Death of Queen Kalama-The Alleged Refusal of the American Censul to Pay Proper Respect to the Decensed.

A late arrival brings us Hawalian advices to the 24th ult. We make the following extracts from the Honolulu Commercial Advertiser of in two of his most amusing personations, "Dr. that date. Mr. Adamson is a Philadelphian, and Pangloss, LL. D. and A. S. S.," and "Fim thy the passages relating to him will be read here with a special interest:-

Beath of Her Majesty the Dowager Queen Kalama.

Kalama. Her Majesty Queen Kalama, the widow of Kamchameha the Good, expired at her resi-dence in this city on Tuesday last, the 20th ult., after a very long and painful illuers. The de-ceased Queen Dowager was fifty-three years of age at the time of her death, having been born in 1817, at a small village near Kailua, in Kona, Hawaii. Married to Kamehameha III in 1837. by the Rev. Hiram Bingham, she was, during the lifetime of the King, highly respected and beloved by all. She possessed a native dignity and refinement of manner, combined with a continue with a second that the second secon to the foreigner, as well as a kind and liberal atroness of her own people, and dies sincerely mourned by all.

A High-handed Proceeding. On Wednesday the habitues of Queen street were witnesses to a most remarkable scene, no less than the landing of a file of marines from the U. S. ship Jamestown, under Lieut. Coch-rane, who charged upon the United States Con-sulate and carried it by force, after a short but affant resistance on the part of the Consul and Vice Consul. The cause of this civil war (on a small scale) was the refusal by Mr. Adamson, the Consul, to lower his flag to half-mast.

It will be remembered that about a month ince it was rumored that the Queen Dowager Kalama was dead, and that upon this rumor the dags of the British and French legations were set at balf mast, and were flying that way the best part of the forenoon, when the rumor was found to be false. The Queen Dowager has lin-gered along through the month and died on Tuesday forenoon last, when official communication was sent from the Foreign Office to representatives of foreign govern-ments, and, when received, their flags were set at half-mast. It was noticed that the flag at the United States Consulate was not lowered, and the fact became subject of remark. Mr. Adamson stated that he had not received official notification of the death of the distinguished lady, and bearing in mind the mistake made by the British and French legations, through lack of official information, he pa-tiently waited for the proper notification from his superior officer, the United States Minister Resident.

On Wednesday forenoon an officer from the Jamestown waited on Mr. Adamson and stated that the commander of that vessel ordered that the consulate flag should be lowered to halfmast, giving as a reason that the Queen Dowager was dead, and that the flag should be so set as long as the war vessels in the harbor kept their flags in that position. Mr. Adamson replied that as the superior in rank of Commander Truxton he should not receive orders from him, but would respect and obey the orders of his superior the Minister Resident.

At a little after noon a file of marines landed and took charge of the stairway leading to the Consulate, while their commander started for the residence of the Consul, with whom he soon appeared. Lieutenant Cochrane stated that he had been ordered to land and lower the flag at the Consulate. Mr. Adamson replied that he would not permit the act. Lieutenant Cochrane stated that he should be compelled to use force. Mr. Adamson said he should resist, and with the Vice-Consul, Mr. Christie, went to the door to prevent the ingress of the marines, but after a smart scuffle they yielded to superior force, and the flag was lowered. Soon after the marines had retired the Minis-

ter Resident sent orders deposing Mr. Adamson, and authorizing Mr. Christie, Vice-Consul, to take charge of the Consulate, both of which were responded to.

The quarnel, as it stands between the several United States officials, is none of ours; but we may be allowed to protest at the course taken by the commander of the Jamestown, in landing a force upon our shores, as an insult to this Government. American interests here cannot be benefited or promoted by such outrageous proceedings.

FROM EUROPE.

The Pressian Communications. Tours, Oct. 17 .- The Moniteur notes with disgust the utter absence of any efforts thus far to cut the railway communications behind the Prussians and thus jeopardize their supplies. Mr. Adamson's Recall.

A late mail brought advices that President Grant had nominated a Mr. Lowry, of Pennsyl-vania, as United States Consul at this port. We believe we express the opinion of a very large majority of our citizens, when we say the news of the appointment of Mr. Adamson's successor caused profound regret. In the year that Mr. Adamson has held the position of Consul, he has won the respect and esteem of our best citizens, because of the conviction, often publicly expressed, that he had honestly, conscientiously, Because he meted out full justice to the seamen of the American whaling fleet, he has been bitterly opposed by the masters and owners of the terly opposed by the masters and owners of the fieet. Under their blows, not fairly dealt, he has had to succumb. The New Bedford dele-gation so manipulated the Committee on Com-merce of the United States Senate that Mr. Adamson's appointment was not presented to the Senate for confirmation before adjournment, and for this cause, and this only, he must leave

this post. Mr. Adamson's issue with the whaling mag-nates of New Bedford has some features in common with our issue with the sugar planters. It is the oft-repeated struggle between labor and capital, and Mr. Adamson has manfully battled for the rights of the laborer against the abuses for the rights of the laborer against the abuses which seem to be inherent with power as repre-sented by capital. We should much prefer to be in Mr. Adamson's position rather than that of the parties who have so unfairly and per-sistently sought his removal. The best wishes of this community go with Mr. Adamson.

A CROSS HUSBAND.-Mrs. Smith-The fact is, my husband is becoming so outrageously cross and nervous that there is no living with him. He pretends one day that he has got the dyspepsia; the next day liver complaint; the next is sick, with no appetite-declares that there is nothing on the table fit to eat, and so on. It is all nonsense, and nothing but his confounded ugliness. From the very bottom of my heart, I believe he wants to worry me to death.

Lady Friend-Mrs. Smith, I think you are wrong. No woman has a kinder or more indulgent husband than you. I must confess that I have noticed a change in Mr. Smith; but am inclined to think that all he wants is a tonic; and/if I were you, I would not be a day without PLANTATION BITTERS in the house. Make him take them moderately three times a day, and in a short time I think you will see a change. My experience is that Plantation Bitters is one of the best and most delicious tonics in the world; and that for nervousness, loss of appetite, dyspepsia, and all kindred complaints, there is nothing so good.
