daily doing duty on the ramparts of the city side by side with mere laborers. The Garde Mobile

are constantly arriving in large numbers to swell the army of defense. Scarcity of Printing Paper. In consequence of the scarcity of paper all the newspapers printed in the city appear this

morning curtailed to half their usual size. Emile Girardin has to-day announced through his journal that he has retired from the cares and anxieties of political life, and that he desires no nomination to any office under the Republic.

A private letter from Tennessee states that the Democrats of the Green ville district have determined to run Andrew Johnson for Congress whether he receives a nomination or not. It is believed that Johnson will be elected over all the Democratic candidates in the district. Second Pennsylvanta District. It is understood that while Senator Wilson, Chair-man of the National Republican Committee, is in

man of the National Republican Committee, is in Philadelphia he will endeavor to heal the dissensions in the Second Congressional district. Mr. Wilson has expressed the opinion that Mr. O'Neil, is the regular nominee of the party, and should be so considered by the Republican voters of the district.
